

Petition to Appeal Rates Established by the City of Willow Park
WPWW
101 Stagecoach Trail
Willow Park, Texas 76087

Sept. 20, 2005 (Ord. No. 548-05)

The undersigned ratepayers of WPWW hereby appeal the decision of the board of directors of the City of Willow Park affecting the rates charged to them by WPWW. The rate change date was not on the notice mailed out to the former Deer Creek Water customers, and affected the rates charged for water utility service. The undersigned request that the Texas Commission on Environmental Quality review the decision to determine if the rates established are just and reasonable. The old rates charged by the service provider are \$18.00 minimum bill first 2000 gallons, and the new rates are \$36.50 minimum bill. Tiered Rates are 0-7500 \$3.05, 7501-15000 \$3.40, 15001-20000 \$3.70, 20001-25000 \$4.30, 25001-30000 \$4.90, 30001-35000 \$5.50, 35001-40000 \$6.15, 40001-45000 \$6.75, 45001-50000 \$7.35, 50001-75000 \$8.60, 75001-over \$12.25. The letter sent out to Deer Creek Water customers before the purchase by the City of Willow park, stated there would be NO rate change for base rate and first 7500 gallons (\$2.50 per K first 7500 gallons):tiered after 7500 gallons. The undersigned designate Linda K. Abel as their representative on this matter.

Correspondence to the ratepayers' representative may be directed to Mrs. Linda K. Abel, 103 Hillside Dr., Aledo, Texas 76008. Phone 817-441-7714. Effective date: Nov. 15, 2005.

Petition to Appeal Rates Established by the City of Willow Park
 WPWW
 101 Stagecoach Trail
 Willow Park, Texas 76087

Sept. 20, 2005 (Ord. No. 543-05)

The undersigned ratepayers of WPWW hereby appeal the decision of the board of directors of the City of Willow Park affecting the rates charged to them by WPWW. The rate change date was not on the notice mailed out to the former Deer Creek Water customers, and affected the rates charged for water utility service. The undersigned request that the Texas Commission on Environmental Quality review the decision to determine if the rates established are just and reasonable. The old rates charged by the service provider are \$18.00 minimum bill first 2000 gallons, and the new rates are \$36.50 minimum bill. Tiered Rates are 0-7500 \$3.05, 7501-15000 \$3.40, 15001-20000 \$3.70, 20001-25000 \$4.30, 25001-30000 \$4.90, 30001-35000 \$5.50, 35001-40000 \$6.15, 40001-45000 \$6.75, 45001-50000 \$7.35, 50001-75000 \$8.60, 75001-over \$12.25. Petition to Appeal Water Rates Established by the City of Willow Park

The undersigned ratepayers of the City of Willow Park, Texas, residing outside the City, hereby appeal the decision of the City affecting the rates charged to them by the City, in Ordinance 545-05, dated September 20, 2005. The effective date of the rate change is believed to be November 15, 2005, although the undersigned have received conflicting information about the effective date. A copy of a notice from the City indicating an effective date of November 15, 2005 is attached to the original of this petition. The undersigned request that the TCEQ review the decision to determine if the rates established are just and reasonable. The rates charged by the previous service provider were minimum bills of \$20.00 and \$33.90, the new rates have a minimum bill of \$56.41 for 3/4" meters, and a minimum bill of \$76.32 for 1" meters. Volume rates are 100% to almost 400% higher than previous rates. These are not reasonable increases. They do not reflect the reasonable rates from efficient providers of capturing, storing, producing and delivering water. We should not reward inefficient water providers by passing their inflated water rates onto consumers that will have no choices. We and the public interest will be adversely affected in numerous ways, including: large increases in water bills; increased drilling of expensive irrigation wells further increasing the risk of wasteful use of water; and much higher rates in our neighborhoods, compared to surrounding communities.

The undersigned designate Chris Waun and Bill Adams as their representatives on this matter. Correspondence to the ratepayers' representatives may be directed to Mr Chris Waun, 129 Devon Court., Weatherford, Texas 76087. - Phone 817-341-1027, and Mr. Bill Adams, President, Stone Creek Farms Homeowners' Association, 1401 Claiborne Lane, Aledo, Texas 76008, phone 817-850-0063.

They do not reflect the reasonable rates from efficient providers of capturing, storing, producing and delivering water. We should not reward inefficient water providers by passing their inflated water rates onto consumers that will have no choices. We and the public interest will be adversely affected in numerous ways, including: large increases in water bills; increased drilling of expensive irrigation wells further increasing the risk of wasteful use of water; and much higher rates in our neighborhoods, compared to surrounding communities.

Petition to Appeal Water Rates Established by the City of Willow Park

The undersigned ratepayers of the City of Willow Park, Texas, residing outside the City, hereby appeal the decision of the City affecting the rates charged to them by the City, in Ordinance 545-05, dated September 20, 2005. The effective date of the rate change is believed to be November 15, 2005, although the undersigned have received conflicting information about the effective date. A copy of a notice from the City indicating an effective date of November 15, 2005 is attached to the original of this petition. The undersigned request that the TCEQ review the decision to determine if the rates established are just and reasonable. The rates charged by the previous service provider were minimum bills of \$20.00 and \$33.40, the new rates have a minimum bill of \$56.41 for 3/4" meters, and a minimum bill of \$76.32 for 1" meters. Volume rates are 100% to almost 400% higher than previous rates. These are not reasonable increases. They do not reflect the reasonable rates from efficient providers of capturing, storing, producing and delivering water. A copy of a notice from the City indicating an effective date of November 15, 2005 is attached to the original of this petition. The undersigned request that the TCEQ review the decision to determine if the rates established are just and reasonable. The rates charged by the previous service provider were minimum bills of \$20.00 and \$33.40, the new rates have a minimum bill of \$56.41 for 3/4" meters, and a minimum bill of \$76.32 for 1" meters. Volume rates are 100% to almost 400% higher than previous rates. These are not reasonable increases. They do not reflect the reasonable rates from efficient providers of capturing, storing, producing and delivering water. We should not reward inefficient water providers by passing their inflated water rates onto consumers that will have no choices. We and the public interest will be adversely affected in numerous ways, including: large increases in water bills; increased drilling of expensive irrigation wells further increasing the risk of wasteful use of water; and much higher rates in our neighborhoods, compared to surrounding communities.

The undersigned designate Chris Waun and Bill Adams as their representatives on this matter. Correspondence to the ratepayers' representatives may be directed to Mr Chris Waun, 129 Devon Court., Weatherford, Texas 76087. - Phone 817-341-1027, and Mr. Bill Adams, President, Stone Creek Farms Homeowners' Association, 1401 Claiborne Lane, Aledo, Texas 76008, phone 817-850-0063.
