COMPREHENSIVE TRAINING FOR PARENTING COORDINATORS AND DECISION-MAKERS

14-10-128.3

DECISION-
MAKER

An extensive, two-day training for
Parenting Coordinators, Decision-
Makers and other professionals who
may want to become
PCs and D-Ms.

What is a Parenting Coordinator or Decision-Maker?

The Parenting Coordinator and Decision-Maker are relatively new roles that first became effective in Colorado in 2005 and then were amended in 2009. The parenting coordinator (PC) and decision-maker (DM) work with high conflict parents to aid them in their parenting to keep the children out of the middle of their conflict. In Colorado, a parenting coordinator is a neutral third party who assists in the resolution of disputes between the parties concerning parental responsibilities and in implementing the parenting plan. The decision-maker, who may or may not be the PC, is authorized to make binding decisions to resolve disputes between the parties in implementing or clarifying their orders.

Who Should Take this Training?

If you have been appointed to either of these roles or are a mediator, allocation of parental responsibilities evaluator, CFI, children's legal representative, or mental health or legal professional who may want to serve as a PC or DM, this comprehensive training is for you.

Parents who continue in chronic high conflict and persist in ongoing litigation frustrate and puzzle professionals and burden our courts. This workshop will describe the new interventions helpful in reducing parental conflict, focusing on understanding the psychological dynamics of the parents and the impact of the conflict on the children. The parenting coordination and decision-making processes, structure and roles which have been approved in CRS 14-10-128.1 and 128.3 will be described, emphasizing the practical aspects of serving as a parenting coordinator or decision-maker. The use of parenting coordination and/or decision-making in cases with allegations of domestic violence, alienation and child abuse will be discussed as well as the types of cases which are not appropriate for parenting coordination and/or decision-making. This workshop will also discuss the ethical issues inherent in this role and present an overview of best practices.
