The purpose of this letter is to provide information to counties on the process for new and continuing participation in the Transitional Housing Placement Program (THPP) and/or Transitional Housing Program-Plus (THP-Plus) in the 2009/10 Fiscal Year (FY). These letters assist the California Department of Social Services (CDSS) in the budgeting process. However, neither the Letter of Intent nor a subsequently approved county plan is a guarantee of funding. Funding of the programs is subject to appropriation in the 2009/10 FY.

REASON FOR THIS TRANSMITTAL

- State Law Change
- Federal Law or Regulation Change
- Court Order
- Clarification Requested by One or More Counties
- Initiated by CDSS

The goal of both programs is to provide participants with safe living environments while helping them learn and practice life skills in order to achieve self-sufficiency. The THPP provides the opportunity for youth in foster care, who are at least 16 and under 19 years old, to develop independent living and employment skills. THP-Plus serves individuals who are at least 18 and under 24 years old who have aged out of the foster care system. Both programs provide the greatest amount of freedom possible in order to adequately prepare the participants for self-sufficiency. Counties electing to participate in the programs provide supervised independent living housing and support services.

Letter of Intent

The Letter of Intent must be received by the CDSS' Independent Living Program Policy Unit no later than **November 14, 2008**.

The attached Letter of Intent instructions, and the sample letter, outline the information necessary for participation in the programs. Counties that already have approval for THPP and THP-Plus participation are also required to submit a Letter of Intent by the indicated deadline. Funding for these programs is currently limited.

County and Provider Plans

In addition to the Letter of Intent, THPP and/or THP-Plus county and provider plans must be submitted to the CDSS by those counties who have revised their plans or are implementing a new program. The deadline for submitting these plans is **February 1, 2009**. Counties that have approved county and provider plans are instructed to review the plans in accordance with current regulations and, if necessary, make revisions as needed. If there are no changes in the county or provider plans, submission of the plans is not required. As a reminder, pursuant to ACIN I-07-07, CDSS has transferred the responsibility of approving provider plans to counties. The CDSS will continue to request the approved provider plans in order to collect specific information.
