

REQUEST FOR LEAVE OF ABSENCE

Students may experience situations which impact their ability to be continuously enrolled. A student may request a leave of absence to suspend activities associated with course work or thesis/dissertation research. This form must be submitted two weeks before the beginning of the semester for which the leave is requested. Upon approval, the continuous enrollment requirement will be relaxed during the period of leave. A Readmission Form should be filed before the planned semester of re-enrollment.

International students must consult with an international student advisor in the Graduate School to discuss how a leave of absence affects their immigration status.
