Student Volunteers in Community Service

OBJECTIVE

The Youth Partnership Program encourages high school students to serve as community volunteers, and increase their awareness of the community and the lifelong value of volunteerism.

DUTIES

Students volunteer in community service roles. They may assist: seniors and/or physically challenged citizens; the homeless; non-profit, religious or civic organizations; and in other areas identified as needing voluntary services.

TRAINING

All students must attend a training session with the school YPP Coordinator on general volunteer service and Youth Partnership Programs requirements. They will also receive additional training/orientation from the recipient volunteer agency or organization.

DURATION

Students are expected to be in an extended, routine relationship with the agency or organization they select. Students may also participate in specific projects for special community needs.

RECOGNITION

Student contributing at least 20 community service hours annually will receive a certificate. Students serving more than 75 hours prior to graduation receive a pin and certificate (seniors only). Service hours performed while attending high school count toward the VCS Honors Diploma, Florida Bright Futures Scholarship Program, and the International Baccalaureate Program.
