

City of Buffalo
Bicycle Parking Request Form
MAYOR BYRON W. BROWN

Applicants Name:		Daytime Telephone Number:	Date:
Address:	City:	State:	Zip Code:

Number Requested:	Proposed Location (street address and nearest cross street):

(Please check all that apply)

There is currently a parking meter in front of the location I have identified.

I would like this rack to be considered as a Buffalo Blue Bicycle Hub.

The City of Buffalo is launching a bicycle parking program for business districts. If you have a parking meter in front of your business this can be converted to bicycle parking for up to two (2) bicycles. If no parking meter exists a bicycle rack will be installed which again, can accommodate parking for up to two (2) bicycles. If you would like capacity for more then two (2) bicycles please indicate that in the Number Requested section of this form. Before installation the location will be inspected to be sure that any bicycle parking installed along the right of way will not be in any conflict of other transportation modes, particularly pedestrians.

This bicycle parking program is free of charge in response to requests received from businesses, residents and cyclists.

Please mail this form to:
Public Works, Parks & Streets
City Hall
Room 502
Buffalo, New York 14202
