Note: The preferred way to ship wine/spirits into the USA is to submit entries through your importer. This will save time and money for your company. We also encourage consolidation of shipments with other producers in your area to reduce customs charges. The Los Angeles International Wine & Spirits Competition is not responsible for shipping costs, import/duty fees, or the NEW mandatory FDA prior notice.

* For producers that do not have a representative in the United States, USA Export Solutions, LLC can also assist with the procurement of the mandatory FDA number and declaration of prior notice, by registering your company with FDA Security Agents Services at www.fdasecurity.com
