### Sample details

Matrix / Species:	
Substance(s) to be tested for:	
Number of samples to be tested*:	
Required turn-round time*:	
Further relevant information:	

\* Please note that, for technical-analytical reasons, the price per sample will be much higher for individual samples than for a batch of samples (i.e. the smaller the number of samples to be tested, the higher the price per sample). Equally, the shorter the required turn-round time, the higher the quoted price will have to be.
