BARRY UNIVERSITY • PODIATRIC MEDICINE AND SURGERY 2011 Comprehensive Board Review

The goal of the Comprehensive Board Review seminar is to educate and prepare podiatric physicians to take certification examinations in podiatric surgery, orthopedics, and primary podiatric medicine. Relevant materials will be presented in an abridged manner due to the extensive material covered on the certification examination. Notes will be supplied in respective areas and insight will be given on how to prepare for the oral examination. Subject material being covered is listed in the program, and physicians should be able to identify disease processes, appropriate conservative treatment, surgical criteria, and appropriate therapeutic procedures.

ACCREDITATION

Barry University School of Podiatric Medicine is approved by the Council on Podiatric Medical Education to offer recognized continuing podiatric medical education programs. This course is approved for 31 continuing education contact hours.
