Adding the Iowa Habitat and Access Program (IHAP) Tracts to Garmin GPS Units

The '2012_IHAP_Tracts.img' file available for download from the DNR website contains the boundaries of IHAP tracts open for public hunting. The tracts will show up as a solid orange color on units with a color display and grey on black and white displays. When you hover over an area, the tract ID and a likely species list will display.

These boundaries can be added to the following supported Garmin GPS units:
