Title	A sample of abstract submission form for Ectocarpus 2014		
Author(s), affiliation(s) (underline presenting author)	<u>Taro Rokko</u> ¹ and Hanako Kobe ² ¹ Research Center for Inland Seas, Kobe University, Kobe, Japan, ² Department of Science, University of ABC, Tokyo, Japan		
Abstract (up to 250 words)	Brown algae (Phaeophyceae) are complex photosynthetic organisms with a very different evolutionary history to green plants, to which they are only distantly related. These seaweeds are the dominant species in rocky coastal ecosystems and they exhibit many interesting adaptations to these, often harsh, environments.		
Type of presentation	<input checked="" type="checkbox"/> Oral	<input type="checkbox"/> Poster	<input type="checkbox"/> Either Oral or Poster
