## About the charity

Currently we provide in the region of 3,000 live music performances a year (across England, Wales and the Channel Islands) within hospitals, hospices, day centres, care homes and special schools. We bring live music to people with sickness or disability who may not otherwise have access to such an experience.

Passionate about live music, we have been providing our concerts to people for over 65 years. Throughout this time we have worked with gifted professional musicians from a wide array of music cultures, all of whom are skilled at engaging and interacting with the audience.

We are a registered charity and we are entirely reliant on fundraising efforts and donations. Your support will help us enhance more lives through live music.

We look forward to seeing you in October!
