Application and Permission Form Instructions

Return forms to PYT Producers. Do not send to Foothill College.

*PYT is fortunate to be a member of the Foothill Arts Alliance, which subsidizes the cost of our productions. Participation fees and ticket sales cover only a portion of PYT’s costs – without it we would have to charge more per child that participates. The amount of funding received depends entirely on how many cast members complete the required forms. Essentially, Foothill is paying PYT for the drama instruction your child receives, but to receive this funding each child must be enrolled in the PYT class at Foothill College. To get funding from the Alliance, each cast member must fill out **two** forms: 1) the application and 2) the permission. Each cast member gets college credit for participating in the show – there is no further obligation beyond submitting these forms. If you choose not to participate in this program, you will be charged a \$75 fee, which is equivalent to the funds we are provided by Foothill for each child that registers.*
