Undergraduate Admission Application

Admission Application Procedures (Please read in full.)

This is the form you will use for applying for undergraduate admission to any of the eleven universities in the State University System of Florida. All institutions within the State University System of Florida encourage admission applications from qualified students regardless of color, race, religion, national origin, gender, disability, veteran status, or marital status.

You are urged to submit your application on-line. You may do so by visiting any of the university web site addresses listed within this application. Please be sure to complete each item, as incomplete forms cannot be processed, and to type or print in black ink.

1. Application for Admission

- ✍ Please attach your \$20 check or money order (U.S. currency; do not send cash), made payable to the university to which you are applying. Your application cannot be processed if it is omitted. This is a nonrefundable application fee.
- ✍ If you wish to apply to more than one university, a separate application and fee will need to be submitted to each university along with the documents required. Address your application to the **Office of Admissions** for each university.
- ✍ Applications for admission will not be processed more than one year in advance of the date for which entrance is sought.
- ✍ Please contact each university for deadlines and any other information which might facilitate the application process for you.
- ✍ You will need to have a U.S. Social Security Number. This is your official student number. Contact your nearest U.S. Social Security Office to apply for a number, if necessary, before submitting this form. (All international students who are eligible to have a Social Security Number will need to have one.) The State University System of Florida operated a system of records prior to January 1, 1975, pursuant to regulations of the Florida Board of Regents that required the use of social security numbers. Therefore, each university may continue to require the disclosure of social security numbers by applicants and students under the Federal Privacy Act of 1974. This information was and currently is received from you for the purpose of identification and verification of student records, including registration, financial aid, and academic records and of verification of identity in connection with the provision of university services.
- ✍ Please be sure to answer question 15 in the appropriate place on page 3; to read, sign and complete statement 21 on page 3; and to complete and sign the Florida Residency Statement on page 5.
- ✍ **Talented Twenty Program:** If you graduate from a Florida public high school in the top 20% of your class, have taken the required 19 credits, and submitted an ACT or SAT test score you are guaranteed admission into the SUS, although not necessarily into the university of your choice.

2. Official Transcripts

The following transcripts must be sent to the Office of Admissions at the address of the university you check on page 4. Request that your current name and Social Security Number be added to the transcript if necessary. All transcripts and test scores become the sole property of the university.

- ✍ If you are a beginning freshman or transfer applicant with less than 60 semester hours of transferable academic credit, ask your high school to forward your official secondary school record.
- ✍ If you have attempted any coursework either as dual enrollment in high school or following high school, ask each school to forward an official transcript of your academic record. Transcripts must be mailed directly from the institution or forwarded electronically.
- ✍ Completers of high school by GED must provide an official copy of test scores (as well as a partial high school transcript).
- ✍ Transfer students who completed 2 years of the same foreign language in high school must submit official high school transcripts.

3. Admission Test Scores

It is your responsibility to make the necessary arrangements to take the appropriate tests. Contact your school counseling office.

- ✍ ACT or SAT scores are required if you are seeking admission as a freshman or transfer with less than 60 semester hours of transferable academic credit. Have the official test scores forwarded directly to the university by the testing agency.
- ✍ Transfer students seeking admission to State Approved Teacher Education programs should contact the university to which they are applying to determine if there are further criteria or test scores required for admission.
- ✍ Applicants whose native language is not English may be required to take the Test of English as a Foreign Language and have their scores submitted by the Educational Testing Service.

4. Additional Information: Admission Consideration Based on Disability

- ✍ If you wish to request special admission consideration based on a disability, the SUS will consider this information within the following guidelines: (1) documentation regarding the disability will need to be provided on a voluntary basis, (2) all information will be kept confidential, (3) refusal to provide information will not subject the applicant to adverse treatment, and (4) information will only be used in connection with the university's voluntary efforts to overcome the effects of conditions that may have resulted in limited participation of persons with disabilities. See item 12, page 2.

Personal Statement (for freshmen applicants only)

The personal statement is a very important part of your application. It assists the University in knowing you as an individual, independent of test scores and other objective data. We ask that you respond to two of the topics below. Your personal statement should be no longer than 250 words each or a total of 500 words for both personal statements. The best personal statements are not necessarily the longest ones.

- 1) Describe an activity, interest, experience, or achievement in your life (this could be a book, movie or an activity or experience at work, home or school) that has been particularly meaningful to you.
- 2) How has your family history, culture, or environment influenced who you are?
- 3) What qualities or unique characteristics do you possess that would allow you to contribute to the university community?

Information for Residency Classification

A Florida "resident for tuition purposes" is a person who has, or a dependent person whose parent or legal guardian has, established and maintained legal residence in Florida for at least twelve months. Residence in Florida must be as a bonafide domicile rather than for the purpose of maintaining a residence incident to enrollment at an institution of higher education. To qualify as a Florida resident for tuition purposes, you must be a U.S. Citizen, permanent resident alien, or legal alien granted indefinite stay by the Immigration and Naturalization Service. Other persons not meeting the twelve-month legal residence requirement may be classified as Florida residents for tuition purposes only if they fall within one of the limited special categories authorized by the Florida Legislature and Board of Regents. All other persons are ineligible for classification as a Florida "resident for tuition purposes." Living in or attending school in Florida will not, in itself, establish legal residence. Students who depend on out-of-state parents for support are presumed to be legal residents of the same state as their parents.

Non-Florida Residents

I understand that I do not qualify as a Florida resident for tuition purposes for the term for which this application is submitted and that if I should qualify for some future term, it will be necessary for me to file the required documentation prior to the beginning of the term to be considered for Florida residency classification.
