## Editor's Jottings...

It seems like the answer to the question posed on the front cover of the last issue is: "Not quite - yet," at least up until now. Let's not forget, though, that only three or four years ago, we woke up to snow on Easter Day, so perhaps there is still time. There have been some very threatening cloud formations which disappeared as quickly as they came. One I saw looked like a huge tsunami of a wall of dark water topped by a white crest - a really awesome sight.

Meanwhile, instead of the whiteness falling on us from above, there is another sort coming up through the soil, blanketing the ground in the woods and copses as well as along the road-side. Yes, it's the return of the Snowdrops, no less impressive than snow but with the added convenience that when they are over they do not leave behind messy slush!

I recently read the life story of Johnny Johnson, the Last British Dambuster. He is not very complimentary towards Lincolnshire, due to a rather harsh upbringing on a farm in south of the county in the 1920s, when life was far from easy. However, it is interesting to read of his time in Scampton, Ingham and Hemswell and Woodhall Spa during his training for the 1943 raid and how, having left the RAF in his early forties as a Squadron Leader, he started a new career in education. Now in his nineties he leads an active life speaking of his experiences and occasionally comes back to our area.

I have repeated the Grant Aid Criteria on Page 39 of this issue as a reminder that the deadline for receipt of applications by me is 31st March, for consideration by the committee in April. As I mentioned last month, applications received after that date cannot be considered.

There are some interesting local events coming up in the next few weeks such as the regular ones like the Ingham Art Show and Dunholme Lodge Open Gardens which are covered in this issue, but this year there is a new one: the production of Godspell which will be performed in several venues in the Springline Parish featuring local performers under the direction of Sue Hodge. Details are in the advertisement opposite.

I am sure that other events will be held throughout the year, which will not only be interesting and entertaining but should help to foster community spirit in the six villages covered by the magazine.

## Ingham Practice Patient Group

*... helping to promote a better experience for every patient*

### INGHAM PRACTICE PATIENT GROUP NEWS - SPRING 2015

Once again the annual Patient Survey has generated an outstanding result of 98% satisfaction. There were a number of useful comments and observations made which centered upon waiting times at the Open Surgery and pre-bookable appointments.

This feedback enables the Practice to formulate improved systems and as a consequence of this an Advanced Nurse Practitioner (ANP) is being recruited to work alongside the GP during Open Morning surgery. It is anticipated this will reduce delays.

The expertise of an ANP in practice lies in their ability to operate as a 'generalist'. The ANP provides complete episodes of care for patients of any age and with a wide variety and range of presenting problems and health care needs such as urgent/acute episodes, long-term/chronic conditions, health promotion and public health. They are able to prescribe medication and refer patients onward to other services in the same way that a GP would.

#### **\*Open Surgery is for "urgent, same day" appointments\***

The Tuesday Lunch Club (previously Ingham Day Centre), which is supported by the Practice, meets at Glentworth Village Hall every Tuesday and provides a 3 course lunch plus convivial company for a nominal cost of £5. It can cater for more than the current membership and Springline can help with transport. Anyone wishing to attend the TLC as a guest please contact Michael Ibbotson, General Manager, at the Ingham Practice in the first instance.

The TLC is run by volunteers and is always seeking additional help - if you are interested in supporting this worthwhile community group, please contact Michael as above. An ability to cook would be helpful!

We are currently discussing with Springline how its range of services can be of benefit to the wider community and will keep you informed of developments.

#### **\*Please allow 48 hours (2 working days) when ordering repeat prescriptions\***

It was sad to learn that Dr Atkin is leaving the Practice at the end of March and the Group thanked her for the great service she has provided and for her help and support.

The Practice is actively looking to appoint a GP and a second Advanced Nurse Practitioner.

We will keep you further updated in the future.

JOHN WAGSTAFF

HEATING AND PLUMBING ENGINEER

She had also spoken to E-On, who had the contract for maintenance of the lights, who had suggested two alternative solutions. The Clerk would find out more information about the lamp posts before the Council made a decision next month.

**Salt bins** It was suggested that the Clerk should write to the schools to ask them to purchase more salt for the bin provided by the Council and to send the bill to the Council for settlement. It was also pointed out that the bin at the top of Scampton Hill was full of water as the lid was broken. The Clerk would notify the Highways Department.

Information about the scheme would be gathered before a decision was made as to whether to purchase a sign for the village. RP would look into the availability of grants.

## RAF SCAMPTON UPDATE

Dear Friends in the Scampton community,

The family time of Christmas and New Year seem to have disappeared very quickly from the memory and 2015 has begun where 2014 left off – a busy time with both routine tasks and some unusual new jobs. My thoughts this month are very much on the people dimension of RAF Scampton.

The New Year's Honours List saw a number of RAF Scampton personnel recognised for their achievements; the awards were richly deserved and, most importantly for me, they were all for people who were recognised for their contribution to the wider community.

The outgoing Red 1, Squadron Leader Jim Turner, was made an MBE and Corporal Glynn Wilkinson, also of the Red Arrows, was given a Chief of the Air Staff's Commendation for his work in organising from scratch a very successful Science, Technology, Engineering and Maths schools event last year. The RAF Scampton RAF Association Liaison Team was given a team Commendation for their outstanding fundraising achievements throughout the year. Finally, and by no means least, Mrs Grace Wright was given a Commendation for her work over many years at the Station and most significantly for all her charitable work especially for the homeless of Lincoln.

I'd also like to mention that Grace retired this month after 25 years in the Civil Service which started and finished at Scampton. There's not enough space here to articulate everything that Grace has achieved for Scampton or the local community but her humour, her compassion and her willingness to help anyone will be sorely missed at RAF Scampton and beyond. We wish Grace and husband Joe all the very best for a long and happy retirement.

Grace's last day in the office and then being piped off RAF Scampton (The Reds were actually displaying for Air Officer Commanding Number 22 Group's formal visit to the Station but the timing was perfect for Grace's departure!)

As I mentioned before Christmas we had a number of redevelopment projects which were nearly completed. The new barrack blocks are now complete and the Community Centre will be complete by mid March. The effect of these projects has gone far beyond the pure infrastructure and, especially with the Community Centre, will give us the opportunity to host external clubs and groups. For example, an RAF Scampton Scout Troop will be starting soon, pilates classes may soon be available and the Thrift Shop will be able to move into larger premises.

Once the additional operational commitments of this year are complete we will once again have sufficient accommodation to be able to host Air Cadet camps and the suchlike.

One of the new barrack block rooms at RAF Scampton

The Reds disappear off for their spring training very soon, the Mobile Met Unit appear to be trying to accumulate as many 'air miles' as possible in a short space of time in support of exercises and operations and 1 ACC will be hosting detachments from RAF Boulmer through until October. Against this backdrop I am trying to encourage RAF squadrons to come and visit, and where possible, fly from RAF Scampton to make use of our facilities so you may see some unfamiliar aircraft operating near Scampton occasionally over the next few months.

Wing Commander Mike Harrop

## FROM THE SPRINGLINE AND OWMBY GROUP OF PARISHES

Dear Friends,

*‘All Katy Magdalene really wanted was an easy life, but something was nagging away at her. Eventually, both she and her husband realised what that something was: a vocation to ordained ministry, the very last thing that either of them expected. But God was calling – and God is nothing if not patient, as she discovered. And then everything changed...’*

These are the words that appear on the back cover of *I Think It’s God Calling – A Vocational Diary*\* by the Revd Katy Magdalene Price, who is currently an Assistant Curate in the Great Grimsby Team in our Diocese. Last month I had the opportunity to hear Katy talk about her vocational journey and I’m looking forward to reading her work and her personal account of how she went from ‘atheist to curate in the Anglican Church’. As the cover text goes on to say, here Katy describes the ‘emotional and spiritual ups and downs of theological training, personal formation and finally ordination itself, as well as the challenges for family and friends from such a major change of direction’.

I well remember telling my friends and my employer that I was due to begin training to be a priest! Always an interesting conversation that, in a way, was bringing to an end a career in press and radio (for the time being, at least) that had been preceded by a desire to be a professional footballer! But the call from God came at an early age, at a parish church in Leicestershire, where I felt that I would follow in the footsteps of our vicar, who would give my sister and I an Opal Fruit (now Starburst!) at the altar rail during Holy Communion and a small wrapped egg on Easter Day. A small gesture that I have never forgotten because of its intention to make sure that children felt welcome and included.

As you may have heard me say in church, ‘journey’ has become something of a buzzword in recent years thanks to the recollections of contestants on the likes of *Strictly...* and *The X Factor* et al., but it applies to all of us as we journey through this life. And as you read these words we will have set off on our journey through the weeks of Lent and we will soon be preparing ourselves for the dramatic events of Holy Week and Easter. Perhaps you have felt encouraged to attend one of our gatherings of Pilgrim, a course that we have started to offer to help people learn more about the Christian faith; perhaps you might like to come and celebrate St Cuthbert in Brattleby on the evening of the 20th of March; perhaps you might wish to be Confirmed (we will be welcoming the Bishop of Grimsby to our parishes on the evening of the 12th of July); and perhaps you have got your tickets for Godspell, which will be directed by Sue Hodge (of ‘Allo ‘Allo! fame) and will run across Springline during April.

All in all there is a lot going on here, and I hope that at this special and holy time of year that there is something in our parishes that appeals to you and that that special something will encourage you on your Christian journey. Wherever we are on that journey we can take heart from God’s love for us.

With my prayers and best wishes to you all, Adrian

 Name, Contact details, phone number, Service provider and Fault numbers, in the hope that we can collate information and deal with it as a village problem.

Sheila Pryor came along to the meeting representing Fillingham Parish church and to talk about her concerns for it. After giving a brief history of the church, the administration and the responsibilities required for its upkeep and continued work. Mrs Pryor then expressed concerns for the future of our church, without the support of the local community and involvement from individuals it is a possibility that it the church could close.

Godspell – Spring time date to be confirmed.

## Burns Night Supper and Whisky Tasting.

On Saturday January 31<sup>st</sup> 51 people sat down to enjoy a four course, traditional Burns Night meal of cock-a-leekie soup, tatties, neeps and haggis, cranachan and cheese and oat cakes. All accompanied by four different whiskies, one to complement each course.

A very big thank you goes to all who helped with the setting out of the hall, cooking, serving, toasting the haggis, and, at the end, washing up! Also thank you to Nick and Cathy from the Whisky shop who swiftly poured the whisky and gave a short talk and tasting notes about each one.

As so many of you would like a repeat, book January 30<sup>th</sup> 2016 in your diary. We are going to do it all again. Only 52 tickets will be available so watch out for further details.

At the end of the evening, Ingham Church was richer by £443.  
Thank you everyone.

## A View From Brattleby March 2015.

I've always been fascinated by country folklore and tales of mysterious happenings, of which Lincolnshire has many. As a result, I wrote the following true story for the Lincolnshire Echo in November 2005.

*When 22 year old Molly burst through the door of her parents house at Ingham one foggy winters evening in 1950, they thought she'd see a ghost. So did she!*

*Pale, breathless and shaking from head to foot, she told them how it had followed her as she rode her bike from Brattleby to Cammeringham. Despite peddling as fast as she could, it was never more than a dozen or so yards behind her, floating on a thick, low – lying blanket of mist. Above handlebar height, it was a crisp, clear moonlit night. By the time she reached Cammeringham church, it had vanished as quickly as it had appeared and with only the sound of her laboured breathing and the 'clank' of the loose chain guard on her bike, she struggled up the long incline between Cammeringham and Ingham, desperate to reach the safety of home.*

*Few people driving along the B1398 give a second thought to sleepy Brattleby and Cammeringham, little knowing, these two villages are the site of one of Lincolnshire's enduring mysteries, 'The Cammeringham Light'.*

*There are many reliable sightings of this phenomenon and it's been described in various ways, predominately, a blue or yellow ball of intense light, or a 'ball fire' about the size of a football.*

*A 1960's article by G.F. Garner describes how his uncle – in the early 1930's - was walking a pair of plough horses between the villages at five o'clock one winter's morning and was confronted by a bright ball of light floating down the road towards him. "It came so close, the horses reared up," he said.*

*He saw it again, between Ingham and Stow, "his dog taking great exception to it, barking and growling,"*

*During the dreadful winter of 1947 – generally regarded as the worst winter of modern times – a young lady was returning home from a night out with her boyfriend.*

*She lived at an isolated farm near Cammeringham – since demolished. On arrival, the farm was in total darkness, apart from a single brilliant light shining through a hedge, where she knew no light should be.*

*They sat in the car transfixed, as the light weaved in and out of the hedgerow, before sinking to the ground and vanishing.*

*William Gelder, a Tinsmith from Sturton, saw it many times as he travelled the district with his horse and dray. He described it as, "dancing lights in the fields and hedgerows,"*

*Rene Thorpe, form Sturton, aged 87 (in 2005) remembers seeing it as a 10 year old and describes it in a similar way.*

*However, as far as I'm aware, it hasn't been seen since the early 1950's and many people doubt its actual existence, passing it off as 'an old wives tale'. I think the evidence is far too strong to dismiss it in this way, and in reality, there's many similar stories all over the country. The most likely explanation is a phenomenon called, 'Will O' the Wisp' or, Jack O' Lantern, a ball of incandescent marsh gas.*

*The draining of the low lying fields in the villages after the War could well account for it not being seen in recent years.*

### The News.

Contractors have cleared the village footpath between Thorpe Lane and the north lay by.

Highways have addressed the issue of 'pot holes' in School and Back Lane.

Objections regarding the (planning exempt) application for a touring caravan and camping site within the village have been made to the following – The Camping and Caravan Club, Natural England and WLDC Planning.

For several years the Parish Council has continually lobbied Highways regarding the appalling state of the north lay by. A new scheme has finally been agreed to fence this off and create a new grassed area, preventing the parking of vehicles of any type. A new gully is to be installed to prevent surface water retention on the north bound carriage-way.

At the recent Parish Council meeting it was agreed unanimously, to purchase a Defibrillator for the village. For more details, please see a member of the P/C.

During the War, a group of Women's Land Army potato pickers were sitting on the grass verge at the side of the road eating their lunch as a fleet of heavy Army lorries full of soldiers passed by.

The soldiers whistled and waved at the younger women, much to their delight. One of two elderly women said to her companion, "If ya fell under one a them, it'ud plunge ya straight inta' maternity."

"Aye," replied her friend. "It would, and you'd niver know who'd done it, would ya?"

With Spring just around the corner,  
Best Wishes,  
Mike Spencer.

On Valentine's Day my Daughter in Law was delighted when a Florist's van pulled up in the drive. She was even more delighted when the driver presented her with a huge and expensive looking bouquet of flowers.

Overcome with emotion, she made a cup of coffee and sat at the kitchen table to read the card.

The flowers were not for her at all, they were for my 10 year old Grand Daughter, from her 10 year old boy friend!

Oh, how things have changed since my day!

Mike Spencer.

## Village Venture - Grant Aid Criteria

Adopted by The Village Venture Fund Committee 21<sup>st</sup> Nov 2011

Amended 7<sup>th</sup> April 2014

1. *The Village Venture Fund Committee shall decide each year, at its AGM, the sum which is available for distribution as grant aid, in that year.*
2. *The maximum grant aid, in any one application, in any one year, will normally be £250. In their absolute discretion the Committee may make grant aid awards of greater than £250 where they feel that an applicant has made a demonstrably convincing case.*
3. *Multiple applications, for the same project, will not be accepted in the same grant year.*
4. *Grant aid will normally be given to support expenditure of a capital nature (such as the purchase of equipment) rather than revenue expenditure (such as running costs).*
5. *Grant aid applications will be considered from clubs, organisations and the like (not from individuals) with open membership and based in the villages in which the Village Venture is distributed.*
6. *Second or subsequent applications from organisations which have already received grant aid in that grant year will normally only be considered after applications from those who have not received grant aid.*

*The decision on all applications for grant aid shall be at the absolute discretion of the Village Venture Fund Committee*
