Paddock Guidelines**

In order to create a broad awareness that humane care and treatment of horses is paramount to those in the Arabian horse community, the Professional Horsemen Committee has developed the enclosed Professional Horsemen Standards of Conduct and Paddock Guidelines.

At Show Management's discretion, please post these at your show/event (show office, paddock, in-gate, barns etc.) and feel free to reproduce them for placement in your exhibitor packets. These flyers may be enlarged and/or reproduced as your needs require.

PREAMBLE

We, as professional horsemen of AHA, pledge to assume a positive role as leaders in the Arabian horse community. While achieving the goals of promoting, showing and caring for the horse, we shall protect the health, image and welfare of the breed.

Therefore, we set forth the following standards:

PROFESSIONAL STANDARDS OF CONDUCT

- ◆ We shall comply with and actively encourage all professional horsemen to adhere to all rules and regulations of AHA, USEF, EC and CAHR.
- ◆ We shall instill confidence, trust and mutual respect in our clients, fellow exhibitors and the public by a commitment to ethical practice and avoidance of any action conducive to discrediting the Arabian horse, AHA or our fellow horsemen.
- ◆ We shall conduct all business affairs with integrity, sincerity and accuracy in an open and forthright manner.
- ◆ We shall act with integrity in financial dealings with clients, other professionals and the public.
- ◆ Horsemen will never perform, condone or allow surgical alteration of an Arabian horse unless professionally prescribed by a licensed veterinarian, and then, only for the survival or threatened health of an Arabian horse.
- ◆ Horsemen will not administer to any horse engaged in competition drugs or medications that give an unfair competitive advantage or serve no required therapeutic purpose.
- ◆ We shall ensure that the welfare of the Arabian horse is paramount and that every Arabian horse be treated humanely and with dignity, respect and compassion.

PROFESSIONAL HORSEMEN'S Paddock GUIDELINES

The Professional Horsemen Committee has adopted the following paddock guidelines. These standards of etiquette are applicable in the paddock and in-gate areas from the moment the first class is called for any given session and will cease when the last class of the session has exited the arena.

1. Any act of mistreatment as defined by but not necessarily limited to the AHA Professional Horsemen's Code of Ethics and Conduct or any act of mistreatment as defined by the United States Equestrian Federation, Equine Canada, or the Canadian Arabian Horse Registry is strictly forbidden.
2. Only those individuals necessary for the preparation of an entry to the show arena, including the handler, rider or driver, are to be permitted in the paddock or in-gate area. These areas are not to be used as part of any other traffic pattern.
3. Any act of preparation for the show ring that could be considered disruptive to another exhibitor or not in the best interest of the breed, is strictly forbidden.
4. The use of any device, chemical compound, or action not considered in the best interest of the Arabian horse, or which could be perceived as attempting to alter the normal carriage or performance of the horse, is strictly forbidden.
5. Show officials, including judges, stewards, show management, show committees and volunteers, are to be treated in accordance with all applicable USEF, AHA and EC rules at all times.

SHOW AND RESULTS SUBMISSION TIPS

In an effort to make show results entry more efficient, we have a few tips for you to keep in mind when preparing your results.

Data Entry

1. When inputting the names of the riders, please use their name *as it appears* on their AHA membership card. USEF uses a different method to verify riders, and has told us that show management will not be fined for sending results to them that are not a perfect match to the rider's USEF card. We are working on an improved membership verification system, but until then, this will help speed up the processing of your shows.
2. All Canadian registered horses MUST have either CAHR or CPAR in front of their registration numbers. "Leading" zeros can follow the "CPAR" for the half Arabs because the zero is not actually "leading" the string; it follows the 1A, AA, etc. For example: CAHR horses will appear like this – CAHR45678 – while CPAR horses will appear in one of the following ways – CPAR1A02345 or CPARAA00345. U.S. registered horses should *never* have a leading zero. Also, there should never be any spaces in a horse's registration number.
3. We are trying to standardize the way that riders are reported to us when they have purchased a Single Event Membership or if they are a Walk/Trot exhibitor. In place of the membership number, we are asking that you use the letters "SEM" to indicate someone who has purchased a Single Event Membership, and use "WT" or "W/T" to indicate someone who is a Walk/Trot exhibitor. Also, if you have someone who purchases a *new* membership at the show, please put "JOINED" in the membership number field. If someone renews an existing membership, use their membership number in the field. If you don't have their number, please contact the AHA office before submitting your results to verify their number.

Reporting Show Results

How to determine the number in class for Championship Classes

1. The Arabian Scoring System

For the Arabian Scoring System, eligible horses would show back in the Championship class for comparative judging. Only the top two horses from each qualifying class are eligible to return for the Championship. The Ring Coordinator or Scorer must provide an accurate total of the number of horses passing through the gate to compete in the Championship class.

2. Sport Horse In-Hand

The number in class for Sport Horse In-Hand Championships shall be determined by the number of qualifying classes. Two horses from each lead-in class are eligible for the Championship. (For qualifying classes with only one entry, only one horse will be counted toward the number in the Championship class.) *Please note:* If one horse qualifies in two different classes, it will only be counted once. For example:

- Class 1: 1st place - #101
 2nd place - #102
Class 2: 1st place - #103
 2nd place - #104
Class 3: 1st place - #103
 2nd place - #105

The number in class for this Championship would be five, as #103 was pulled forward from two classes and can only be counted once. Another way to think of it is how many horses are eligible to "pass through the gate" - #103 can only pass through once, so is only counted once.

Ties

All ties must be broken, when possible, in Dressage, Working Western and In-Hand classes. Working Western includes Trail, Reining, Working Cow, Reined Cow and Cutting. Cutting is the only one that doesn't break. In-Hand includes Breeding classes, Gelding In-Hand and Sport Horse In-Hand. Please use the from the USEF Handbook, the AHA Handbook, and the TACHA Handbook for ties.

Non-Member fees

In order to speed up the processing and completion of shows, we have changed the way we will be handling exhibitors who are reported without current competition level membership and without a Single Event Membership form. In the past, we have invoiced the member directly to give them the chance to purchase a competition membership or upgrade to a competition card. This method requires us to allow the invoicing to go through the normal 90 day aging process, and if payment is not met until the end of this cycle, it can delay the completion of the show. To rectify this delay, the following board motion is now in effect:

Article 705.4.

“The individual or sponsoring Show/Event Organization will be billed for the full amount owed for Single Event Membership(s) in the amount of \$10.00 for local level Shows/Events and for the full amount owed for Competition Level Membership(s) for Regional Level Shows/Events when correct fees are not submitted with results.”

Show management is permitted to collect these fees from the exhibitors on the back-end to help defer these costs, but will be expected to pay the invoice for these fees in a timely manner to avoid the possibility of having their next show delayed in the recognition process.

Results Mailing

1. Please help us facilitate getting your show results processed in a timely fashion. The following steps will help streamline your show processing as it passes through the mailroom
 - a. When sending in payment with your show results, please be sure to put all checks and all membership applications in the front of the packet. Please do not staple checks to the individual membership applications. If it is not clear which membership the check is paying for, please make a notation on the check stating who it is for and put the check number of the application.
 - b. If you are enclosing the results for two shows, please put each show in a separate envelope or clearly rubber band each show separately. All payments should still be put in the very front of the packet with a notation stating which show it is for.
 - c. If sending the payment separately from the show results, please send both the show results and payment to the attention of the Competitions Department.

We here at AHA appreciate everything that you do to help us get your show results entered in a timely manner. Thank you!

Horse Achievement Awards

AHA's premier recognition program for horses that actively compete. This program honors your horse by adding symbols of prestige to his name. Work at your own pace as you aspire to the top of six levels of achievement. Horses earn points for competing and placing in AHA-recognized events, including breeding/In-hand classes, performance classes, competitive trail rides, eventing, Arabian racing, dressage, gymkhana, and endurance rides.

Horses enrolled in the Achievement Awards Program are eligible for the year-end High Point Achievement Award. The year-end prize is awarded to the Arabian, Half-Arabian or Anglo-Arabian horse that's earned the highest number of Achievement Award points from Jan 1 through Dec 31. Only points earned after enrollment count towards the year-end High Point Achievement Award. The High Point Achievement Award horse will be featured in the *Modern Arabian Horse* magazine.

Distance Horse Program

Provides recognition for horses that reach mileage goals in Endurance and/or Competitive Trail. Awards begin at 500 miles, at which time AHA gives out a perpetual plaque engraved with the horse's name and registration number. Owners receive a brass mileage marker for each additional 500 miles reached.
