

Texas Taxes for the Construction Industry

A Texas Tax Reference Guide

An AGC Houston Publication

in association with

Thomas, Thomas & Thomas, P.C.

Tax Advisory & Consulting Services

This manual provides general guidelines aiding the construction industry in complying with various State of Texas tax laws.

Highlights include:

- Sales and use tax information in easy to understand layman's terms
- Flowcharts that explain contracting tax responsibilities for new construction, repair/remodeling, as well as commercial and residential projects
- New Construction and why the contract type is important
- Repair, remodeling & restoration and why the contract type is irrelevant
- Information on reporting unclaimed property
