ADJOURNMENT

Program Materials

AHLA is going green for the 2010 Long Term Care Program! We are trying to reduce the amount of paper we use at our programs. This is both an effort at responsible environmental conservation, and an effort to increase the timeliness of the resources provided to our attendees. We will not automatically be printing binders for everyone. All materials will be available on a website prior to the program so attendees can print what they need for the sessions they plan to attend and handed out on CD at the program. For those who still do want the binder, they will be available for an additional fee; please order on the registration form on page 19.
