The state magazine of the League of Women Voters of California is published quarterly. Members of the League and all state legislators receive the *VOTER*. This issue of the *VOTER* will be available on the League of Women Voters of California Web site, listed above, along with additional information from the League study of the California Community College System. Materials from this *VOTER* may be copied, as long as the source is identified.

The League of Women Voters, a nonpartisan political organization, encourages the informed and active participation of citizens in government and influences public policy through education and advocacy. Any citizen of voting age, male or female, may become a League member.

The League would like to thank the following people for their work on the study and this *VOTER*: local League members who participated in the study, Helene Lecar and the state study committee, and LWVC webmaster Carol Watts.

It is with great appreciation that we acknowledge our funder for this issue. The William and Flora Hewlett Foundation has provided the League of Women Voters of California Education Fund with the support necessary to publish this report.
