

SLT FEEDBACK FORM

Priority of SLT Content

SLT focuses on learning content that is aligned to standards & addresses a large proportion of the teacher's students.

Criteria Met

Criteria Not Met

Comments/Rationale:

Rigor of Target

The numerical target represents an appropriate amount of student learning (challenging, yet attainable) for the specified interval of instruction & the specified set of students.

Criteria Met

Criteria Not Met

Comments/Rationale:

Quality of Evidence

SLT assessment provides data from the beginning & end of students' time with teacher & is based on a common assessment when available, or meets assessment criteria if not.
