## PERMISSION TO SCRAP INVENTORY FORM

From time to time, we are asked to scrap customers' inventory in our facility, after it has been determined mutually that it is not worth the shipping cost to return it to the owner.

While we understand the need to save on shipping costs on unneeded inventory, we must request that verbal "scrap requests" be formalized in writing.

We have identified the inventory below for your convenience, and will scrap it upon the receipt of this signed form.
