

**CALIFORNIA WATER ENVIRONMENT ASSOCIATION
SANTA CLARA VALLEY SECTION**

**TRAINING MEETING &
ANNUAL BBQ IN THE BAYLANDS – JUNE 2009**

Topic: San Jose/Santa Clara Water Pollution Control Plant Master Plan

Speaker: Bhavani Yerrapotu, City of San Jose

The San Jose/Santa Clara Water Pollution Control Plant Master Plan was launched in 2008 to address the challenges of the treatment plant's aging infrastructure, continuing growth in Silicon Valley and stricter water quality regulations as well as to consider the availability of new, greener technologies. For our June training meeting, Bhavani Yerrapotu, P.E., Technical Services Manager with the City of San Jose, will be discussing the Plant Master Plan process.

In addition to a great presentation, this meeting promises great food, as our friends at the Palo Alto Regional Water Quality Control Plant are hosting their annual BBQ. Anyone who has been to one of these BBQs in the past knows this is a dinner meeting you don't want to miss!

Date/Times: Thursday, June 18, 2009

5:00 pm – 6:00 pm Social/Networking Hour
6:00 pm – 7:00 pm Dinner
