- This form must be completed in its entirety.
- Only completed applications received on or before the deadline (February 28<sup>th</sup>) will be considered.
- Selection will be by lottery; a waiting list of those not selected will be developed and maintained.
- Students on the waiting list will be notified (by order of draw) when/if space becomes available at the requested school prior to the start of the school year.
- If initial intradistrict request is denied and the student still desires to transfer the following year, a new intradistrict request must be submitted.
- Intradistrict transfers remain in effect through the final grade available at the requested school.
- A new intradistrict request must be submitted each time a student changes building level (elementary to middle/middle to high).
- Once an intradistrict transfer has been approved, students must submit a new intradistrict enrollment application to be approved to transfer back to the school of residence in any subsequent year.
- The district may require a student receiving services under Chapter 3323 of the Ohio Revised Code to attend school where the services described in the student's IEP are available.
- Applications for schools with no capacity will be accepted and a list maintained. These applications will be considered for Superintendent's transfer in June and again in August.
- Transportation for students attending a school approved by intradistrict enrollment shall be the responsibility of the parent or guardian of the student unless the student can be picked up and dropped off at a stop on a regular transportation route for the approved school.
- Amendments to the Ohio High School Athletic Association Bylaws effective August 2008 now have a consequence for high school athletes who transfer between schools within the same district once they have established eligibility. Based on the new bylaws any sophomore, junior or senior athlete who asks for and is granted a transfer will be ineligible to participate in sports for one calendar year. There is no penalty for incoming freshman since they have not established their eligibility. However, once a freshman begins classes or participates in a sports scrimmage or contest and then transfers to another school, he would be ineligible to participate in sports for one calendar year. (OHSAA Bylaws 4-7-2, 4-7-3, 4-7-4, 4-7-6, 4-7-7)
