

2014-2015 HEAD START PROGRAM INFORMATION REPORT

REPORTING REQUIREMENTS

The annual Head Start Program Information Report (PIR) must be completed by **ALL** programs funded by the federal government to operate Head Start and Early Head Start programs. A separate PIR must be completed for each grantee and each delegate agency. Separate reports must be completed for Head Start and Early Head Start Programs.

THIS DOCUMENT: ADVANCED COPY OF 2014-2015 PIR FORM

This document was initially provided in fall 2014 as early notification of what OHS intends to collect through the Program Information Report at the **end** of the 2014-2015 program year. Head Start and Early Head Start Programs may wish to review this document and the accompanying “Changes Highlights” document **as they begin services for the 2014-2015 program year**. These documents are available on the ECLKC at the PIR web page at <http://eclkc.ohs.acf.hhs.gov/pir>.

Only two program-level questions (A.11 and C.54) were added for the 2014-2015 PIR, i.e. the PIR that applies to the current program year. These two changes do not require tracking of data in advance. Reporting through the Head Start Enterprise System will open for the 2014-2015 program year in late spring/early summer 2015.

ADDITIONAL DOCUMENT AVAILABLE FOR 2015-2016

An advance copy of the 2015-2016 PIR is also available at <http://eclkc.ohs.acf.hhs.gov/pir>. It contains **some significant/restructuring changes** compared to previous PIRs that require advance notice. For most programs, the 2015-2016 program year will begin in late summer 2015 and that program year’s data will be reported in summer 2016. Programs will continue to use this Advance Copy of the 2014-2015 PIR for the current, 2014-2015 program year.

EARLY HEAD START EXPANSION/CHILD CARE PARTNERSHIP GRANTS

A new funding opportunity was made available in 2014 for Early Head Start Expansion/Child Care Partnership Grants. Successful applicants received grant awards that contain the letters HP, HI, or HM in the grant number. These grantees will report on the children, families, staff, and program data associated with their HP/HI/HM grant using this PIR Form.

Some agencies with an HP/HI/HM grant may also operate a “traditional” Head Start or Early Head Start grant, which contains the letters CH, CI, or CM in the grant number. Such agencies will complete separate PIRs under each grant. Children and families will either be served by funds through the CH/CI/CM grant or the HP/HI/HM grant, so agencies will record child/family data once on the appropriate PIR. Likewise, child development staff (i.e. teachers, assistant teachers, center-based child care provider partners, family child care providers, home visitors) will either be funded through the CH/CI/CM grant or the HP/HI/HM grant, and agencies will record child development staff data once on the appropriate PIR. The Office of Head Start recognizes that an agency completing multiple PIRs may report a limited amount of data twice, particularly on questions regarding management staff (B.3-B.4), screening/assessment/curriculum (C.30-C.32), and collaboration (C.54-C.59).

ASSISTANCE AND SUPPORT

Please contact the HSES Help Desk at help@hsesinfo.org or (866) 771-4737 if you require assistance with reporting.

The Paperwork Reduction Act of 1995 (Public Law 104-13) Public reporting burden for this collection of information is estimated to average 4 hours per response, including the time for reviewing instructions, gathering and maintaining the data needed, and reviewing collection information. The project description is approved under the Office of Management and Budget (OMB) control number 0970-0427. An agency may not collect or sponsor and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

ENROLLMENT YEAR

Enrollment dates

Instructions and Definitions

Enrollment Year - The period of time, not to exceed 12 months, during which the program provides direct child development services to a group of children and their families.

- **Full-year options** - Although full-year programs run continuously, such programs need to define a 12-month period as their Enrollment Year for reporting PIR data.

Since the 2014-2015 PIR is due August 31, 2015, the Enrollment End Date should not be later than this date. Year-round programs typically define their Enrollment Year as beginning and ending in the summer, when programs may have significant turnover related to the school year.

	Enrollment Start Date	Enrollment End Date
Example 1:	08/01/2014	07/31/2015
Example 2:	07/15/2014	07/14/2015

- **Part-year options** - Use the first and last dates on which classes and/or home visits begin and end to specify the program's Enrollment Year. Since the 2014-2015 PIR is due August 31, 2015, the Enrollment End Date should not be later than this date.

	Enrollment Start Date	Enrollment End Date
Example 1:	08/18/2014	06/12/2015
Example 2:	09/08/2014	06/19/2015

- **Migrant programs on five year grants** – Use the budget period schedule of when the grantee receives its first five year grant. For most grantees, the initial budget period of the five year grant is prorated to the annual funding month which results in a shortened first year of service for reporting PIR data. OHS understands PIR data on the first year of a five year grant may appear under enrolled; however, in future years of the grant, the data will be more current than ever before.

Do not report on children and families enrolled for the first time that will begin services in the **next** enrollment year.

b. End Date	

FUNDED ENROLLMENT

Instructions and Definitions

Funded Enrollment is the total number of enrollees (children and pregnant women) the program was funded to serve for the 2014-2015 enrollment year.

Head Start/Early Head Start Funded Enrollment - The total number of Head Start children and/or Early Head Start children and pregnant women identified on the Grantee's most recent Notice of Award (NOA).

Funded Enrollment from Non-Federal Sources - The total number of Head Start children and/or Early Head Start children and pregnant women fully funded by a non-federal source who receive comprehensive services in compliance with Head Start Program Performance Standards. This may include, for example, slots funded by the state or local school district.

Funded Enrollment from the Maternal, Infant, and Early Childhood Home Visiting (MIECHV) Grant Program (if EHS) – The total number of Early Head Start children and pregnant women funded through the MIECHV grant program to receive services that follow the Early Head Start home visiting model and are in compliance with the Head Start Program Performance Standards.

Funded enrollment in the PIR is reported at the program and delegate level.

Where “# of children / pregnant women” is used, it refers to:

- The total number of children enrolled if entering data for a Head Start program.
- The total number of children and pregnant women enrolled if entering data for an Early Head Start program

Funded enrollment by funding source

A.2 Funded Head Start or Early Head Start Enrollment:	<i># of children / pregnant women</i>
a. Head Start/Early Head Start Funded Enrollment, as identified on NOA	
b. Funded Enrollment from non-federal sources, i.e. state, local, private	
c. Funded Enrollment from the MIECHV Grant Program, for Early Head Start services	

Funded enrollment by program option – children

Instructions and Definitions

Refer to regulations on program options, [45 CFR 1306 Head Start Staffing Requirements and Program Options](#).

Report funded enrollment for the program option used for the greatest part of the year when more than one program option is used with the same group of children. For example, programs with center-based services in the school year (9 months) and home-based services for the summer months (3 months) would report funded enrollment as center-based services. This example is an implementation of consecutive program options in a single program year, **not** a combination option.

Center-based option - services provided to children primarily in classroom settings.

- **Full-day enrollment** - services provided for more than 6 hours per day.
 - **Full-working-day enrollment** - services provided for not less than 10 hours per day as permitted by State law (including regulation) for the provision of services.
 - **Full-calendar-year** - all the days of the year other than Saturday, Sunday, and a legal public holiday.
- **Part-day enrollment** - services provided for 6 hours or less per day
 - **Double session option** - option in which a single teacher is employed to work with one group of children in the morning and a different group of children in the afternoon.

The double session option **does not** refer to a program that employs a teacher to work with one group of children in the morning and a different teacher to work with a different group of children in the afternoon, even if the same classroom space is used.

Home-based option - services provided to children, primarily in the child's home, through intensive work with the child's parents and family as the primary factor in the growth and development of the child.

Combination option - services provided to children in both a center setting and through intensive work with the child's parents and family at home.

The combination option **does not** refer to a program that operates a center-based option during one part of the year and a home-based option during another part of the year (consecutively). When consecutive program options are operating within the same program year, report funded enrollment for the primary option.

For example, programs may operate center-based services for teen parents during the school year and home-based services in the summer months. In this example, report the center-based option funded enrollment and note the details of the home-based services in the question comments box.

Family child care option - services provided to children receiving child care primarily in the home of a family child care provider or other family-like setting.

- **Full-working-day enrollment** - services provided for not less than 10 hours per day as permitted by State law (including regulation) for the provision of services.
- **Full-calendar-year** - all the days of the year other than Saturday, Sunday, and a legal public holiday.

Locally designed option - services provided through an alternative program variation that has been formally approved by the Office of Head Start.

A.3 Center-based option - 5 days per week:	# of children
a. Full-day enrollment	
1. Of these, the number available as full-working-day enrollment	
a. Of these, the number available for the full-calendar-year

Funded enrollment at child care partner

Instructions and Definitions **Child Care Partners** - An individual child care center, umbrella organization operating multiple child care centers, child care resource and referral (CCR&R) network, family child care network, or other entity with whom the Head Start program has formal contractual agreements to provide child care services to enrolled children that meet the Head Start Program Performance Standards.

Funded enrollment in child care partners may be through the center-based program option or through the family child care program option. A.10 only includes the center-based program option. The funded enrollment in the family child care program option is already reported in A.7. The system will calculate A.11, total funded enrollment in partners, by adding A.7 and A.10.

	# of children
A.10 Funded enrollment at child care partners in the center-based program option	
<i>Include only those children served through a partner organization; not those in your own program's extended day or wrap-around care.</i>

CLASSES

Instructions and Definitions

Class - A group of children that functions as a single unit, including preschool, infants/toddlers, and mixed-age groupings.

Double Session Classes - Classes for which a single teacher is employed to work with one group of children in the morning and a different group of children in the afternoon. Count each session as a separate class. For example, if a program had 5 classes that operated mornings and 5 that operated afternoons with the same 5 teachers, this would count as 10 classes.

Include both classes operated directly by Head Start and Early Head Start, as well as those operated by child care partners.

	# of classes
A.12 Total number of classes operated	
a. Of these, the number of double session classes	

CUMULATIVE ENROLLMENT

Children by age

Instructions and Definitions

Cumulative Enrollment - Include ALL children who have been enrolled in the program and have attended at least one class or, for programs with home-based options, received at least one home visit. Include ALL pregnant women who have been enrolled in the program and received Early Head Start services.

Age of Child - Use the age of the child at the time of enrollment according to the date used by the local school system in determining eligibility for public school.

A.13 Children by age:	# of children at enrollment
a. Under 1 year	
b. 1 year old	
c. 2 years old

Type of eligibility

Instructions Report each enrollee only once, in A.16, by primary type of eligibility.
and
Definitions

A.16 Report each enrollee only once by primary type of eligibility:	# of children / pregnant women
a. Income below 100% of federal poverty line	
b. Receipt of public assistance such as TANF, SSI	
c. Status as a foster child - # children only	
d. Status as homeless	
e. Over income*	
	# of children
f. Number of children exceeding the allowed over income enrollment (as noted below) with family incomes between 100% and 130% of the federal poverty line**	
<p>* Section 645(a)(1)(B)(iii)(I) of the Head Start Act specifies that programs may serve, to a reasonable extent, up to 10 percent of participants in the area served who would benefit from such programs but who are not eligible due to options A.16.a through A.16.d above. Report in A.16.e above.</p> <p>** Section 645(a)(1)(B)(iii)(II) of the Head Start Act specifies that programs may serve children whose families have incomes below 130% of the federal poverty line if programs can demonstrate that all income-eligible children in their area are being served. This question applies only to those programs that have met the requirements of the Head Start Act and have enrolled children below 130% of the federal poverty line. Report in A.16.f above.</p> <p>* Section 645(d) of the Head Start Act specifies that AIAN programs may enroll participants who do not meet the low-income criteria, as long as these participants comprise less than 50 percent of total enrollment. Report in A.16.e above.</p> <p>* Section 645(a)(2) of the Head Start Act specifies that programs serving communities that meet these criteria may enroll participants who do not meet the low-income criteria, as long as these participants comprise less than 50 percent of total enrollment. Report in A.16.e above.</p>	

A.17 If the program serves enrollees under A.16.f, specify how the program has demonstrated that all income-eligible children in their area are being served.	
Specify	

Prior enrollment

Instructions and Definitions Include children who were enrolled previously in Early Head Start, Head Start or some combination. For example, a child enrolled at birth in Early Head Start who is now in his or her second year of Head Start preschool should be counted in "Three or more years."

Prior enrollment includes only those children who, in their previous year of Head Start or Early Head Start, were enrolled for at least half of the time that classes or home visits were in session.

A.18 Enrolled in Head Start or Early Head Start for:	# of children
a. The second year	
b. Three or more years	

Transition and turnover (HS programs)

Instructions and Definitions **HS Programs:**

When counting the number of children who were enrolled less than 45 days, count from the date the child began classes or, for home-based programs, the date home visits began. Grantees should include **all** children who have been enrolled in the program and have attended at least one class. Programs with home-based options should include children who have received at least one home visit during that month.

	# of children
A.19 Total number of preschool children who left the program any time after classes or home visits began and did not re-enroll	
a. Of the preschool children who left the program during the program year, the number of preschool children who were enrolled less than 45 days	

Instructions and Definitions For Question A.19.b, report on all preschool children enrolled in Head Start at the end of the current enrollment year. If a child left the program prior to the end of the current enrollment year, do not report on that child.

	# of preschool children
A.19.b. Of the number of preschool children enrolled in Head Start at the end of the current enrollment year, the number projected to be entering kindergarten in the following school year	

Transition and turnover (EHS programs)

Instructions and Definitions EHS Programs:

Definitions When counting the number of children who were enrolled less than 45 days, count from the date the child began classes or, for home-based programs, the date home visits began. Grantees should include **all** children who have been enrolled in the program and have attended at least one class. Programs with home-based options should include children who have received at least one home visit during that month.

Grantees should also include **all** pregnant women who have been enrolled in their program and received Early Head Start services. Pregnant women who gave birth and subsequently enrolled their infant in an Early Head Start program should **NOT** be included in turnover.

	# of children
A.20 Total number of infants and toddlers who left the program any time after classes or home visits began and did not re-enroll	
a. Of the infants and toddlers who left the program above, the number of infants and toddlers who were enrolled less than 45 days	
b. Of the infants and toddlers who left the program during the program year, the number who aged out of Early Head Start	
1. Of the infants and toddlers who aged out of Early Head Start, the number who entered a Head Start program	
2. Of the infants and toddlers who aged out of Early Head Start, the number who entered another early childhood program	
3. Of the infants and toddlers who aged out of Early Head Start, the number who did NOT enter another early childhood program	

	# of pregnant women
A.21 Total number of pregnant women who left the program after receiving Early Head Start services but before the birth of their infant, and did not re-enroll	
A.22 Number of pregnant women receiving Early Head Start services at the time their infant was born	
a. Of the pregnant women enrolled when their infant was born, the number whose infant was subsequently enrolled in the program	
b. Of the pregnant women enrolled when their infant was born, the number whose infant was NOT subsequently enrolled in the program	

Transition and turnover (Migrant programs)

Instructions and Definitions Migrant Programs:

Definitions When counting the number of children who were enrolled less than 45 days, count from the date the child began classes. Grantees should include **all** children who have been enrolled in the program and have attended at least one class.

If the program operated for less than 45 days, do **NOT** include children who completed the program in Turnover.

	# of children
A.23 Total number of children who left the program any time after classes or home visits began and did not re-enroll	
a. Of the children who left the program during the program year, the number of children who were enrolled less than 45 days	
b. Of the children who left the program during the program year, the number of preschool children who aged out, i.e. left the program in order to attend kindergarten	

Child care subsidy

Instructions and Definitions Report the number of enrolled children for whom the program and/or its partners received a child care subsidy. Include all children who received services that met the Head Start Program Performance Standards regardless of the funding source.

	# of children at end of enrollment year
A.24 The number of enrolled children for whom the program and/or its partners received a child care subsidy	

Ethnicity

Instructions and Definitions The Office of Head Start follows the U.S. Census Bureau in terms of data collection on race and ethnicity, by asking about them separately. Each family should choose how to report their own ethnicity and race to the program for enrolled children (and enrolled pregnant women, if EHS).

Each enrollee will be included in **both** an ethnicity category and a race category. For example, a family that identifies their child as Black and Cuban will be counted in the “*Hispanic or Latino*” ethnicity category and also counted in the “*Black or African American*” race category.

Hispanic or Latino origin - A person of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture or origin, regardless of their race.

A.25 Ethnicity:	# of children / pregnant women
a. Hispanic or Latino origin	
b. Non-Hispanic or Non-Latino origin	

Race

Instructions and Definitions

American Indian or Alaska Native - A person having origins in any of the original peoples of North and South America or Central America, and who maintains tribal affiliation or community attachment.

Asian - A person having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian subcontinent.

Black or African American - A person having origins in any of the Black racial groups of Africa.

Native Hawaiian or other Pacific Islander - A person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands.

White - A person having origins in any of the original peoples of Europe, the Middle East, or North Africa.

Bi-Racial/Multi-Racial - A person of 2 or more races.

Other - A person reporting a race other than those listed.

Unspecified - A person whose race is unknown or whose parents declined to identify their race.

Instructions and Definitions Please read transportation questions carefully as responses are required from all programs, including those that do not provide transportation.

Transportation services

	Yes (Y) / No (N)
A.28 Does the program provide transportation to some or all of the enrolled children either directly or through a formal contractual agreement with a transportation provider?	
	# of children
a. Number of children for whom transportation is provided	

Buses

Instructions and Definitions Include only buses purchased or leased with ACF grant funds that were used in the last program year to support the operation of the Head Start or Early Head Start program

	# of buses owned
A.29 Total number of buses owned by the program that were purchased with ACF grant funds and are currently used to support program operations, regardless of year purchased

c. Enter name/title, if locally designed, and if web-based			

B. PROGRAM STAFF & QUALIFICATIONS

Instructions and Definitions This section of the PIR is used to describe all staff involved in the Head Start or Early Head Start program.

- Definitions** Programs should include all staff on the payroll at any time since last year's PIR was reported.
- If more than one individual held the position during the year, provide information for the person who was in the position at the time the PIR is reported.
 - If the position is vacant at the time the PIR is reported, provide information on the last person to hold the position during the year.
 - Head Start and Early Head Start programs must report separately. Report staff members who work with both programs on both PIRs.
 - Grantees and delegate agencies must also report staff separately.

Staff to include or not to include in the PIR counts.

Included	Head Start or Early Head Start Staff - Includes all administrative, management, child development, content area, and support staff such as custodians, regardless of the funding source for their salaries or number of hours worked.
	Contracted Staff - Includes individuals who are not Head Start or Early Head Start employees with whom the program has contracted to provide an ongoing service (e.g., disabilities specialists and mental health professionals, child care providers, collaborative teaching staff, family child care providers, or bus drivers).
May be included	Substitutes - For PIR purposes, include only those substitutes that replaced a staff member for an extended period of time. Examples include turnover, maternity, or other extended leave.
Not included	Consultants - Individuals providing short-term services to the program are not to be counted as staff. Volunteers, student interns, or trainees are not to be counted as staff.

TOTAL STAFF

Staff by type

	(1) # of Head Start or Early Head Start staff	(2) # of contracted staff
B.1 Total number of staff members, regardless of the funding source for their salary or number of hours worked		
a. Of these, the number who are current or former Head Start or Early Head Start parents		
b. Of these, the number who left since last year's PIR was reported		
1. Of these, the number who were replaced		
<i>Programs completing the PIR survey for the first time should report the number of staff who left since the program began.</i>		

TOTAL VOLUNTEERS

Volunteers by type

	# of volunteers
B.2 Number of persons providing any volunteer services to the program since last year's PIR was reported	
a. Of these, the number who are current or former Head Start or Early Head Start parents	
<i>Include both classroom and non-classroom volunteers. Count each person only once, regardless of the number of times they have volunteered in the program.</i>	

MANAGEMENT STAFF

Management staff – salaries

Instructions and Definitions Complete the table below for management staff and individual staff persons with lead responsibility for each content area. **Do not** use averages.

Annual Salary - Report the staff member's full annual salary for each position, even if part or all of the salary is funded by a non-ACF source or if the position is split between programs. Specify the actual salary per year. **Do not** annualize this figure if the staff member works less than 12 months of the year.

Report the percentage of the staff member's salary that is paid by Federal Head Start or Early Head Start funds. Enter the percentage (%); **Do not** enter the dollar amount.

For example:

The Program Director's annual salary is \$75,000. One-third of their salary is paid for by the local school district and two-thirds is paid by Head Start. Report the full annual salary of "\$75,000." Report the percentage funded by Head Start as "66%."

B.3 Management staff:	(1) Annual salary	(2) % of salary funded by Head Start or Early Head Start
a. Executive Director	\$	%
b. Head Start or Early Head Start Director	\$	%
c. Child Development & Education Manager	\$	%
d. Health Services Manager	\$	%
e. Family & Community Partnerships Manager	\$	%
f. Disability Services Manager	\$	%
g. Fiscal Officer	\$	%

Coordination of services

Instructions and Definitions Report the average number of hours per week services managers in the listed positions spend working with community partners/service providers to plan and implement coordinated services for Head Start children and families.

Examples include:

- hours a Disability Services Manager spends with LEA officials coordinating how a child's IEP or IFSP will be integrated into and supported by the Head Start program;
- time a Health Services Manager spends developing and maintaining partnerships with local health care providers to assure children have access to services for which they are referred.

B.4 On average, the number of hours per week services managers spend coordinating services:	Average # of hours per week
a. Child Development & Education Manager	
b. Health Services Manager	
c. Family & Community Partnerships Manager	
d. Disability Services Manager	
<i>If more than one person has lead responsibility for the role, provide the combined number of hours per week devoted, on average, to coordinating services.</i>	

CHILD DEVELOPMENT STAFF

EDUCATION & CHILD DEVELOPMENT MANAGEMENT STAFF

Education & child development managers/coordinators qualifications

Instructions and Definitions Head Start programs are required to hire staff or consultants to provide context area expertise in several key areas; see section 1304.52(d) of the Head Start Program Performance Standards. The titles of these staff members vary; programs may refer to these persons as managers, coordinators, or content area experts, for example.

The following PIR questions ask specifically about the manager(s)/coordinator(s) providing content area expertise and oversight on education & child development services. The role of the education & child development manager/coordinator includes serving as a curriculum specialist and providing assistance to teachers in the implementation and adaptation of curricula to a group of children or the needs of an individual child.

Note that in larger programs, there may be multiple education & child development (ECD) managers/coordinators, whereas in smaller programs, one individual may spend part of his or her time in the education & child development manager/coordinator role and part of his or her time in another role(s). Report on all individuals with a full- or part-time role as ECD managers/coordinators

C. CHILD & FAMILY SERVICES

Instructions and Definitions

Selected items in this section require data to be reported both at the time of enrollment and at the end of the enrollment year.

Report on **ALL** children and pregnant women enrolled during the course of the enrollment year in both columns, including those who left the program and late enrollees.

At Enrollment - The status of the individual enrollee at the time of his or her enrollment (i.e., include the status of children who enrolled during the enrollment year).

At End of Enrollment Year - The status of each enrollee at the end of his or her enrollment in the program. Include the status of those who left the program during the enrollment year.

Since last year's PIR was reported – Time frame to report on any services that occurred since the prior year's PIR was submitted. Include any services delivered after the end of the program year to children and pregnant women enrolled in the 2013-2014 program, providing they occur prior to PIR submission.

For example, a child who is transitioning into the public school may be supported by family service staff to complete or continue medical treatments through the summer months, even though classes have ended.

Also, include children who received services in preparation for their enrollment in Head Start or Early Head Start, such as EPSDT screenings. **These screenings may have occurred prior to last year's PIR submission. However, these children were not included in that report and therefore would be included in the current year's report.**

HEALTH SERVICES

Instructions and Definitions

Health information should be obtained from the medical, dental, and immunization records of all children and pregnant women enrolled for any length of time since last year's PIR was reported.

Indian Health Services and Migrant Health Services are not considered health insurance for purposes of the PIR.

Refer to the State EPSDT schedules – [Early and Periodic Screening, Diagnostic, and Treatment \(EPSDT\)](#)

- **Medicaid enrolled** - The child or pregnant woman has been officially certified as eligible for Medicaid paid services. The term does not include children or pregnant women who are thought to be eligible but have not been officially certified. Include children or pregnant women enrolled in Medicaid for any length of time since last year's PIR was reported.
- **Children's Health Insurance Program** - A federal-state partnership administered by the state under broad federal guidelines. The program may be known as "CHIP" or function under a different name.
- **CHIP enrolled** - The child has been officially certified as eligible to receive services covered by the Children's Health Insurance Program. Include children enrolled in CHIP for any length of time.

Medical services – children

Instructions and Definitions

- Include children who left the program, if they were up-to-date when they left the program, when counting children who are up-to-date on a schedule of age-appropriate preventive and primary health care.
- Question C.8.a.and C.8.b ask specifically about children with any chronic condition needing medical treatment that have been newly diagnosed with this chronic condition since last year's PIR was reported, by a health care professional.
- Question C.9 asks about all children receiving medical treatment for the specific chronic conditions listed, regardless of when the condition was first diagnosed by a health care professional.

	(1) # of children at enrollment	(2) # of children at end of enrollment year
C.8 Number of all children who are up-to-date on a schedule of age-appropriate preventive and primary health care, according to the relevant state's EPSDT schedule for well child care		
		# of children at end of enrollment year
a. Of these, the number diagnosed by a health care professional with any chronic condition needing medical treatment since last year's PIR was reported		
1. Of these, the number who have received or are receiving medical treatment		
b. Specify the primary reason that children who needed medical treatment, for any chronic condition diagnosed by a health care professional since last year's PIR was reported, did not receive it:		Select one primary reason (X)
1. No health insurance		
2. No pediatric care available in local area		
3. Medicaid not accepted by health provider		
4. Parents did not keep/make appointment		
5. Children left the program before their appointment date		
6. Appointment is scheduled for future date		
7. No transportation		
8. Other (please specify):		

C.9 Number of all children who received medical treatment for the following chronic conditions since last year's PIR was reported, regardless of when the condition was first diagnosed by a health care professional:	# of children
a. Anemia	
b. Asthma	
c. Hearing Difficulties	
d. Vision Problems	
e. High Lead Levels	
f. Diabetes	

Body Mass Index (BMI) – children (HS and Migrant programs)

- Instructions and Definitions**
- Migrant programs should report on children age 3 and older only when completing this item.
 - Body Mass Index (BMI) is a number calculated from a child's weight and height. For children and teens, BMI is age- and sex-specific and is often referred to as BMI-for-age. After BMI is calculated for children and teens, the BMI number is plotted on the CDC BMI-for-age growth charts (for either girls or boys) to obtain a percentile ranking. The percentile indicates the relative position of the child's BMI number among children of the same sex and age. For children, BMI is used to screen for underweight, healthy weight, overweight, or obese.
 - For more information, including BMI-for-age growth charts, see the Centers for Disease Control and Prevention (CDC) website, at [About BMI for Children and Teens](#).

C.10 Number of all children who are in the following weight categories according to the 2000 CDC BMI-for-age growth charts	# of children at enrollment
a. Underweight (BMI less than 5 th percentile for child's age and sex)	
b. Healthy weight (at or above 5 th percentile and below 85 th percentile for child's age and sex)	
c. Overweight (BMI at or above 85 th percentile and below 95 th percentile for child's age and sex)	
d. Obese (BMI at or above 95 th percentile for child's age and sex)	

Immunization services - children

	(1) # of children at enrollment	(2) # of children at end of enrollment year
C.11 Number of children who have been determined by a health care professional to be up-to-date on all immunizations appropriate for their age		
C.12 Number of children who have been determined by a health care professional to have received all immunizations possible at this time, but who have not received all immunizations appropriate for their age		
C.13 Number of children who meet their state's guidelines for an exemption from immunizations		

Pregnant women – services (EHS programs)

C.14 Indicate the number of pregnant women who received the following services while enrolled in EHS:	# of pregnant women
a. Prenatal health care	
b. Postpartum health care	
c. Mental health interventions and follow up	
d. Substance abuse prevention	
e. Substance abuse treatment	
f. Prenatal education on fetal development	
g. Information on the benefits of breastfeeding

Pregnant women dental services (EHS programs)

	# of pregnant women
C.21 Number of all pregnant women served who received a professional dental examination(s) and/or treatment since last year's PIR was reported	

MENTAL HEALTH SERVICES

Mental health professional

Instructions and Definitions Report the number of hours a mental health professional spent with children, parents and families within or outside of the classroom, and in training or consultation with Head Start staff.

	# of hours
C.22 Average total hours per operating month a mental health professional(s) spends on-site	

Mental health services

Instructions and Definitions Do not include routine communication with staff or parents or routine child screenings and assessments.

	# of children at end of enrollment year
C.23 Indicate the number of enrolled children who were served by the mental health (MH) professional(s) since last year's PIR was reported:	
a. Number of children for whom the MH professional consulted with program staff about the child's behavior / mental health	
1. Of these, the number for whom the MH professional provided three or more consultations with program staff since last year's PIR was reported	
b. Number of children for whom the MH professional consulted with the parent(s) / guardian(s) about their child's behavior/mental health	
1. Of these, the number for whom the MH professional provided three or more consultations with the parent(s) / guardian(s) since last year's PIR was reported	
c. Number of children for whom the MH professional provided an individual mental health assessment	
d. Number of children for whom the MH professional facilitated a referral for mental health services	

Mental health referrals

	# of children at end of enrollment year
C.24 Number of children who were referred by the program (by the MH professional or another staff member) for mental health services outside of Head Start, since last year's PIR was reported	
a. Of these, the number who received mental health services since last year's PIR was reported	

DISABILITIES SERVICES

Preschool disabilities services (HS and Migrant programs)

	# of children
C.25 Number of children enrolled in the program who had an Individualized Education Program (IEP), at any time during the enrollment year, indicating they were determined eligible by the LEA to receive special education and related services	
a. Of these, the number who were determined eligible to receive special education and related services:	# of children
1. Prior to enrollment into the program for this enrollment year	
2. During this enrollment year	
b. Of these, the number who have not received special education and related services	

Infant and toddler Part C early intervention services (EHS and Migrant programs)

	# of children
C.26 Number of children enrolled in the program who had an Individualized Family Service Plan (IFSP), at any time during the enrollment year, indicating they were determined eligible by the Part C Agency to receive early intervention services under the Individuals with Disabilities Education Act (IDEA)	
a. Of these, the number who were determined eligible to receive early intervention services:	# of children
1. Prior to enrollment into the program for this enrollment year	
2. During this enrollment year	
b. Of these, the number who have not received early intervention services under IDEA	

Preschool primary disabilities (HS and Migrant programs)

Instructions and Definitions Migrant Programs should report on children age 3 and older only when completing this item.

Definitions Report the number of children with an Individualized Education Program (IEP), enrolled during this enrollment year, whose primary or most significant disability was determined by a multidisciplinary team to be one of the following disabilities as categorized and defined in regulations for the Individuals with Disabilities Education Act (IDEA).

Report each child only **once**, by primary disability.

C.27 Diagnosed primary disability:	(1) # of children determined to have this disability	(2) # of children receiving special services
a. Health impairment (i.e. meeting IDEA definition of "other health impairment")		
b. Emotional disturbance		
c. Speech or language impairments		
d. Intellectual disabilities

g. Visual impairment, including blindness		
h. Specific learning disability		
i. Autism		
j. Traumatic brain injury		
k. Non-categorical/developmental delay		
l. Multiple disabilities (excluding deaf-blind)		
m. Deaf-blind		

EDUCATION AND DEVELOPMENT TOOLS/APPROACHES

Screening

Instructions and Definitions The Head Start Act requires all children to receive a developmental, sensory, and behavioral screening within 45 days of entering the program, in order to determine if further evaluation is needed. If a child was enrolled in Head Start as a three-year-old, received the screening, and is returning to Head Start as a four-year-old, that child does NOT need to be re-screened (see [Policy Clarification OHS – PC – C – 002 Must a Head Start child in the child’s second year of Head Start be re-screened for developmental concerns?](#)).

This question asks about the initial screenings within 45 days of entry for children who are enrolled in the program for the first time. These screenings may take place prior to the child receiving services, for example, developmental screening of children during summer months before classes start at the beginning of fall.

This does not include ongoing screenings that children may receive as part of their regularly scheduled EPSDT visits nor does it include ongoing assessment of children’s health and development.

Report on **ALL** children enrolled for the first time, including children who were screened but then left the program prior to 45 days.

	# of children
C.28 Number of all newly enrolled children since last year’s PIR was reported	
C.29 Number of all newly enrolled children who completed required screenings within 45 days for developmental, sensory, and behavioral concerns since last year’s PIR was reported	
a. Of these, the number identified as needing follow-up assessment or formal evaluation to determine if the child has a disability
