Banquet Honors Top Thirty Students Fri

Thirty top-ranking students at State College were honored for meritorious service in campus journalism during the annual banquet meeting of the college's Board of Student Publications last Friday night.

John W. Parker, retiring editor of the Technician, was awarded an engraved gold cup as the leading figure in the field of student publications at State College during the past year.

A special award also was presented to Don Joyce business manager of the 1955 Agromeck, and a member of the management committee of the State College Print Shop.

Keys were presented by Prof. Roger P. Marshall of the English Department, veteran member of the Board of Student Publications. The cup was presented to Parker by Rudolph Pate, board chairman and director of the College News Bureau.

Honorary keys were awarded to Banks C. Talley, Jr., coordinator of student affairs, and Lindsay R. Whichard of the English Department faculty, who also serves as the board's executive secretary.

John Gregg, editor of the Agromeck, and Joyce announced that this year's edition of the annual is dedicated to Whichard and Harrie Keck of Charlotte, editor of the 1936 Agromeck and now an official of the Observer Printing House in Charlotte. Gregg and Joyce also presented the first copies of this year's Agromeck to those in attendance at the banquet.

Prof. R. S. Dearstyne To Retire July 1

Prof. Roy S. Dearstyne, head of the Poultry Science Department at N. C. State College, will retire from his administrative duties on July 1 after 33 years of service on the institution's faculty and will be succeeded by Dr. Edward W. Glazener, a native of Raleigh and member of the department's faculty.

Announcement of the veteran faculty member's retirement and the appointment of Dr. Glazener as his successor was made here by Dr. Carey H. Bostian, chancellor of the college, and Dr. D. W. Colvard, dean of agriculture.

The banquet speaker was Dr. J. W. Fou, head of the Animal Industry Department, who made a humorous talk. John Lomax business manager of the student radio station, WVWP, introduced Professor Marshall. Arrangements for the banquet were handled by a committee, of which Gregg and Joyce served as co-chairmen.

Keys for meritorious service were awarded to the following staff members of the various publications and radio station:

The Agriculturist — Marvin K. Aycock, Jr., Kenneth R. Barker, Thomas A. Dixon, Arthur H. Shackelford, and Reginald L. Stroud.

The Agromeck — Richard J. Barney, William H. Foushee, James B. Lewis, Howard H. Simon, Richard A. Teague, and George B. Wallace.

The Southern Engineer—Henry C. Croom, Ransom S. Harris, and Joseph K. Reid, Jr.

The Technician—Alex E. Anthony, Jr., Hubert C. Dixon, James W. Gahan, Gerald G. Hawkins, Ralph A. Killough, John H. Lane, George T. Lathrop, Henry D. McCoy, and L. C. Draughan.

The Textile Forum — Richard Goldenberg, Howard Greenberg, and Albert Nalven.

WVWP — Robert R. Bailey, Ronald C. Harrell, Leonard C. Hoots, and Lawrence C. Olin.

"Y" Sec'y E. S. King Retirement Disclosed

Edward S. King, who has headed State College's YMCA for more than 35 years, will retire July 1 and will be succeeded by Oscar B. Wooldridge, Jr., former "Y" secretary at the University of Virginia and now associate secretary of the Central Atlantic YMCA Area in Newark, N. J.

Wooldridge will hold the title of general "Y" secretary and coordinator of religious activities. He currently is in charge of student "Y" activities for the Central Atlantic Area serving 52 colleges and universities in New Jersey, Maryland, Delaware, and the District of Columbia.

REV. GAYLORD B. NOYCE

The Rev. Gaylord B. Noyce, minister of Raleigh's United Church since last August, will deliver the baccalaureate sermon for State College's 1955 graduating class in the William Neal Reynolds Coliseum Sunday, May 29, at 11 a.m. Dr. Carey H. Bostian will preside and confer degrees upon approximately 679 students. The Rev. Mr. Noyce was educated at Miami University in Oxford, Ohio, and Yale University's Divinity School. He formerly was assistant minister of the Hancock Congregational Church in Lexington, Mass.

C U Annual Banquet Tester Receives Bond

Awards were presented to a number of students for their work in extra-curricular activities during the third annual banquet of the College Union, Friday night, May 13.

The banquet speaker was Dr. Carey H. Bostian. The Rev. Robert C. Lasater, director of the Baptist Student Union rendered the invocation.

John Tester, retiring president of the College Union was presented a savings bond for his service on behalf of the organization.

Others receiving awards included Bobby Strother, who received a savings bond; Johnny Olund, who was named the outstanding committee member; and James Smathers who was chosen the outstanding committee chairman.

Trophies were presented to three retiring officers of the College

Legislature Perks Up One Meeting Left

In an end-of-school burst of vigor Monday, the Legislature lit up with some hot debate and parliamentary wrangling.

A resolution to replace the evidently defeated, a motion to seat A. B. Moore on the Legislature was tabled, and the Raleigh Sprocket Strippers Club was approved during the first session.

The "Operating Procedure" resolution introduced by Bob Lane provided that "no action may be taken on any issue unless it is printed and distribution has been effected prior to the assembly time".

The preamble of the resolution

stated that "many matters have been brought before the Legislature with no previous information being disseminated, and . . . it is easier to grasp a fuller meaning and all the implications of an issue if each member holds a copy of the issue."

Since there was not a candidate for rising senior Senator from the School of Design, a move to seat A. B. Moore, who according to several Senators desired the office, was introduced. When discussion brought out that there were two other people who also desired the seat, the resolution to seat Moore was tabled.

A little parliamentary strategy by Nolan was brought into play when he moved adjournment to reconvene immediately. The object in this move was to make it possible to take the previously tabled motion from the table.

The second session began with a resolution calling for a revision of the section in the Constitution dealing with vacancies in the Legislature. At the present time there is no provision to cope with a vacancy caused by no one running for the seat. The resolution died when a second failed to come forth from the assembly.

Since 11 o'clock was fast approaching, members were beginning to straggle out. There was not a quorum present. This automatically closed the meeting.

New Men Take Over C U S C Meet Sunday

The Consolidated University Student Council met in Chapel Hill Sunday to discuss problems common to all three campuses. It was the last meeting of the year and the council was turned over to the new representatives who are the top officers of the student bodies.

One of the primary items on the agenda was a change in the constitution to seat the presidents of the Freshman and Sophomore classes as delegates. The council passed the motion with the necessary two-thirds majority and it was sent to the Student Governments for ratification. Election of officers followed with the Chapel Hill delegation receiving the offices. The custom is to rotate the offices and it will fall State College's turn next year.

Jim Nolan from State College stunned the group with a motion for adjournment with only about three-fourths of the business completed. After pressing the matter, Nolan was defeated. Among the other items discussed were Student Supply Store profits, tuition raises and the coming CU Day scheduled to feature the State-Carolina football game.

The CUSC is an informal group of top leaders from Carolina, Woman's College and State. It meets to discuss common problems and to make suggestions that will improve student life. The results of the meetings are carried to President Gordon Gray for final action.

Agromeck Makes It On Time As Promised

Varied reaction ranging from enthusiastic approval to negative nods of the head marked student reception of the 1955 Agromeck.

Following so close on the heels of glowing progress reports during the past year from the yearbook's staff, this year's school annual shows definite signs of strain in trying to live up to its advance notices.

Where top level planning and layout merit praise for Editor John Nathan Gregg and his aides, lack of coordination attending the details seem to give the appearance of spats on base fee.

Although the 1955 edition of the (Continued on page 10)

State College's new lighting system was well on the road to completion when the above picture was taken. Shown above are two men of the crew who are involved in burying the conduit for the circuit which is being laid without breaking up the sidewalks or streets. Two types of lamp standards are being used, tall posts for streets and the conventional posts for courts. The project is slated for completion the last of this month. (Staff photo by Wall)

John Wiles Elected Blue Key President

John Wiles was elected president of Blue Key Honor Fraternity during the organization's last meeting of the year. Bob Dillard was elected to assist Wiles as vice-president and Charles Woodall will serve as secretary-treasurer. Bob Krook is the retiring president.

Blue Key initiated 21 top junior and senior leaders last Friday night at a banquet held at Warren's Restaurant. Dean Jack Stewart addressed the old and new members of the fraternity, stressing the part that each man plays in school spirit. He differentiated school spirit from the usual thoughts and spoke of it as the things that people are contributing to campus life, rather than the rah-rah type. He said that he felt that working on Student Government, publications and other activities is just as important as attendance and cheering at games although these too are important.

Pet Peeve Dept.—Although State College has spent thousands of dollars on campus beautification, students continue to abuse the program. Shown above is a student taking a shortcut across the grass near the Bureau of Mines Building. A well-worn path has been the result of the shortcut and has resulted in another campus eye-sore. This week a fence was added to keep students off the grass. It's hard to tell which is uglier, the fence or path. (Staff photo by Wall)

EDITORIAL COMMENT:

Can It Be Improved?

Possibly the best way that faculty-student relations could be improved would be for the individual professor to talk to and with students in more of a friendly, down-to-earth manner. Students are humans as well as professors and both have good points as well as bad ones. Certainly students, at times, seem to professors to be lazy and contrary, but in college to fight fire with fire is not the solution. Patience and understanding is the remedy. More of these two things could be used well by the faculty.

If freshmen were notified who their advisors are during registration and advisor and advisees could have a friendly "bull session" together, a closer bond might be established between the advisor and his advisees. An advisor could boost school spirit immensely if he would suggest individually—as a big brother might do—to his advisees that they join their professional societies and also to become active in campus activities.

As a general rule professors who are informal in class are respected and are liked better than those who are very formal and act as if they are on a plane above the class. Granted though, this informality can be carried a little too far—such as taking bets against State in football during class. Such things really help school spirit. But such a case is the exception instead of the rule, and may the day come when it is impossible to find such an example at State College.

If all professors would post when they expect to be in their office and make an effort to stick to it, tempers might be helped a great deal. It is extremely annoying to be forced to make numerous trips to a professor's office to consult him and never find him in. Students have schedules and classes to make, as do professors, and a student cannot devote his whole time to tracking down an instructor or his advisor. Of course, if a student fails to comply with some rule or regulation that has a deadline and required his advisor's signature the advisor's immediate question when seen again is, "why didn't you come to see me?" Actually the student may have been by several times only to find that he was not in. A few minutes taken to prepare and post a schedule on his office door could have prevented such a situation.

These are suggestions to the faculty whereby the cooperation and goodwill of students can be obtained. There are personnel who employ these ideas (and they work) in their everyday contact with students. Students respect these men and appreciate their effort to be congenial and helpful. This part of the faculty deserves commendation.

The professor, however, is only one-half of the team, and the student's attitude certainly must be taken into consideration. But if a professor will go half way, the students will go the other half.

L.C.D.

A High Price To Pay

Some forms of amusement are available at a very reasonable price, and some amusement costs far more than is apparent on the surface. It seems a high price to be charged 60 cents to see a movie or 30 cents to bowl, but these prices are very low compared to the cost of another type of amusement. Some men (???) take great delight in breaking out dormitory windows, lights and other facilities. These students think that it's funny to destroy something that will cause some inconvenience or be annoying to someone else.

The lights that have been broken in the tunnel in front of Turlington have been replaced each time they have been broken. Replacing them has cost money that has been budgeted for something else. Each time this happens, money that could be spent for a student benefit has to be reapportioned. And this means, occasionally, that hall lights are not being replaced promptly.

Certainly light bulbs don't cost too much, and even though they add up they aren't as important in this respect as the inconvenience that their absence causes. Consider the telephones, however. A complete disregard on the part of some students for other students has caused several dormitory telephones to be removed by the company. More than once when a telephone serviceman has checked a phone booth at State College he has found only a bare spot on the wall with a few twisted wires dangling out. The present policy is to take them out when they are damaged and forget them. With such a policy the chances of reaching someone during an emergency diminishes. Students were warned that such a policy was brewing; the students who continued to indulge in this "off-brand" entertainment caused a hardship to be forced on the majority of the students who have been very conscientious.

Saturday night sees an upswing in the

number of windows that are broken. Broken glass presents a hazard, and here another very dangerous act of vandalism comes to light. It isn't common to see burned notices hanging from bulletin boards. Setting fire to papers on walls is a dangerous thing to do in any dormitory, but in some of the older dorms it constitutes an invitation to disaster.

The problem is extremely serious. It costs the college and students money and it can be traced directly to a selfish attitude on the part of a few students. State certainly doesn't need students who consistently seek amusement in this way. It's a high price to pay.

WITH THE GREEKS AND

Alex Anthony

Last Saturday night the Sigma Chi's had their annual Sweetheart Ball and Banquet. They began the weekend on Friday with a Cabin Party. Saturday afternoon they had an open house for everyone attending the ball and banquet, and later Saturday night they ended the weekend with another cabin party. The East Carolina Collegians played for the ball Saturday night. The Sigma Nu's ended Help Week last week by having a Cabin party Saturday night. This weekend they are having a "Tramp" party at the house with a combo furnishing the music. Monday night they are initiating three new members. After the initiation they will have their usual Stag party.

The Sigma Pi's went to the beach last weekend. This Saturday they are planning a party at Truby's. The Theta Chi troops had open house last Saturday night. This Friday night they are having a banquet for the Spring Pledge Class before their initiation. The Sig Eps enjoyed their new out-door fireplace this past Friday night. It was built by this year's pledge class. They sent a large delegation to their annual district convention May 7. Carolina played host to delegates from Duke, Wake Forest, Davidson, High Point, U of S. C., and State. Carolina again played host to the Sig Eps last Saturday for the annual Charlie's Day which included a combination of songs, parties, and elimination baseball.

The Phi Eps had their regular party last Friday and Saturday nights and plan the same for this weekend. The Phi Tau's went to Crescent and Windy Hill last weekend for a Beach Party. This weekend the graduating seniors are giving a party for those they are leaving behind to hold on to things. Monday night they are going to initiate four new members. Several of the Pi Kapp's attended the Publications Banquet last Friday night and returned to the house for a party afterwards. Saturday afternoon they had a cabin party at one of the members cabins followed by an informal dance afterwards at the house. This weekend they are having a Beach Party at Windy Hill.

The PIKA's had a consolidated picnic at Truby's this past weekend. There were five chapters attending. They returned to the house for a party with a combo as the main attraction. Several of the SAE's went to Asheboro last Saturday to present their Glee Club in a local Church. This Friday night they are having an initiation. After the Saturday exams they are having a party for the new brothers.

The SAM's went to Wrightsville last weekend for a Beach Party. This weekend they are having a farewell party for the graduating members. This includes a banquet and party. The AGR's had their annual Founder's Day Banquet at the Tar Heel Club last Saturday night followed by a dance. This weekend they are going to Nags Head

Why do more college men and women smoke **VICEROYS** than any other filter cigarette?

BECAUSE ONLY VICEROY GIVES YOU A PURE, NON-MINERAL, NON-TOXIC FILTER WITH 20,000 FILTER TRAPS IN EVERY FILTER TIP!

1. Yes, only Viceroy has this filter composed of 20,000 tiny filter traps. You cannot obtain the same filtering action in any other cigarette.
2. Besides being non-mineral and non-toxic, this cellulose-acetate filter never shreds or crumbles.
3. The Viceroy filter wasn't just whipped up and rushed to market to meet the new and skyrocketing demand for filtered cigarettes. Viceroy pioneered. Started research more than 20 years ago to create the pure and perfect filter.
4. Smokers en masse report that filtered Viceroy's have a finer flavor even than cigarettes without filters. Rich, satisfying, yet pleasantly mild.
5. Viceroy draws so easily that you wouldn't know, without looking, that it even had a filter tip . . . and Viceroy's cost only a penny or two more than cigarettes without filters!

That's why more college men and women smoke VICEROYS than any other filter cigarette . . . that's why VICEROY is the largest-selling filter cigarette in the world!

20,000 TINY FILTER TRAPS . . . plus Richer, Smoother Flavor

SQUARE CIRCLE

By Dixon

Understatement of the year: From the report of the visiting committee to the board of trustees of the University of North Carolina, page 10, section E: ". . . at Chapel Hill 21.3 per cent (of the students) have registered the possession of cars. The officials believe that their records of registration are incomplete."

Military mambo: ROTC cadets are willing to swear by the band's 120 cadence. Trouble is, however, that it's 50 beats for the left foot and 70 for the right.

House of horrors: School of Design students say they would flunk if they proposed a structure such as the one now being prepared for their use. They claim it has everything a modern building ain't supposed to have.

Follow that lunch wagon: Left behind the Pi Kapp's set forth for their formal at the Tar Heel Club Saturday before last, Ron MacLain and his date, (in a very full dress) set out across town on a motorcycle. Eyes popped and horns honked when the formally dressed couple zoomed by pedestrians and drivers along the way. But nobody's eyes popped half as much as Ron's when he discovered that the guy leaning heaviest on the horn and following closest (after he had glimpsed sight of the couple's contribution to the evening's refreshments) was one of Raleigh finest.

It may have been the heat: Agromeck Editor-elect Bill Foushee's Alpha Sigma Sigma stock soared high after his brief stint in assisting in distribution at the YMCA last Saturday afternoon.

To keep the record straight: Textile school students want it known that the shirtless characters seen last week in the Shuttle-In were visiting Forestry students from next door. After all, textile students are "in the business."

LITTLE MAN ON CAMPUS

by Dick Bibler

"Well, now, I thought it was odd they wanted to work for nothing."

"Who was the man who just left?" The husband was quite angry. "Who was it?"

"Henry Wilson," the wife confessed.

"I'll get him . . . and teach him a thing or two."

"I doubt it," the wife snapped back.

Patient: "I'm all out of sorts—the doctor said the only way to cure my rheumatism is to stay away from dampness."

Friend: "What's so tough about that?"

Patient: "You don't know how silly it makes me feel to sit in an empty bathtub and go over myself with a vacuum cleaner."

ACC TRACK MEET

State's track team captured two 1st places and one third in the ACC Track meet. MIKE SHEA set a new ACC record in the two-mile run as he raced across the finish line in 9:27.6. The old mark was 9:27.8. BOB JONES took first in the 880 yd. run and JIM BARBEE claimed third in the mile. . . . State finishes its season Saturday night when it plays host to the Carolina AAU Meet.

BIG FOUR DAY

Congratulations are in order for State's Big Four intramural team who missed first place by one little 'ol point. According to the intramurals department had the volleyball team lived up to its expectations the local lads would have taken first. . . .

MONOGRAM CLUB

While we are handing out citations, State's Monogram Club should be included for its orphanage party last week. The club entertained over fifty children from the Catholic Orphanage in the form of a party and supper. . . . Games were played and a good time was had by all. . . . The club hopes to make this outing an annual affair.

The Dorm Corner

BASEBALL'S CHAMPIONSHIP
Welch And Syme Lead—Two championship games have been played, Welch defeated Becton No. 1 15 to 7. Syme No. 2 team beat Turlington No. 2 14 to 6. In the Welch-Becton clash two home runs in the third inning by Waynick and McSwain gave Welch the necessary margin they needed. Watterson and Ferguson also hit homers for Welch. Outlaw hit three men home, while Bagonis hit in four when he homered in the fifth.
In the Syme-Turlington clash

Pryor pitched a great game for Syme and struck out four players. Medford hit a homer with McCarter and Winkler on base. The Turlington team started off with Beaver, Maglio, and Elliot singling in the first. Syme took the lead in the second when Winkler doubled and later scored. They assured victory when in the fourth inning Medford and Pryor doubled and scored.

TENNIS' CHAMPIONSHIP

Bagwell No. 1 Wins The Tennis' Series—Bagwell No. 1 won the tennis championship when they beat Alexander in the singles and doubles. Carroll beat Prescott, Pineda beat Sotherland and in the doubles Scott and Busic of Bagwell defeated Keels and Winchester.
(Continued column 5)

Tennis Squad Ends '55 Season; Next Year Looks Better

Led this year by Captain Howie Greenberg at No. 1 Singles Spot, our Varsity Tennis Team had a good year considering the top quality tennis played by the majority of its opponents. The team posted a 4 won and 12 lost record. And, although the team's record seems to be somewhat dismal, the real fact of the matter is that many matches could have easily gone either way.

In considering next year's chances, a quick rundown on returning players should suffice. Bill Cashion should be playing very well next year. He has a good all around game, and knows how to mix em' up.

Next, Gene Cross has a steady and consistent game and should do well again next year. Gene is the team's "Tiger".

Harry Reichard and Tony Frantz both have worked very hard this year. Harry is known for his powerful net game and Tony for his tremendous hustle.

Another real "Tiger" on the team is fighting Don Brinkley. "Brink" is one of those few people who have the remarkable ability to hit a good shot even while off balance.

A boy rapidly gaining control of his service game is Henry McCoy. Henry has a good but erratic game, and gaining good control of his service should help for next year.

Frosh Baseball Squad Blasts Carolina 20-3

State's powerful freshman baseball squad closed out their season in a big way as they crushed Carolina's frosh 20-3 behind the home run hitting of Dick Hunter and Bill Castleberry.

Castleberry socked his round tripper with two mates aboard. Kennel had 3-5 at the plate for the Baby Pack. State ended the season with a 7-3 Big Four record.

Scoring Summary:

	R	H	E
State Frosh	100	010	918
Caro. Frosh	000	001	110

The neighbors were complaining of the racket Mrs. Jones' husband was making. "All the time he goes around cackling like a chicken," they griped.

"I know," Mrs. Jones said. "We get tired of it, too. Sometimes we think he's not in his right mind."

"But can't you do something for him? Can't you cure him?"

"Oh, yes, I suppose we could. But we do need the eggs."

Carolina Spoils State's Championship Hopes As They Defeat Pack 10-5 In Final Conference Game—

Final Standing

	W.	L.
Wake Forest	11	3
STATE	10	4
North Carolina	8	5
Maryland	6	7
South Carolina	6	7
Duke	6	6
Clemson	5	8
Virginia	0	12

The Tar Heels of North Carolina proved to be the spoilers for State's baseball championship hopes as they socked the Pack 10-5 last week to knock Coach Sorrell's boys out of the running, as Wake Forest went on to defeat Virginia and clinch the ACC baseball championship.

For the Pack it was a bitter loss as earlier in the week they had come from behind to nip Wake Forest 9-8 to tie for the lead.

Home Runs

The Tar Heels, ending the season with a 8-5 conference record, blasted two home runs off of State's pitcher's as they collected a total of 15 hits during the game. Lou Dickman was charged with the loss.

Dud Whitley was the power at the plate for the home front as he collected 3-5. This was State's final game of the year and left them with a 7-3 conference mark and 14-6 over all record.

Scoring summary:

	R	H	E
Carolina	230	005	000
State	310	000	100

There was a young girl from St. Bride's,

Who ate green apples and died
Within the lamented
The apples fermented
Making cider insider insides.

State Takes 2nd Place In Big Four Day—

N. C. State's Big Four intramural team missed bringing home the first place trophy by one point last week as Carolina edged past them 26-25. Wake Forest was third with 20 and Duke last with 16.

The local lads took first place in Handball, Table Tennis, and horseshoes; second in Softball, third in Badminton and tennis and last in volleyball and golf.

The Big Four event will soon be enlarged to include night activities.

DORM CORNER—

(Continued from column 1)

HORSE SHOE CHAMPIONSHIP

Syme No. 2 Wins The Horse Shoe Series—Vargo of Tucker No. 2 won the first single over McCarter of the Syme No. 2 team, but Syme returned to win the remaining single with Vinson over Deangelo, and in the doubles with Roberts and Brooks over Zubaty and Fiore.

Dick Hunter Named Leading Frosh Athlete At N. C. State

Dick Hunter of Leechburg, Pa. has been named the most outstanding freshman athlete attending North Carolina State College in a recent vote by members of the N. C. State Monogram, it was announced today by Jim Frazier, club president.

Hunter, a five-foot, nine inch, 170-pound halfback, was the offensive leader of the 1954 State freshman football team which won four and lost one, thus compiling the best record for a Wolflet yearling team in nearly a decade.

In five games Hunter scored six touchdowns and booted one extra point to account for 37 points. He had several long runs during the season and amassed an 8.4 yard rushing average with 420 yards gained on 51 carries.

During the off-season Red-White football game Hunter saw considerable service with the winning White team, tossing three completions in four tries and intercepting two passes. He was one of the outstanding men in the contest in helping the Whites to post a 40-35 win.

After football practice Hunter reported for duty with the N. C. State freshman baseball team and gained a regular position in center-field with the Wolflet team. He is currently batting .386 and has hit two home runs so far this year. The State freshmen have won 8 and lost 4 to lead the Big Four freshman baseball league, which includes Duke University, Wake Forest and the University of North Carolina.

Coach Earle Edwards of the State football team regards Hunter as one of his finest prospects for the 1955 season.

"Dick has good speed and is a very deceptive runner" Edwards says, "and we know he's going to do a great job on the varsity next season."

The Monogram Club award to the most outstanding freshman athlete is an annual presentation and in the past has been won by some of State's most outstanding athletes.

A young general engineering student took his girl to the open air opera one beautiful warm sunny evening. During the first act he found it necessary to excuse himself. He asked the usher where the men's room might be found.

"Turn left, and walk down to the big oak tree, and there it is."

The young engineer did as he was told and in due time returned to his seat.

"Is the second act over yet?" he asked his girl.

"You ought to know," she replied, "You were in it."

Frat Intramurals

WINTER ALL-CAMPUS SELECTIONS

The 1955 winter fraternity intramural all-campus selections as determined by the intramural department and student officials are as follows:

Basketball

Sigma Nu—first, PKA—second, SAM—third, and Sigma Chi—fourth.

Honeycutt—Sigma Nu (3rd time)

Giddens—SAM

Woolard—PKA

McKeever—Sigma Chi (2nd time)

Cocke—Sigma Chi

Swimming

SAE—first, Sigma Chi—second, PKA—third, and KA—fourth.

Walton—SAE (2nd time)

Shaw—Sigma Chi (2nd time)

Staton—PKA (2nd time)

Farmer—SAE (2nd time)

Riggs—SAE (2nd time)

Gibbs—SAE

Handball

SAM—first, PEP—second, Sigma Nu—third, and AGR—fourth.

Levine—SAM

Steiger—SAM (3rd time)

Belkin—PEP

Canton—PEP

Table Tennis

Greenburg—PEP (2nd year)

Dillard—Sig Chi

Edgerton—Sig Chi

Rough—PEP

Softball Playoffs

The all important fraternity softball championship got under way Monday afternoon with Sigma Chi, SAM, PKA, and defending champions SAE battling for the crown.

SAE-8, Sigma Chi-6—The strong SAE's opened defense of their softball championship in good fashion as they defeated the Sigma Chi's 8-6. The SAE's took full advantage of 14 walks given up by the Chi's to grab the important win. Peterson's 2-3 was high at the plate for the victors while McCormic homered and Hubbard doubled for the Chi's main scoring punch.

SAM-7, PKA-1—With Steiger,

Cassuto, and Giddens all collecting 2-3 at the plate, the SAM's stopped the PIKA's 7-1 while holding them to four hits. The SAM's scored in the first inning and were never behind.

Yesterday afternoon the SAE's were scheduled to meet the SAM's in the winners bracket and the PKA's and Chi's squared off in the losers bracket.

Badminton

The PKA's eliminated Sigma Nu from the badminton play-offs last week 3-0 and are scheduled to meet undefeated Sigma Chi for the crown.

Horseshoes

Sigma Chi handed the Sigma Nu's their first loss of the year in the finals of the horseshoe play-offs, 2-1. Each team has lost one match and will meet again for the championship.

Awards Night

The annual intramural awards night will be held Thursday evening May 26 at 7:00 at Memorial Tower. In the event of rain the program will be at the gym. It is during this affair that the awards are made to the respective fraternities and individuals who have earned or won them during the past year.

A list of such persons receiving awards will be posted Wednesday afternoon at the gym. This will include All-campus selections for the year, plus the usual outstanding

basketball, football, and softball award, most outstanding athletic, best athletic director, and most participation.

Heard in an incubator: "Last one out is a rotten egg."

A slow-talking girl met a fast-talking city slicker. Before she could tell him she wasn't that kind of a girl—she was.

Punch-line to the year's hottest power story—

Chevrolet "Turbo-Fire V8"!

This is the engine that's writing a whole new chapter in the book of automobile performance records. This is the engine that has stock car timers doing a "double take" at their stop-watches wherever experts gather to compare the abilities of the 1955 cars.

For example, in the recent NASCAR* stock car competition at Daytona Beach, Florida, Chevrolet literally ran away from every other car in its class—and a raft of others besides. In the one-mile straightaway run for low-priced cars, the first two places—and six of the first ten—went to Chev-

rolets. And in acceleration runs from a standing start against all comers, the Motoramic Chevrolet beat all other low-priced cars—and every high-priced car except one!

What's behind this blazing performance? A compact honey of a V8 that only the world's leading producer of valve-in-head engines can build. Chevrolet's new "Turbo-Fire V8".

It puts a new kind of fun in your driving life. You're in charge of 162 high-spirited horsepower—or if you're looking for even more excitement, the new "Super Turbo-Fire V8" (optional at

extra cost) puts 180 h.p. under your toe!

Pick the one you'd rather have fun with, then come in and get behind the wheel. You'll see why the Motoramic Chevrolet is showing its heels to every-one else on the road!

CAMPUS HEADLINES

A short item on an inside page of the *Proscript*, published at Richmond Professional Institute of the College of William and Mary announces: "Social biology set for next summer." *But this class will be crowded and the crowd disappointed.*

Mississippi State College's *Reflector* recently told that their: "Forty AFROTC cadets to receive bars." *That's the way it is with this new Air Force, sets the boys up in business.*

Just across the hill a piece over at the University of Mississippi the *Mississippian* claims in a bright two-column head that their: "Ole Miss Beauty Queen more interested in reading good novels and philosophy." *Golly, she can't be that old!*

From the *Furman Hornet* down at Furman University comes this front page startler: "Girls vote on proposals made at spring camp." *My, how times have changed, now they got a choice.*

Over at Chapel Hill the *Daily Tar Heel* recently announced that a: "Med student wins award for character." *That's really going some at Carolina.*

Woman's College's *Carolinian* significantly carried this short note a week or so ago: "Library rooms close during performances." *Things are really getting bad when students go to the library to hide!*

Atom Power Course Here For Industry

"Industrial Participation in Nuclear Power Developments" will be the subject of a one-month course to be presented by N. C. State College's nuclear reactor staff and visiting atom experts at the college July 4-30.

Plans for the course—first of its kind ever offered in this part of the country—were announced yesterday by Dr. Clifford K. Beck, head of State College's Physics Department and director of its nuclear reactor, who said the Atomic Energy Commission suggested the

training and is assisting in planning it.

Key factors in offering the training, Dr. Beck stated, is industry's "urgent need" for personnel skilled in the nuclear field.

Experts have predicted that by 1970 half the new power plants under construction will be run by nuclear fuel and that in 10 years all ships will be powered by atomic means.

The State College course, Dr. Beck said, "is designed for graduate engineers with responsible positions in industrial companies who need a working knowledge of what participation in nuclear power developments can mean and do for industry."

N. C. State

Student Affairs Bulletin

UNPAID MISCELLANEOUS STUDENT ACCOUNTS — There appear to be an unusually large number of unpaid small bills (chemistry breakage, hospital board, traffic violation fees, etc.) in the cashier's office at this time. All students are reminded that these bills must be paid before examinations begin, and that they may not be deducted from the General Deposit which under a previously announced plan will be refunded only to graduates, and not until after the term ends. Each student, including seniors, is requested to clear his account immediately. If in doubt whether anything is owed, check in Room 12 Holladay Hall for traffic violations and with the cashier in the Business Office for all other bills.

GRADES FOR CANDIDATES FOR DEGREES — Cards for reporting all final grades for candi-

dates completing their work this semester have been sent to the heads of degree-granting departments for distribution to candidates. Each candidate may secure his from his department on Friday, May 20, or thereafter. Each graduating student must give each of his professors a card not later than Monday noon, May 23.

Professors are requested to record the final grades on these cards, sign the cards, and send or bring them to the Registration Office as soon as possible. All of these grade cards must be in our office by 1:00 p.m., Friday, May 27. No cards should be placed in the campus mail after the Thursday morning pick-up. **ALL CARDS SHOULD BE SENT TO US AS EARLY IN THE WEEK AS POSSIBLE.** We will greatly appreciate the cooperation of every faculty member in getting these cards to our office

promptly. **WE CANNOT CLEAR OUR RECORDS ON TIME WITHOUT YOUR COOPERATION.**

Registration Office

OFF-CAMPUS STUDENTS — Each year the Student Affairs Office asks students to fill out an Activity Record showing participation in extra-curricular activities. It is easy to contact students in the dormitories and fraternity houses but difficult to contact the off-campus students. Please come by Room 12, Holladay Hall, and fill out your Activity Record. We think this is an important part of your record.

EMPLOYMENT FOR NEXT YEAR — The College Union is recruiting new student employees for work in the Union next year including positions in the food services, at the Main Desk, at the Games Desk and as Pages. Interested students are asked to attend the meeting Tuesday, May 24, from 7 to 8 p.m. in the College Union Theater.

She was only an optician's daughter, but two glasses and what a spectacle she made.

A Campus-to-Career Case History

Here Ed Chandler reviews Long Distance facilities between Atlanta and Lincoln, Georgia. He is working from a layout that shows all Long Distance lines in the state.

"My classmates talked me out of a job"

Ed Chandler had a good job all lined up long before he graduated from Georgia Institute of Technology as an Industrial Engineer. But then he changed his mind . . .

"When I got out of college in '50, I was all set to go with a company I'd worked for during a previous summer.

"But then I got called up by the Army. During the next two years I heard a lot of good things from my Georgia Tech classmates who'd gone to work for the telephone company. As far as I was concerned this was the best recom-

mendation any company could get.

"So when I got out of the Army I stopped in to talk with the telephone people. When I saw an outline of their development program, I was sold.

"My first year took me through every phase of handling and estimating costs on telephone equipment from warehouse to installation. I drew up plans for several projects, then went out in the field to see how they were carried out.

"Now I'm helping develop next year's multi-million-dollar construction program for Georgia. I've found it an interesting and rewarding job."

In the engineering department of Southern Bell Telephone & Telegraph Company in Atlanta, Ed Chandler is moving along in his career. Your Placement Officer can give you details about similar opportunities with the other Bell telephone companies like Southern Bell—also with Bell Telephone Laboratories, Western Electric and Sandia Corporation.

WE'D LIKE YOU TO MEET -

Dean John W. Shirley, of the N. C. State College School of General Studies.

Dean Shirley is a native of the Midwest, having been born and raised in Iowa. He was born in Swea City, though he lived in Alton the majority of his early years (Continued column 4)

Robert Michael Knight, President of the Engineer's Council this year and one of the outstanding Seniors at State.

Bob has had an outstanding career at State. He got off to an early start his Freshman year with his election to Phi Eta Sigma, the Freshman Honor Society, and has

continued to show both his leadership and ability since then. He has been outstanding in his classwork and is a member of Tau Beta Pi, Engineering Honorary, Eta Kappa Nu, Electrical Engineering Honorary and AIEE-IRE, serving as Vice-Chairman of that group this year. Bob has been honored by the Junior and Senior Honorary Fraternities, Blue Key and Golden Chain, by election to their membership. As is inferred by the list of organizations, Bob is a Senior in E.E.

Knight is originally a native of Baltimore, Maryland, where he was born November 29, 1918. He attended grade and high schools in Baltimore and finished high school in 1936. He went to work in Baltimore for General Refractories Company in Baltimore, entering the service from this job in 1940. He was stricken with Tuberculosis in 1942 and entered the Veteran's Hospital at Oteen, N. C. He was discharged in 1943 and held a series of jobs connected with radio work with the FCC, CAA, Maritime Commission and Signal Corps. In 1949 he was again stricken with T.B. and returned to Oteen. By 1951, when he was again ready to leave Oteen, he had decided that he wanted to return to college. He chose State and entered here as a Freshman in January, 1952.

During his second stay in Oteen, Bob became acquainted with Miss Ann Marie Peck of Asheville and they were married in Asheville on September 10, 1951. They are now the parents of Robert Michael Knight, Jr., who will reach the ripe old age of three in August of this year.

Bob has a job with Lockheed Aircraft in Marietta, Georgia, after graduation and plans to set up his home in Marietta.

SHIRLEY—

(Continued from column 1)

and attended school there. He attended college at the University of Iowa and received his Ph.D. there. He was a professor at Michigan State College, where he taught for four years in the Physics Department and seven years in the English Department. He has also had a year and a half at Henry L. Huntington Library doing research in the history of science, while at the same time, he was a visiting professor, teaching the history of science, at California Institute of Technology. Dean Shirley feels that

his greatest honor was his receiving a Guggenheim Fellowship for a year's study, in London, of scientific manuscripts of the late 16th and 17th centuries. He came to State in July 1949 to assume his present post.

Outside activities have occupied a prominent place in the Dean's life here. He is a member of the United Fund board and the Salvation Army Board of Directors. In the line of his work, he is a representative to the General Council of the American Society of Engineering Education and is on the National Committee of the Humanis-

Mr. Formal

AT State

and King of the campus! Congratulations to the year's smartest looking formal fellow . . . and a word of thanks to all the others who made possible the success of the fifth annual "Mr. Formal" contest.

And when the next formal occasion comes along, just remember, more men wear AFTER SIX than all other formals combined!

Huneycutt INC. FASHIONS FOR MEN

FRIENDLY Cleaners

2910 Hillsboro

"We Clean Clothes Clean"

Mr. Formal

Bud Kahn is N. C. State's "Mr. Formal" 1955.

The announcement of the winner of the contest which has been running on campus since April 20th was made May 11th by judges Mr. Willis-Casey, Mr. Tony Leone, and Mrs. R. T. Troxler.

Bud Kahn succeeds Tom Goode, who was last year's "Mr. Formal". He will receive the jackpot of prizes including a complete After Six summer formal outfit, complete Pioneer formal set, Elgin-American "Mr. Formal" lighter, "Mr. Formal" black brier pipe with gold band.

The judges all commented on the closeness of the race, making the picking of one winner an extremely difficult task. It was touch and go right down to the end, they said, Finalists in addition to Bud Kahn were Louie Bunnetti, Jim Thacker, Bill Coley, Joe Cochrane, and Nick Pond.

Actually all were winners since all had previously won the right to enter the finals by being chosen representative of their fraternity, athletic, or other group, or of the independents. All entrants in the contest were photographed in an After Six "Stain-Shy" dinner jacket, their picture then entering the competition. Judging was according to each man's appearance in the jacket.

Huneycutts, Inc. sponsored the "Mr. Formal" contest, at State, simultaneously with similar contests at college from coast to coast.

Bill Haynes Wins Keever Scholarship

William Bryce Haynes of 2702 Hillsboro Street, Raleigh, 27-year-old Korean veteran, has been chosen the 1955 winner of the \$400 Keever Starch Company Scholarship in the School of Textiles at North Carolina State College.

Announcement of the selection of Haynes to receive the award was made today by G. H. Dunlap, chairman of the Scholarship Committee and director of the Placement Bureau in the college's School of Textiles.

Haynes, a senior in textile weaving and design, ranks in the upper 10 per cent of his senior class scholastically and is highly active in extra-curricular activities.

Upon his graduation in August, Haynes plans to work for the Roanoke Mills in Roanoke Rapids.

Among the honorary and professional organizations that have elected Haynes to membership are Phi Eta Sigma, honorary freshman scholastic society; Phi Psi, national professional textile fraternity; Sigma Tau Sigma Scholastic Fraternity; Phi Kappa Phi, national honorary scholastic society; and the Society for the Advancement of Management.

He has also served as a dormitory counselor and floor manager.

While a student at N. C. State, Haynes has worked part-time in the Fabric Development, Yarn Manufacturing, and Research Departments of the School of Textiles.

A native of Lexington, Haynes is a 1945 graduate of Lexington High School. His parents are Mr. and Mrs. Ernest Carl Haynes of Lexington. He entered the State College School of Textiles in Sept., 1952, and will graduate with a B.S. degree in textiles in August.

E. E. Senior Takes N.C.-Va. Paper Contest

Thomas L. Sevens of Little Rock, Calif., senior in electrical engineering at N. C. State College, won first place in the recent paper contest of the N. C.-Va. student section of the Institute of Radio Engineers, it was announced.

The paper covered equipment for measuring brain waves and had previously won honorable mention at the spring meeting of the Southern District of the American Institute of Electrical Engineers, held in St. Petersburg, Fla., last month. Topic of the paper was "Electroencephalography."

Phi Eta Sigma

Charles P. Settlemyer, freshman in mechanical engineering at State College, is the newly-elected president of the college chapter of Phi Eta Sigma, national freshman scholastic honor society.

HEY DROODLE BUGS! HERE'S ANOTHER BATCH!

WHAT'S THIS? For solution see paragraph below.

YOU GET A GOOD CLOSE-UP of college smokers' preference for Luckies in the Droodle at right, captioned: Lucky Strike column in a college cigarette-vending machine. On campuses all over America, college students automatically get Luckies. Why? Simply because Luckies taste better. They taste better, first of all, because Lucky Strike means fine tobacco. Then that tobacco is *toasted* to taste better. "It's Toasted"—the famous Lucky Strike process—tones up Luckies' good-tasting tobacco to make it taste even better...

cleaner, fresher, smoother. Next time it's light-up time, why don't you pull for Luckies?

American Viscose Corp. Scholarship

N. C. State College is among the 34 institutions of higher learning in the U. S. and Canada that will share in the scholarship and fellowship program of the American Viscose Corporation during the 1955-56 academic year.

The awards program, a company announcement said, includes 19 fellowships and 19 scholarships and is designed "to encourage the study of science, engineering, and business administration."

Selection of the student recipients is left up to the institutions involved.

Two other North Carolina institutions, Duke University and the University of North Carolina, also will receive awards.

What young people are doing at General Electric

Young scientist works on new ways to handle "hot" radioactive fuel

Whenever uranium is "burned" in an atomic reactor, certain valuable elements such as plutonium are left behind in the "ash."

These products are highly radioactive, but they must be recovered because of their great value to the atomic energy program.

This is the job of 31-year-old H. Ward Alter, Supervisor of the Separations Chemistry Unit at the AEC's Knolls Atomic Power Laboratory, which General Electric operates in Schenectady, N. Y.

Alter's Work Is Vital, Important

Alter is doing his job well. He has already received the Coffin Award, General Electric's highest honor, for developing an apparatus that makes possible faster, safer, and more efficient recovery of the valuable elements in the "ash."

The work done by Alter and his group helps lower costs, increase efficiency and expand our knowledge of the chemical processing of spent radioactive fuels.

25,000 College Graduates at General Electric

When Alter came to General Electric in 1948, he already knew the work he wanted to do. Like each of the 25,000 college-graduate employees, he was given his chance to grow and realize his full potential. For General Electric has long believed this: When fresh young minds are given freedom to make progress, everybody benefits—the individual, the company, and the country.

H. WARD ALTER joined G.E. in 1948 at Knolls Atomic Power Laboratory after receiving a B.A. in 1943 and Ph.D. in Chemistry in 1948 at U. of California. He served with the Manhattan Project at Oak Ridge, 1944-46.

State Monogram Club Entertain Orphans

Fifty children from the Catholic Orphanage, ranging in age from four to 10 years, were entertained yesterday at a party given by the State College Monogram Club.

Originally scheduled for Pullen Park, the party was held in the orphanage auditorium because of rain. Indoor games were played and then a supper was served by members of the club.

The Monogram Club plans to make the outing for orphans an annual affair.

Sigma Tau Sigma Chicken-Eat Contest

Sigma Tau Sigma, honorary textile fraternity, last Thursday held their annual chicken-eating contest at Truby Upchurch's place. The banquet, which was attended by student and faculty members, was highlighted by the farewell address of outgoing President Mitchell C. Andrew who took the opportunity to welcome the newly chosen members of the fraternity.

During the coming school year the fraternity will be presided by Kohn Sherrill, assisted by Vice President Henry W. Saffer, Treasurer Richard Reagan, and Secretary Ernest Sternberg. Additional new members chosen for outstanding scholarship are Nei Hung Chen, Richard Goldenberg, Ode Farouck Kattan, Marvin B. Katz, Louis A. Kiser, Jr., Charles F. Mauney, and Howard Simon.

SHIRLEY—

tic Social Research Project. He is also a member of Sigma Pi Sigma, the honorary Physics Fraternity. He is a Liberal Arts representative on the Senate of Land Grant Colleges and Universities.

Dean Shirley is married and maintains his home here in Raleigh. He has two daughters, one fifteen and one twelve.

CU BANQUET—

Union—Tester, retiring president; Charles Avere, retiring vice president, and Nancy Moody, retiring secretary.

Gerald Erdahl, director of the College Union, presented lifetime membership certificates to Lloyd Cheek, president of the student body; Maurice King; Tester; Harry Moser; Professor Edwin Winkler of the Electrical Engineering Dept.; and P. B. Ferebee, a member of the Board of Trustees.

Sam Beddingfield and Fred Rawicz, newly elected president and vice president, respectively, of the College Union, were introduced at the meeting and made brief talks.

AGROMECK MAKES IT—

(Continued from page 1) State College Agromeck is keynoted by the "that's how it was" theme, the average reader is left wondering if he will really know how it was ten years from now.

On the technical side the use of small letters in place of first letter capitals seemed strangely out of place in a 1955 college annual. Although quite the rage in the days of the hip flash, the Black Bottom, and near beer, names such as n. c. state college and raleigh, north carolina, fall with a dull thud on the pages of this year's annual.

Judging by the finished product it was staff artist Wallace who worked hardest to keep up with the fast pace the yearbook set for itself.

Only a few photos, such as the slide rule picture on page 18 and one or possibly two action shots in the sports section, portrayed 1954-55 State College life in its proper perspective. The lack of adequate photographic art was made evident by such examples as the picture of a smashed automobile which appears three times.

Lack of balance stands out when comparison is made of pages set aside for military activities as compared to the puny space allotted to College Union affairs. Here, however, the Agromeck staff can not be held responsible. The ROTC groups came through with the necessary financial assistance; College Union did not.

Weak copy shows up continuously throughout the annual. Where the "that's how it was" theme demands accurate account of 1954-55, the actual report of the past school year could be equally descriptive of 1945 or 1935.

The section on Student Government, for example, tells clearly what the Student Government was in 1955. But it gives almost no indication of what this year's student legislators did or failed to do.

Across the board and into the black mark up a point for the fraternity section. Being able to distinguish between pledges and brothers in the Agromeck is a pleasure that fraternity men at State College have rarely known.

Another treat in this section this time is the fraternity coat-of-

arms appearing in color on every page.

Grouping club and organizational activities according to school was another welcome relief for students long accustomed to dog-eared slick paper pages just to point out to the folks back home where they stood in the Royal Order of the Flying Goose.

Regardless of individual opinion about the annual, State College students and faculty members alike are unanimous in their approval of this year's dedication.

When the Agromeck staff selected Professor Lindsay Whichard to receive the honor in 1955, it had reached its finest hour.

Last but not least, Editor Gregg and his staff are to be commended for maintaining a keen sense of humor during the tumult and confusion which inherently accompany such scholastic publications. For only in this manner could one Jacques E. Strapp of Stretchville, N. C., have been listed among the class of graduating seniors.
