If your application is approved, you will be able to select KILT as a course (for one or two semesters) during online registration. The actual KILT assignments cannot be built until the master schedule is completed this summer. There is a chance that even though you were approved, your schedule or the teacher's schedule may present a conflict that won't allow you to fit in the specific KILT class. These conflicts will have to be addressed when schedule changes begin in July.
