COURSE DESCRIPTIONS AND REQUIREMENTS

CPR

Health Care Provider: The Health Care Provider Course is designed to teach the skills of CPR for victims of all ages (including ventilation with barrier device, bag-mask device and oxygen); use of an Automated External Defibrillator (AED); relief of Foreign Body Airway Obstruction (FBAO). It is intended for participants who provide health care to patients in a wide variety of settings, including in-hospital and out-of-hospital. For certified or non-certified, licensed or non-licensed health care professionals.

Audience: *Health Care Providers* - Physicians, Physician Assistants, Nurse Practitioners, Nurses, Respiratory Therapists, EMS personnel

Requirements: NONE

Health Care Provider Re-certification: The Health Care Provider Re-certification Course reviews all the material from the Health Care Provider Course.

Requirements: Valid Health Care Provider Card.

NOTE: Students who present an expired Provider card or do not possess a Provider may challenge a renewal course but may not be given the option of remediation. They will need to repeat the entire Provider Course (at their own expense) if they cannot successfully meet the course completion requirements when evaluated.

CPR Renewal Online: Designed for Healthcare Providers who have had prior CPR Training and need re-certification. The course contains a series of online modules that cover required adult, child and infant CPR sequences: 12 Check points that must be completed / 20 review sections and 19 videos that are optional. Upon completion you will receive a BLS/HCP Certification card.

HEARTSAVER: HEARTSAVER AED

Adult/Child Heartsaver AED: The Heartsaver AED course teaches the basic techniques of adult and child CPR and use of an Automated External Defibrillator (AED). Students also learn about using barrier devices in CPR and giving first aid for choking. The course teaches how to recognize the 4 signs of major emergencies, heart attack, stroke, cardiac arrest, and foreign-body airway obstruction.

Audience: *Lay Persons* - Personal Fitness Trainers, Childcare workers, Parents, Grandparents, Teachers, Employee's of interested businesses or organizations
