## **Information and Instructions for filing a West Virginia Trademark and Service Mark Application**

The West Virginia Legislature adopted H.B. 4858 in 1996 legislative session, entirely rewriting previous state trademark law and replacing it with most of the provisions of the Model State Trademark Bill. The new law, Chapter 47, Article 2 of WV Code, became effective July 1, 1996. It contains these general provisions:

- Allows for registration of both trademarks (to identify goods) and service marks (to identify services);
- Sets restrictions on marks which can be registered;
- Requires the application to include specific information and specimens of the mark;
- Requires secretary of state to establish classification system conforming to international system;
- Establishes a filing procedure, amendment process, and appeal process;
- Sets registration period for new marks at 10 years;
- Provides for renewal, assignment, changes of name and cancellation;
- Provides for record of marks to be available for public examination; and
- Provides penalties and liability for fraudulent use.

### **WHAT IS A MARK?**

A **trademark** means any word, name, symbol, or device, or any combination of these which is used by a person to identify and distinguish the **goods** of that person, including a unique product, from those manufactured and sold by others, and to indicate the source of the goods.

A **service mark** means any word, name, symbol, or device, or any combination of these which is used by a person to identify and distinguish the **services** of one person, including a unique service, from the services of others, and to indicate the source of the services. Titles, character names used by a person, and other distinctive features of radio or television programs may be registered as service marks, notwithstanding that they, or the programs, may advertise the goods of the sponsor. [W. Va. Code §47-2-1]

### **RESTRICTIONS ON REGISTRATION**

The Secretary of State is obligated by law to refuse marks which violate these restrictions. A mark:

1. May not be immoral, deceptive or scandalous;
2. May not disparage or falsely suggest connection with persons, institutions, beliefs, or national symbols, or bring them into contempt or disrepute;
3. May not consist of or comprise the flag or coat of arms or other insignia of the United States, any state or municipality, or any foreign nation, or any simulation of these;
4. May not be the name, signature or portrait of a living individual without written consent of that person;
5. May not be deceptively misdescriptive;
6. May not be merely descriptive or geographically descriptive;
7. May not be merely a surname;
8. May not so resemble a mark registered or a mark or trade name used and not abandoned as to cause confusion.

But: If the applicant can provide proof that a mark restricted under 5, 6, or 7 has become distinctive of the goods or services by continuous use for 5 years, the mark may be registered.

### **CLASSIFICATION**

The classes of the USPTO have been adopted in West Virginia. Choose the class or classes which describe the products or services identified by your mark.

## **COMPLETING THE APPLICATION**

The number of each instruction below corresponds to the number on the application form.

1. The applicant may be a person or organization such as a corporation, firm, partnership, union association or other organization capable of suing and being sued in a court of law.
2. In listing the business address of the applicant, be sure to include any address necessary to receive mail.
3. Enter the state in which the corporation, partnership, or other organization is legally organized.
4. Enter the names of the partners, if applicable.
5. For each different **use** of the mark, enter the information for that use. Used extra pages if necessary.
  - Column 1 – Enter G if the mark is used to identify a product; S if used to identify a service.
  - Column 2 – Describe the good or services generally; do not include products in two or more classifications in one descriptions.
  - Column 3 – List how the mark is used; for example, emblems or logos on clothing, labels on packaging, logo on company vehicles, symbols in print and broadcast advertising.
  - Column 4 – Refer to the classification chart and select the class which most nearly applies.
6. Select the correct box.
7. Describe the mark as clearly and simply as possible.
8. The mark must be in use; and the application must include the first date of use anywhere & in WV by the applicant or previous owner. If the mark has been in use for a long time, be as accurate as possible.
9. Attachment 1 must be clearly labeled, and must include a clean, clear drawing or photocopied representation of the mark reduced or enlarged to fit vertically (portrait) within the frame, with the longer dimension no more than six inches and no less than five inches. The permanent record on optical disk storage will be made from this image, and poor quality would jeopardize the protection of your mark as searches are performed. If color is an essential attribute of the mark, provide one color copy and one black and white copy with color areas labeled.  
Attachment 2, 3, & 4 must be three separate specimens of the mark as actually used, in a two dimensional (flat) condition. If more than one classification of use is listed in 6, the specimens should include one for each class. They may be original, such as paper labels or packaging, cards, letterhead, printed advertising, or a photograph of the use, such as signs on a vehicle, billboard, containers or other large or three dimensional use.
10. All applications made to the U.S. Patent & Trademark Office relating to this mark, or portions or a composite of this mark, must be fully reported – date filed, serial number, and status. If an application for the mark has been refused or withdrawn, give a clear explanation of the reason.
11. The verification and notarization are required. Be sure the notary uses a seal.

## **FILING WITH THE SECRETARY OF STATE**

File the completed original application (or two originals if you want a stamped copy returned), along with a fee of \$50 for a mark used in one or two classifications, and an additional \$50 for each additional classification. Make check payable to the WV Secretary of State.
