

# GOLD WING ROAD RIDERS ASSOCIATION

2014 12-Month Calendar

## 2014 GWRRA CHAPTER G

**Dues:** There are no dues annually to belong to any chapter. GWRRA is a not-for-profit organization. All membership dues go to the national level.

**50/50 Tickets:** To support our chapter, we have a fundraiser once a year and sell 50/50 tickets at each meeting. Half of the money from 50/50 tickets goes to the chapter to help pay for event halls, newsletters, and various chapter events. The other half of the money is raffled off to the people holding tickets. The third prize winner is 10%, second prize winner is 15%, and 1<sup>st</sup> prize winner 25% of the total.

**Store:** The store is located at the front table. It contains patches, pins, etc. to purchase. Please feel free to browse and purchase items. Whenever visiting other chapters it is always fun to get their Chapter pin. There are 10 chapters in Colorado.

**Monthly Dinner Rides:** Are usually held on the 1<sup>st</sup> Sunday of the month and are announced at the meeting or by email.

**Rider Education Program:** GWRRA encourages safe riding and accomplishes this through the rider education program. Members take pride in achieving all four levels. To start you must be a GWRRA member and as a rider have a valid motorcycle endorsement on your drivers' license. You must maintain all previous levels to continue to the next level.

*Level I* is safety by commitment. You must have a commitment to the safe operation of your motorcycle.

*Level II* is safety by education. The rider and/or co-rider must have 5,000 accident free miles and the rider/co-rider must

have had a riding course such as the RSS (beginner) or ERC (experienced), within the last two years. The co-rider could have above courses or a co-rider course.

*Level III* is safety by preparedness. The rider/co-rider must have current Level II and have a current first aid and CPR certificate, and carry a first aid kit on the motorcycle.

*Level IV (Master)* is safety by enhanced preparedness and experience. The rider/co-rider must have been at Level III for at least 1 year, 25,000 accident free miles, current CPR and first aid certificate, wear protective riding gear, and take a riding course at least every 3 years.

*Senior Master* is 5 years from year of Level IV.

*Grand Master* is 10 years from year of Level IV.

*Life Grand Master* is 15 years from year of Level IV.

**Conventions:** Whether it is the state, region, or national, conventions are the fundraisers for the sponsoring group. This is also the time where vendors come out galore. We also take classes, participate in games and contests and just time to hang with old friends and meet new ones.

**COY (Couple of the Year)/IOY (Individual of the Year):** Each year Chapter G staff members identify those who have gone over and above to help out the chapter. This is usually done in November, with the winners announced in December at the Christmas party. The COY/IOY hold the position from January – December.

**Rides:** Most rides leave from the Johnson's Corner parking lot just East of I-25.

# GROUP RIDING SUGGESTIONS

For those of you who are new to group riding (and those of us who forget), here are some suggestions to make your ride more enjoyable.

1. Ride in a staggered formation. (No, you don't stagger, the formation does!) If the leader rides the left side of the lane, the number two bike rides the right side, number three left and so on.
2. Allow a two-second interval between you and the bike directly ahead of you. Ride smoothly with a minimum of jockeying back and forth. (The guy or gal behind you will be your friend forever.)
3. Don't be a lemming. You, not the group leader, are riding your bike. Check for the traffic, don't just follow blindly.
4. Stay within the bounds of your skill level. Don't be influenced by the bike ahead of you driving into the curves like an F-16. This is not a race.
5. If someone in your group pulls onto the shoulder and stops, don't follow him/her. Stay with the group. The tail-end bike is designated by the leader to stop and help.
6. When parking, the leader will try to find an area big enough for everyone. If he/she can't, find your own. Don't mill around like a lost chick. Park that hummer and get on with it.
7. Remember, the ride leader appreciates your suggestions, but not at 60 mph. If you know of an interesting place, restaurant or route, tell him/her before the ride or during lunch, but not while cruising down the freeway.
8. Relax and enjoy the ride. Remember, *getting there is half the fun.*
