

ETFO Book Club

The Peel Elementary Teachers' Local is hosting Differentiated Instruction in the Regular Classroom Book Club

This book club is recommended for all teachers committed to reaching and teaching all learners. Through the book study, teachers will discuss examples that illustrate differentiation in many content areas. Discussion will include ways to get to know your students, how to make instructional changes and develop challenging and engaging tasks in response to learners' needs, styles, and/or interests.

Teachers will reflect upon their teaching practice, develop essential questions and plan a unit of study of personal interest that will respond to the increasingly broad spectrum of student needs, backgrounds and learning styles in the classroom.
