Application Deadline: April 1

Greg Francoeur Memorial Scholarship Fund

Greg Francoeur was an avid skier who took great joy in sharing his love of the sport. He was particularly interested in helping younger skiers perfect their technique and devoted many hours to the students enrolled in the weekend program at Carrabassett Valley Academy. Greg's family and friends established this Fund to celebrate Greg's passion for excellence and to encourage others to strive for their personal best. Scholarship support will be provided to students enrolled at Carrabassett Valley Academy who would not be able to take advantage of educational and training opportunities without financial assistance. While skiers of all styles are invited to apply, Greg's forte was freestyle and the Advisory Committee is particularly interested in supporting skiers who share the same interest.

Application Deadline: October 1

STATEWIDE SCHOLARSHIPS FUNDS TO ATTEND ASPIRATIONAL AND NON TRADITIONAL PROGRAMS

Daniel Cardillo Charitable Fund

The family, friends and admirers of Dan Cardillo, a compassionate young man with a true love of life and its possibilities, established the Daniel Cardillo Charitable Fund in 1999. Dan was a junior Olympic skier, an avid fisherman, a serious student, a gifted artist and an exceptionally kind human being. He lived life fully and attacked all of his challenges with a passion that has become legendary. He encouraged others to do their personal best and reach for their goals.

This Fund celebrates Dan's passion for life and his friends by encouraging others to achieve their personal best. Scholarship assistance will be provided to young people pursuing their artistic, academic, athletic, and vocational or life's passion outside of the traditional school environment (i.e. experiential education, tuition for summer programs or studies, special athletic instruction). Eligible applicants must demonstrate a need for financial assistance, clearly demonstrate a commitment to their passion, and demonstrate a compassion for others.

Billy Brown Sports Award

Billy Brown graduated from Cape Elizabeth High School in 1981. He was a passionate athlete both on and off the field. He was a big fan and supporter of all Cape Elizabeth sports. After graduating CEHS, Billy went on to coach baseball and softball at Yarmouth Middle School and soccer at Portland High School. With the same spirit and passion with which Billy always embraced sports, his family and friends have created this award for a deserving Cape Elizabeth student. The purpose of this award is to celebrate a graduating senior who clearly demonstrates a passion for sports through participation as an athlete, manager or mascot while at Cape Elizabeth High School. The position held and individual sports are not as important as the student's enthusiasm and commitment – a student who is there “for the love of it”. Eligible nominees are hard-working students who have achieved a consistent academic record. Nominations are invited from any coach working with students in the Athletic Program at Cape Elizabeth High School.

Pearl Starbird Scholarship Fund

Pearl Starbird is an accomplished artist and musician. She shared her passion for art for many years as a teacher in the Boston schools. Her skill as a cellist was a more personal interest, which she enjoyed with her friends. Although she worked in Boston throughout her career, Pearl considered her family's camp in Waterford to be her home. This is where she spent her summer vacations and came to live when she retired from teaching. She

brought her love of classical music and art to Waterford and established this scholarship to encourage students who share her passion to pursue their education in these fields.

The purpose of this Fund is to provide renewable scholarship support to graduates of any Oxford County, Maine, high school or Lake Region High School in Naples, Maine, to pursue college-level education in music or the arts (with special consideration to be given to the study of painting, drawing or sculpture). “Art” in this context refers to the traditional visual arts rather than writing. There is a preference for the study of classical music. This Fund is meant to make the difference between a student choosing to major in art or music as opposed to a “more practical” course of study.

Frequently Asked Questions

When should MCF receive the proposal?

The application must be *postmarked* on or before the deadline.

Who makes the grant award decisions?

MCF engages community members, our board members, donors and staff in our grant review processes. In most cases, a donor, community member or staff member will contact applicants. Committees then discuss the proposals and make grant recommendations. Decisions are made within 8 weeks of the deadline.

When will I know whether my application has been approved or declined?

All MCF's decisions are within 8 weeks of the application deadline. Applicants will generally be notified by the 9th week.

We have an audited financial report. Can we attach this to our application instead of completing the financial information section of the MCF Application Form?

No.

We're a start-up with no financial history. How do we complete the financial section of the MCF Application Form?

Estimate the amount of in-kind support (i.e. donated office space) and volunteer hours your organization has received; include either actual or projected operating budgets for the next year.

I'm not sure which grant program my proposal best fits. Can we apply to more than one MCF grant program during one cycle?

Proposals will be referred to the programs requested by the applicant on the *Application Form* as well as any other programs staff believes likely to consider funding the proposal. If you've received a grant from the *Community Building Grant Program* (including County Funds), the *Maine Expansion Arts Fund* or the *Fund for Maine Land Conservation* within the past 12 months, you must wait one year before applying again to any of these programs. You are still eligible to apply to other MCF grant programs within the 12-month period.

We're applying to MCF's Community Building Grants Program, which generally does not support equipment, capital, operating expenses or endowment campaigns. When do you support these expenses?

MCF supports projects and organizations that first and foremost meet our community building priorities. When an equipment purchase or operating expense is essential to this community building work, we will consider supporting it. When an organization or project is in the start-up phase, operating and capital expenses will be considered. In all cases, we seek evidence of volunteer participation, in-kind donations and a plan for future financial stability.

We're a collaborative of nonprofits seeking support for a joint project. How do we apply?

One member of the collaboration must take fiscal responsibility for receiving and expending the grant. This organization should complete the *Application Form*. Letters from the collaborating organizations should explain the approach and shared responsibilities.

We're a community collaborative applying with another agency serving as our fiscal sponsor. What is required?

If you are not a nonprofit and are applying with a fiscal sponsor, you are required to provide a letter from the fiscal sponsor agreeing to accept funds on behalf of your project and the sponsor's federal IRS 501(c)(3) ruling letter

Community Building Grant Program Guidelines (including the County Funds)

Grant size: up to \$7,500

Application Deadlines: January 15 and May 15 (postmarked)

Guidelines

The Maine Community Foundation's community-building grant program supports a broad spectrum of organizations and projects that strengthen Maine communities. The program seeks project proposals that recognize and build on a community's strengths and assets. To be considered, projects must meet each of the following three criteria:

- Use existing community resources to strengthen community life.
- Strengthen communities' and organizations' ability to meet future challenges.
- Be sustainable or have a lasting impact after MCF grant funding is complete.

Projects must also meet at least one of the following priorities:

- Build collaborative relationships and partnerships to plan, advance and evaluate the project.
- Include the people who will benefit from the project in its planning, implementation and evaluation.
- Develop and strengthen local leadership.

The Foundation encourages projects that are innovative and assume a significant degree of risk in attaining far-reaching goals.

Community-building grants typically do not support ongoing operating expenses, endowments, capital campaigns, camperships, acquisition of capital equipment (any item over \$250 that will be depreciated over time) or cost of repairing equipment.

Eligibility Requirements

- 1) Applicants must be nonprofit, 501(c) (3) federal tax-exempt organizations, public schools, public agencies working for the State of Maine, or Indian tribal governments (and their political subdivisions) recognized by the Department of the Interior **or** have a fiscal sponsor that is a 501(c) (3) organization, public school or public agency.
- 2) Grants cannot be made for lobbying or religious activities.
- 3) Grants cannot pay for program expenses that have been incurred.

All organizations from outside the State of Maine must demonstrate that they are working with a Maine-based group to develop and implement the proposed project.

Applications for grants from the Community Building Grant Program should be submitted to:

Explanation to Schedule A, Part III, Line 4f and 4g

December 31, 2006

Agency Funds:

At December 31, 2006, Maine Community Foundation held 183 Agency Funds, with total asset value of \$14,735,015. Agency Funds represent funds transferred from other nonprofit organizations to Maine Community Foundation. In accordance with generally accepted accounting principals, these funds are accounted for only on the balance sheet, as an asset with an offsetting liability. Funds received from nonprofit organizations for Agency Funds are not recorded as contributions, but as an increase to liabilities. Disbursements from Agency Funds to the transferring organization are recorded as a decrease to liabilities, not as a grant or expense.

Although these funds are not donor advised funds, the transferring organization does retain the ability to request additional distributions from these funds. Additional distributions must be approved by the Maine Community Foundation Board of Directors. The transferring organizations do not have the right to provide advice on investment of amounts in such funds.

Field of Interest Funds:

At December 31, 2006, Maine Community Foundation held two field of interest funds with total asset value of \$2,597,295. The advisory committee for each of these funds is responsible for identifying recipients to receive fund distributions. These committees are comprised of members of the former governing board of the organization that provided the assets for the fund. Both of these funds were established with assets from 501 (c)(3) organizations who ceased to operate, terminated their charitable status and transferred their assets to Maine Community Foundation. Members of the governing boards of each of these organizations established a self-perpetuating committee to advise Maine Community Foundation on the distribution of grants from the Maine Community Foundation funds.

At December 31, 2006, Maine Community Foundation held a field of interest fund with total asset value of \$106,613 in which the donor of the fund is a member of the advisory committee responsible for recommending distribution of the fund's assets. Neither this individual nor the committee have the right to provide advice on investment of amounts in the fund.

Total funds owned at December 31, 2006 (excluding donor advised funds) where donors have the right to provide advice on the distribution of the funds' assets,

STATEMENT 17

A receivable is recorded for the amount due from trusts based on the present value of the estimated future payments. A liability is recorded for the amount due to an income beneficiary of a charitable gift annuity based on the present value of the estimated future payments to be distributed during the income beneficiary's expected life. Each year, both of these accounts, Receivable from trusts and Income beneficiaries payable, are recalculated for factors other than cash payments, such as changing life expectancies and anticipated rates of return on investments.
