Less than a mile and a half from O'Dowd, this agency provides a continuum of programs and services to more than 400 adults and children with a developmental disability. They are only open 8 to 5, Mon-Fri year round, so projects are best during summers and school vacations.

Some programs where O'Dowd students might volunteer include "Artful Steps," where you will assist adult artists with disability in a variety of their own or group art projects; the Wellness Program working with adults with disabilities; or the Computer Lab where you will help to teach proficiency on the computer and internet.

Visit their website - Volunteer Opportunities are under "About Us" and then "Job Openings." Also check out the 7 min. youtube video about Stepping Stones on their website.
