Please Take Time to Communicate with Me

I have aphasia (uh fay'zhuh).

It's a communication problem.

My intelligence is intact.

I am NOT drunk, on illegal drugs or mentally unstable.

I N T E G R I S
Health.

How You Can Help Me

Give me time to communicate.

Speak simply and directly to me.

Do not shout – it doesn't help.

Ask YES or NO questions.

(Check those that apply.)

- Speaking takes a little more time.
- Speaking is very difficult.
- Comprehending speech can be difficult.
- Use simple drawings.
- Writing key words helps.
- Numbers are difficult for me.
