Space Saving Efficiency!

Drawers are ideal when you have a limited amount of storage space - no shelving units - and require frequent access to files. The stronger the drawers, the higher they stack and the more space you save.

95% of a documents usage occurs within the first 3 years. On-site record storage saves time by giving you instant file access. On-site storage also reduces the handling of your records, and increases the control of who has access to your files.

Space saving efficiency never looked so good with the new Stor/Drawer® Premier™ storage drawers from Bankers Box®. The new design in records storage complements front office décor and stacks 5 units high saving you space, time and money.
