

TECHNICAL EVALUATION CRITERIA

CONTRACT: _____
TASK ORDER: _____

TITLE: REGION V DATA MANAGEMENT AND STORET ASSISTANCE TO TRIBES AND OTHER ORGANIZATIONS

CONTRACTOR: _____

BEST VALUE – TECHNICAL QUALITY IS MORE IMPORTANT THAN COST

Contractors shall limit their responses to ten (10) pages or less. Proposals will be evaluated by the project Technical Lead and will be assigned a score from 0-100 based on the criteria listed below. This task order will be awarded on the basis of a best value decision where technical quality will be considered more important than cost.

FACTOR #1: TECHNICAL APPROACH

The contractor should provide the proposed technical approach in the form of a draft workplan and training schedule with emphasis on the following:

- a) the proposal shall describe the approach to be used to develop a uniform data spreadsheet for the Tribes that will be compatible with STORET needs.
- b) the proposal shall describe training workshops that will be prepared to inform and assist the Tribes with their data management and STORET needs
- c) the proposal shall describe the approach to provide assistance to the tribes and tribal labs to create data in a uniform manner compatible to STORET and to enter data into STORET.
- d) the proposal shall describe the approach to assist the tribes with data validation and work with the tribes to correct the data deficiencies with their data spreadsheets to be entered into STORET
- e) the proposal shall describe the approach will take to host and maintain the software and hardware needed to exchange data with the tribes and coordinate migration of the tribal data into STORET.

Scale: 1 (lowest) to 60 (highest)

Score: _____

Comments:

FACTOR #2: STATEMENT OF SUCCESSES WITH SIMILAR PROJECTS

The contractor shall provide information on the completion of comparable projects and describe particular technical strengths, which would demonstrate the contractor's ability to assist the Tribes with their data management and STORET needs.

Scale: 1 (lowest) to 20 (highest)

Score: _____

Comments:
