
2012-2013 IUPUI and IUPUC Special Circumstance Appeal

If your financial situation has changed substantially during the past year or since completing the federal aid application (FAFSA), you can submit a Special Circumstance Appeal form for reconsideration of your financial need for the 2012-2013 Aid Year (fall 2012 and/or spring 2013).

Who should file an appeal?

Any student or family whose financial situation has changed from 2011 to 2012 can apply to be reviewed for a change in the financial need analysis for the student. An approved appeal may either reduce the Estimated Family Contribution (EFC) or increase the overall Cost of Attendance (COA) for the student.

Cost of Attendance (COA) Change

If you are attempting to increase the overall COA, the following items may be taken into consideration.

- Vehicle repair/mileage expenses
- Computer purchase
- Dependent care allowance
- Professional licensure exams (grad students only)

NOTE: An increase in your COA does not allow for an increase in any financial aid award if you have already been awarded the maximum annual Direct Stafford loan amount. However, students may pursue private/Parent PLUS/Grad PLUS loan options up to the new COA. *For example: a dependent undergraduate freshman student who has already received a Direct Stafford Loan for \$5500 during the 12-13 aid year cannot receive additional Stafford Loan funding due to a change in COA.*

If you feel this form does not fully reference your special circumstance and would still like the Office of Student Financial Services to review your situation, please submit a typed narrative explaining the situation with supporting documentation and we will review your situation. Please also fill out the appeal form with your name, student ID, e-mail address and appropriate signatures.

ESTIMATED FAMILY CONTRIBUTION (EFC) CHANGE

If you are attempting to reduce the EFC, the following items may be taken into consideration.

- Unusual medical and/or dental expenses
- Parent's enrollment in postsecondary education program
- Decrease in income
- Nonrecurring income or one-time income exclusion
- Separated, divorced, or widowed since filing FAFSA

NOTE: Students that already have a \$0 Estimated Family Contribution (EFC) should not submit an appeal for an EFC change since it cannot be decreased further.

Submission: Please submit your application; typed narrative explaining the situation; and supporting documentation to the Office of Student Financial Services to determine if you are eligible for a special circumstance adjustment. You will receive an e-mail notification at your IUPUI or IUPUC account of the decision within 30 business days.

Checklist of Items Needed for the Appeal

- Appeal Form completed and signed
- Typed narrative that details the reasons for the special circumstance review
- Any documentation necessary to support the appeal (see form)
- Copy of signed federal income tax return (for all EFC changes)
