## SUPPORTIVE SERVICES CLIENT GRIEVANCE PROCEDURE

- 1. The Receptionist shall attempt to rectify the problem. If the receptionist determines that the complaint needs to speak to his/her Program Specialist, the call will be forwarded to the Program Specialist.
- **2. The Program Specialist at 910-223-0116** will make contact with the complainant by phone to try to discuss and resolve the problem. If the Program Specialist determines that he/she cannot resolve the problem, the Program Specialist will refer the complainant to the Program Director. The complainant will also be told that he/she has the right to speak to the Program Director.
- **3. Once referred to the Program Director at 910-223-0116 ext 37,** a formal complaint form will be mailed. The form will request that the client return it to the Program Director. The Program Director will research the situation and send a written reply to the complainant.
- **4. If the Program Director** is unable to resolve the complaint, he/she will refer the complainant to the **Chief Executive Officer at 910-485-6131.**

### **WAIT LIST FORM**

Date
You are income qualified for the Weatherization Assistance Program; however, at the present you are on our waiting list for an energy audit to determine whether your home qualifies for the Weatherization Assistance Program (WAP). The Energy Audit will also determine the weatherization measures to install on your home. Each year WAP is allotted a limited number of slots to allow for home energy improvements. A system has been carefully devised to prioritize all qualified WAP clients in an effort to remain fair, at present the approximate waiting period is up to 1 year or as long as funds are available.
As your name comes up on the list for home energy improvements, you will receive a call from a Weatherization program representative to schedule an appointment to perform an energy audit on your home.
The Heating Appliance Repair/Replacement Program (HARRP) is secondary to the Weatherization Assistance Program. A client only qualifies for HARRP if they qualify for the Weatherization Assistance Program (150% poverty guidelines). The main purpose of the program is to repair your current heating/air system or to replace a non-working heating/air system with what you currently have in your home. HARRP is not set up to upgrade heating/air systems nor is it set up to do on-going maintenance of systems. The same system that is used to prioritize the WAP clients is used to prioritize HARRP clients. Currently, the approximate waiting period is 3 or more years, or as long as funds are available.
If you have any questions, we can be reached at 910-223-0116. We look forward to helping you make your home more energy efficient.
With kind regards, Weatherization Team
