PERFORMANCE BOND DEPOSIT FORM

The Performance Bond is required once final approval is granted by the DRC. This Bond is a Landscape and Construction compliance fee.

The purpose of the performance bond is to ensure that homeowners, builders and developers complete approved construction plans in a correct and timely manner. This amount ensures completion of landscape, driveway, exterior building, or any other aspect of improvement to the lot. The bond shall be a minimum of **\$7500**. Bond fees for additions and changes to an existing structure will be set at the final approval DRC meeting. Bonds are to be submitted by check, together with a signed W-9. Letters of credit will no longer be accepted.

Deposits will be held in an escrow account specifically opened to hold performance bonds. Each property owner's bond will be held in a separate interest bearing savings account and any interest accrued during the life of the account will be due to the owner upon refund of the performance bond.

I (we) have read and thoroughly understand both the Homestead Owners Association Design Guidelines, PUD guidelines, and Covenants and hereby agree to abide by all provisions of each document. I (We) understand that any violations of these documents may result in forfeiture of these deposits, and may be subject to fines above and beyond the performance bond. Additionally I (We) understand that, for as long as violations are unresolved, the DRC may refuse to perform inspections.
