**MASTER FEE SCHEDULE**

*Effective: July 1, 2009*

**DESCRIPTION AND PROCESS**

---

The Master Fee Schedule was established by the City Council in 1976. At that time, the Council passed Ordinance No. 9336 CMS that repealed all other references to fees and consolidated them within one document, the Master Fee Schedule. All new and revised fee proposals are reviewed by the Council and, if adopted, incorporated into this Schedule.

The FY 2009-10 Master Fee Schedule was adopted by the City Council on July 1, 2009, through Ordinance No. 12948 C.M.S. A copy of the ordinance is provided on the following two pages.

The Master Fee Schedule reflects the City's Policy on Fees and Charges, a copy of which is presented on the pages following the FY 2009-10 adopting ordinance.

The Budget Office is charged with the general maintenance of the Schedule. This includes reviewing requests to modify the document, periodic review of fees to assure that they are equitable and reflect the cost of services, and preparation of transmittals to the Council for recommended changes to fees.

In addition, all City Agencies have a role in fee schedule policies and maintenance. All Agencies and Departments that levy fees are responsible for:

1. Including all fees which are levied in the Master Fee Schedule;
2. Keeping updated copies of the Schedule available and in clear display;
3. Proposing fees which reflect the cost of services provided by the City; and
4. Providing for the annual revision of fees or proposing changes in fees consistent with the intent of the Master Fee Schedule.

There are two procedures for revising the Schedule: (1) During the biennial budget process or the Midcycle budget review; and (2) Outside of the budget process. During the budget process, Agencies / Departments submit proposed fee changes with their budget proposals. Fee revisions approved by the City Administrator and Mayor are presented to the Council and included in the legislation adopting the budget. At other times of the year, an Agency / Department may submit proposed revisions (by memorandum) to the Budget Office for review. Fee changes recommended by the Budget Director are forwarded to the City Administrator. If approved by the City Administrator, these requested fee changes are presented to the Council in the form of an ordinance amendment prepared by the requesting Agency / Department, accompanied by a staff report from the Agency / Department. All fee changes, regardless of time of the year, must be reviewed and approved by the Budget Office and the City Attorney's Office, and further authorized by the City Administrator for presentation to the Council.

For both processes, specific public notification and procedures are mandated. A notice of a public hearing regarding the Schedule is published. In addition, the Office of the City Clerk will mail information regarding proposed modifications to any interested party who has filed a written request with the City Clerk for such notice. The Council then holds a public hearing regarding any proposed changes before adoption of revisions.

RESOLUTION NO. 77924 C. M. S.

2003 JUN 12 PM 5:07

## RESOLUTION ADOPTING A POLICY ON CHARGES FOR THE CITY OF OAKLAND'S SERVICES

**WHEREAS**, a Master Fee Schedule for the City of Oakland was established in 1976 and has been maintained since that date, with changes approved by Council; and

**WHEREAS**, the Master Fee Schedule allows the public and City staff to obtain a better understanding of all fees, rates and permits charged by the City of Oakland; and

**WHEREAS**, existing procedures and responsibilities regarding the Master Fee Schedule are contained in the City's Administrative Instruction 19, but have never been formally adopted by the City Council; and

**WHEREAS**, it is the goal of the City that all financial policies of the City of Oakland be consolidated and formally approved by the City Council; now therefore be it

**RESOLVED**: that the City Council of the City of Oakland hereby finds, determines, declares and resolves as follows:

**Section 1.** All of the recitals set forth above are true and correct

**Section 2.** The City Council hereby adopts a policy on fees and charges as set forth below:

### POLICY ON CHARGES FOR THE CITY OF OAKLAND'S SERVICES

*I. Purpose*

This policy states procedures and regulations to be followed regarding charges for the City of Oakland services.

*II. Applicable Legislation*

The Master Fee Schedule was established by the City Council in Ordinance No. 9336 C.M.S. on June 29, 1976, in order to:

1. Provide easier access to and a better understanding by the public of all the City of Oakland's charges for service;

2. Provide equity in distributing the cost burden for City services on the beneficiary and the taxpayer, consistent with sound fiscal and management principles;
3. Provide for charges that reflect the cost, when deemed appropriate by the City Council, of services provided by the City of Oakland. Services include personnel, facilities, or equipment.
4. Provide for annual revision of charges.

At the same meeting, the Council passed Ordinance No. 9337, C.M.S. which amended or repealed certain sections of Oakland City Codes and certain ordinances and resolutions, as necessary, to effect the Master Fee Schedule. The effect of this ordinance was to delete or amend any existing references to charges or charge policy. Any charges or charge policies are to appear only in the Master Fee Schedule.

### *III. General Responsibilities*

#### City Manager

The City Manager, shall be responsible for the general maintenance and control of the Master Fee Schedule, including, but not limited to:

1. The review of all requests for the addition to, or the deletion, or modification of charges or policies in the Master Fee Schedule;
2. The maintenance of the Master Fee Schedule, including annual revisions and reprinting of the document, upon Council approval of modifications;
3. Ensuring that ordinances passed into law which affect the City's charges become part of the Master Fee Schedule; and
4. Reviewing the City's charges on a regular basis to make certain: 1) that they reflect the cost of services provided by the City; and 2) that they provide equity in distributing the cost burden onto the service recipient and the taxpayers, consistent with sound fiscal and management principles.

These responsibilities currently are performed by the Budget Office under the City Manager supervision and control.

#### Other Departments

All agencies/departments that levy charges on the public shall be responsible to the City Manager for:

1. Including all charges which are levied on the public in the Master Fee Schedule;
2. Keeping updated copies of the Master Fee Schedule available and in clear display for the public;

3. Proposing fees which reflect the cost of services provided by the City; and
4. Reviewing their charges annually, or upon changes in the cost of providing service (such as union-negotiated increases), and proposing changes in charges consistent with the intent of the Master Fee Schedule.

IV. *Annual Review and Approval*

The City Manager shall be responsible for coordinating an annual review of the Master Fee Schedule in conjunction with the two-year budget or mid-cycle budget. The purposes of the review are: 1) to adjust charges to reflect changes in the cost of providing services; 2) implement new charges; and 3) delete charges that are no longer used. Although the need for charge modifications should be methodically considered during the annual update, this should not be construed to preclude the implementation of new charges at any time during the year.

Every year during the budget process (May-June), the City Manager, shall prepare an agenda report for the City Council, outlining modifications to charges proposed for the following year, with anticipated revenue changes by department. The agenda report must be accompanied by an ordinance reflecting the proposed changes, for Council consideration and approval. The Council shall approve any proposed changes by July 1 of the fiscal year for which the proposed changes are proposed.

The Budget Office, under the direction and supervision of the City Manager currently performs these functions.
