I hereby agree to conform to the Bylaws of the Navy Mutual Aid Association and understand that membership eligibility and medical approval are conditions precedent to insurability, and that any Child Benefit Rider coverage terminates upon my death or surrender of my death benefit plan. I understand that death by suicide within two years of the effective date of this benefit plan negates the death benefit and will result in return of premiums to the owner.

Subsidized life insurance in amounts up to \$400,000 is available at a cost of \$3.25 per month per \$50,000 of coverage to members of the Armed Forces from the Federal Government through the Servicemembers' Group Life Insurance ("SGLI") program under subchapter III of chapter 19 of title 38, United States Code. This Navy Mutual product is not offered or provided by the Federal Government, and the Federal Government has not in any way sanctioned, recommended or encouraged its sale. Permanent 'Plus' contains a standard Automatic Premium Loan ("APL") provision under which, if Navy Mutual does not receive a scheduled premium payment within thirty days after the premium due date, a loan will be established against the cash value of the policy to pay the premium. If the policy is paid out through death or surrender before the loan is repaid, the total outstanding loan balance (which includes both the outstanding principal and interest) will be deducted from the death benefit or surrender value respectively. No person has received a referral fee or incentive compensation in connection with the offer or sale of this individual product; however, Navy Mutual's sales representatives participate in a department-wide bonus program that is based on their collective achievement of monthly departmental goals. For purchases outside the United States, consumer complaints regarding this product can be submitted to the Virginia State Corporation Commission Bureau of Insurance, P.O. Box 1157, Richmond, Virginia 23218, telephone number (804) 371-9741.
