These guidelines provide the general principles and criteria the De Beers Fund (hereafter known as “the Fund”) uses to determine your organisation’s eligibility for funding.

Please continue on to the next page for information regarding the Fund’s main sectors of interest.

Funding criteria and principles

- To be considered for funding, your organisation must be registered as a Public Benefit Organisation with SARS and must have audited financial statements.
- Submission of a complete application with all the necessary documentation does not guarantee that funding will be approved.
- The Fund rarely finances the full cost of a project; it prefers to make a contribution towards a shortfall in the budget. If you continue with your application, please bear this in mind when making your funding request.
- The Fund does provide multi-year funding, if necessary and appropriate.
- The Fund does provide funding for core/operational costs, as well as for implementation of monitoring and evaluation systems.
- Applications for funding that include substantial consideration of the following themes will be advantaged in the selection process:
 - Poverty alleviation;
 - Capacity-building;
 - Children and youth;
 - Thought leadership;
 - Monitoring and evaluation;
 - Innovative solutions;
 - Partnerships with government, other donors and other NGOs;
 - National impact;
 - Supporting public and civil society delivery systems; and
 - Community engagement and ownership of projects.

The De Beers Fund is one of the dedicated instruments through which De Beers channels its corporate social investment (CSI) spend, and was named the top CSI grant-maker in South Africa for eight consecutive years.

The funds investments range from small grassroots initiatives to major capital-building projects and large-scale service delivery programmes in partnership with provincial and national authorities. Focus areas include HIV/AIDS, healthcare, welfare, education, and entrepreneurial development.

The mission of the Chairman’s Fund is to remain the leading corporate donor in South Africa, through partnering and growing an informed understanding of the country’s developmental challenges; to apply the resources at its disposal to maximum effect in supporting and adding value to practical interventions and communities; creating new opportunity and addressing urgent social needs.

The De Beers Fund has been in existence since the late 1950s and was transformed by Harry Oppenheimer into a dedicated department (the Anglo American and De Beers Chairman’s Fund) in 1974.

Due to company restructuring in 1998, the Fund was renamed the Anglo American Chairman’s Fund (with De Beers and Anglo Gold having separate funds).

This longevity in Anglo American’s CSI involvement is unique in South Africa, and speaks to the company’s deep commitment to principles of justice and social development.

Funding guidelines

The Fund is committed to supporting development initiatives that are directed towards the alleviation of poverty and the development of communities in South Africa.

The diversity of the projects and sectors that the Fund supports is in recognition of the diverse and varied socio-economic as well as educational needs of South African communities.

The Fund's major areas of interest are in education, health and sustainable community development.

The targeted activities for education are (limited budget for 2015)

- Early Childhood Development, specifically:
 1. ECD Training organisations (accredited Level 4 and 5 training for ECD practitioners)
 2. Organisations which include children with disabilities; and
 3. Programmes which actively and constructively include parents in the ECD of their children.

- Maths, science and language development, specifically:
 1. Quality schooling, with a focus on primary school teacher development, and management and leadership at school and district level. The focus is on foundation, intermediate and senior phases.
 2. Maths, science and language and/or numeracy and literacy development

- Quality education for learners with special educational needs, including:
 1. Special education programmes for learners with severe to profound disabilities;
 2. Special schools, resource centres and full service schools; and
 3. Programmes which address inclusion

- Improved infrastructure, with a focus on upgrading rural schools.

The targeted activities for health are

- Strengthening the public healthcare system based on the six pillars of a health system as defined by the World Health Organisation
- Preventing HIV/Aids through innovative and national significant projects and programmes

The targeted activities for sustainable community development are (limited budget for 2015)

- Sustainable livelihoods (skills training including job placement and/or employment creation as well as agricultural livelihoods support)
- Community development projects that enhance social cohesion and address social ills through prevention and early intervention projects and programmes
- Community care and access to quality welfare support for those in need
- Capacity building support for community-based organisations (CBOs) and non-governmental organisations (NGOs) in general and more specific development fields

Thought Leadership

- The Fund also provides grants in support of practical research in the above areas of interest in order to contribute to improved decision-making in the development sector.
