

NEW! CST Training Course

Certified Service Technician® (CST) The CST program provides education on the technical aspects of residential pool and spa maintenance and operation. The focus of the education program is on understanding the proper operation of all the equipment and then learning how to troubleshoot the problems that often occur with that equipment. There are not any work experience pre-requisites, but the APSP recommends that anyone attending this course have a minimum of 1-2 years of technical pool/spa work experience. The course exam requires the ability to apply your technical knowledge to situations encountered in the field. You do not need to have completed the CMS certification prior to the CST exam, but you will be expected to have acquired the core knowledge covered in that course.

NEW! APSP Service Tech Manual, 4th Edition

This brand-new 500-page Service Tech 4th Edition Manual is **included** with the CST Course. However, the APSP Service Tech Manual, 4th Edition also can be purchased separately. Non-member Price: \$499, APSP member price: \$299. Call 770.993.7492 to purchase manuals separately.

Course Fee

APSP Members - \$550

*Non-members - \$750

\$35 Late registration fee after February 1, 2011

\$100 non refundable Cancellation Fee

*Non-APSP members may not use the CST or APSP logos upon passing the exam.

Logo use is a member-only benefit.

The 2011 CST Training Course will be cancelled if there are 8 or less participants.
