CALIFORNIA BID

REGISTER

A Trade & Focus Publication Issue #2051 November 20, 2015

INSIGHT: Fi\$Cal “Bid” System (STATE BIDS ONLY)

The State of California Fi\$Cal (Bidding) system is set to “Go Live” December 9, 2015. There are many questions still looming about what the new system will look like and what bids the system will include.

Eldridge Bid Reporter has been selected as a vendor that will assist the State of CA with the testing of the new system prior to full implementation. We have been a part of a couple meetings to date and have been able to gather some information about the new system.

The Fi\$Cal team has disclosed that their intent is to transfer all user profiles from the current BidSync system to the new system prior to the “Go Live” date. While your profile will be transferred to the new system there will still be some responsibilities on your end to make sure that you are in the system properly and that your information, as a State supplier, is correct. After the “Go Live” date ALL suppliers will have to login to the new system and activate your profile.

In addition, **the new system will no longer host bid opportunities that are not State of CA bid opportunities.** This means you will need another source to identify those opportunities that are not for the State of CA like our California Bid Register. Don't let opportunities get lost during the transition period!

Eldridge Bid Reporter's California Bid Register will continue to publish **ALL** State bid opportunities, as well as, City, County, School District, UC System, CSU System & Municipality bids.

For more information regarding the State's new Fi\$Cal system follow this link: <http://www.fiscal.ca.gov/>

VA partners with YMCA of the USA to support Veterans

Washington D.C. – The Department of Veterans Affairs (VA) and YMCA of the USA (Y-USA) have refreshed and expanded their partnership to promote and enhance the health and well-being of Veterans and their families.

A new agreement will make it easier for Veterans Benefits Administration (VBA) Regional Offices and Veterans Health Administration (VHA) facilities to work with local YMCAs to ensure that Veterans are connected to needed resources and opportunities in their communities.

“Since the Civil War, the Y has been a friend to Servicemembers and Veterans—the YMCA’s education scholarships were forerunners of the GI Bill,” said Secretary Bob McDonald. “I’m pleased to announce that VA and Y-USA have agreed to continue that legacy by further expanding our partnership.”

In communities where VA and the Y choose to work together, the partnership connects Veterans to VA services and benefits in the areas of employment, homelessness, healthy lifestyle programming, and reintegration into the local community.

“This enhanced agreement makes it easier for local VA facilities and YMCAs to collaborate on helping transitioning Servicemembers and Veterans connect to the resources and opportunities that they need,” said McDonald.

“Our nation’s Veterans, and their families, have dedicated so much in service to our country. The Y is honored to have the opportunity to show our appreciation by doing what we do best – improving the lives of individuals in the communities we serve,” said Kevin Washington, President and CEO of Y-USA. “There are many YMCAs across the nation that are already working with VA and providing services directly to Veterans, this formal acknowledgement between the Y and VA will make it easier for that work to continue, expand and flourish.”

VA is committed to working closely with nongovernmental organizations, such as Y-USA to identify new and innovative ways to support VA’s commitment to care for those who “have borne the battle” and their families. Strengthening collaborations within communities and with community-based organizations helps to achieve VA’s goal of improving the lives of Veterans, servicemembers, their families, caregivers, and survivors.

While the collaboration might look different in each participating community, the mutual goals of improving the lives of Veterans and their families will remain consistent nationwide.

Construction Spending Moving Ever Higher

At Highest Level in More Than Seven Years

Construction spending in September rose to the highest level in more than seven years, according to U.S. Census Bureau data.

Spending in both the private and public sectors combined increased 0.6 percent compared to August to \$1.09 trillion. That is 14.1 percent better than September 2014.

Not since March 2008 has construction spending been higher than September’s value, data on the U.S. Census Bureau’s website shows.

Construction spending on a year-to-date basis is \$786.6 billion, a 10.5 percent increase compared to the same nine-month time frame in 2014.

Total residential spending, including both the private and public sectors, climbed 1.8 percent month-to-month, and jumped 17.2 percent over September 2014.

But total nonresidential spending dropped 0.1 percent compared to August, but increased 12.4 percent year-to-year. Nonresidential subcategories include: conservation and development, down 6.0 percent; religious facilities, up 5.6 percent; public safety, down 3.0 percent; and water supply construction, up 4.3 percent, all on a month-to-month basis.

Private sector building alone came in at \$794.2 billion, a hike of 0.6 percent over August, and 16 percent better year-to-year. Private residential construction increased 1.9 percent over the previous month, and was 17.1 percent higher compared to September 2014. Nonresidential declined 0.7 percent compared to August, but was 15 percent better year-to-year.

Private sector single-family construction expanded 1.3 percent compared to August and was 12.7 percent higher year-to-year. Private multifamily construction went up nearly 5 percent month-to-month, and jumped 26.7 percent compared to September of a year ago.

Public sector building amounted to \$300 billion, a 0.7 percent hike compared to August, and 9.4 percent better than September 2014. Residential was 1.2 percent and 22.7 percent higher month-to-month and year-to-year, respectively. Nonresidential increased 0.7 percent over August and was 9.1 percent better than September 2014.

 Purpose and Description of Services Unarmed Uniformed Security Guard Services for various DMV field offices. Term:Twenty-Four (24) Months. See Exhibit A, Scope of Work, for a complete description of services. Bidder Qualifications Failure to meet all of the following requirements by the final date for bid submission specified in the Schedule of Events will be grounds for the DMV to deem a bidder non-responsive. In submitting a bid, each bidder must certify that it possesses the following qualification requirements: Pursuant to California Business and Professions Code, Division 3, Chapter 11.5, Article 3, section 7582 et seq., the bidder must possess a valid license to provide unarmed security guard services. The bidder must: Have been continuously licensed to provide unarmed security guard services by the State of California, Department of Consumer Affairs, Bureau of Security and Investigative Services (BSIS) for a minimum of five (5) consecutive years preceding the final date for bid submission specified in the Schedule of Events. Not have a history of license revocation within five (5) years preceding the final date for bid submission specified in the Schedule of Events. Have no more than three (3) warnings or three (3) fines issued within five (5) years preceding the final date for bid submission specified in the Schedule of Events, issued by the BSIS, for violation of the Business and Professions Code, Division 3, Chapter 11.5, Article 3, section 7582 et seq. Submit evidence of the above via a Certificate of Licensure* issued by BSIS. The DMV reserves the right to request additional documentation from the bidder and/or BSIS to confirm the above qualifications are met. *Requests for Certificates of Licensure can be mailed to: Bureau of Security and Investigative Services Attention: Custodian of Records 2420 Del Paso Road, Suite 270 Sacramento, CA 95834 *To obtain a Certificate of Licensure, you must submit your request in writing along with a copy of the bidder

06 SECURITY — Continued

qualifications, and a check or money order for \$10.00 made out to: Bureau of Security and Investigative Services. BSIS cannot accept payment via credit card. It may take up to fifteen (15) BSIS business days from the date the request/payment is received by BSIS to obtain a BSIS Certificate of Licensure in the mail. Requests shall not be expedited. BSIS will not provide a Certificate of Licensure via email. Requests received less than fifteen (15) business days prior to the due date will be processed, but BSIS cannot ensure that the Certificate of Licensure will be completed and provided prior to the bid due date. BSIS encourages that requests for Certificates of Licensure be submitted as early as possible. The bidder shall utilize security guard personnel who possess the necessary licenses and permanent guard registration cards required by the BSIS throughout the term of the contract. The bidder shall possess a current and valid Private Patrol Operators license issued by the BSIS. The bidder shall furnish a copy of its valid Private Patrol Operator's License to the DMV with their bid. The bidder must not appear on either list of the 500 largest tax delinquencies pursuant to Section 7063 or 19195 of the Revenue and Taxation Code. Bidders shall meet all qualifications required in this IFB, including all referenced attachments and exhibits.

RFQ 0184 -- CAL FIRE State Fire Training (SFT) cloud based training database system

Published 11/17/2015 2:17:00 PM

The State Fire Training (SFT) is a division of the Office of the State Fire Marshal (OSFM) within the California Department of Forestry and Fire Protection (CAL FIRE) that provides a comprehensive training and certification service to all California fire agencies. In 1978 the Department of Education transferred the Fire Service Training and Education Program to the OSFM. Since then, the training function has evolved to the role of coordination of the statewide training delivery system, working through and with community colleges and using SFT registered instructors. State Fire Training is mandated by California Code, Article 4: California Fire Service Training and Education Program. State Fire Training follows the Educational Code as a guideline for data retention. This SOW is requesting the needed improvements to modernize the firefighter education and training management for the California Fire Service. Currently, significant deficiencies exist with the way training is tracked and disseminated to firefighters. Firefighters are at risk of catastrophic injury to themselves and the public when there is a lack of fundamental training in current standards and operational tactics.

6802 -- The Sage Project

Published 11/16/2015 5:48:00 PM
 San Diego State University (SDSU) is requesting proposals from local governments to serve as the official community partner for the Sage Project starting Fall 2016. The selected partner will benefit from thousands of hours of work by SDSU students and faculty members from a wide range of disciplines to help the partner achieve their smart growth, quality of life, and sustainability goals. Our government partner must support the partnership effort through payment of a fee and dedicated staff time. We anticipate that the selection process will be competitive. Open to local governments within San Diego County only. The Sage Project is a partnership between San Diego State University (SDSU) and a local government in the San Diego region that

lasts for one year. Students, through their course work, engage in meaningful real-world projects and contribute to the quality of life of residents in the city partners community. SDSU students and faculty connect with high-priority, high-need community projects identified by the city partner, thereby generating interest and fresh ideas that create momentum and provide real service to the community. The Sage Project is based on the highly successful and award-winning Sustainable City Year Program at the University of Oregon. Like the project in Oregon, the Sage Project at SDSU engages hundreds of students who invest thousands of hours assisting communities in our region as they seek to build a more equitable and sustainable future. .

15-10690, Reb1 1 -- Consultant Services for ISO / IEC 17025: 2005 Lab Accreditation

Published 11/18/2015 3:07:00 PM

The firm and the Lead Consultant shall have qualification and experience of the types listed below. It is possible to attain the experience listed below during the same time period. A minimum of six (6) consecutive years of professional work experience as a current ISO/IEC 17025:2005 Lead Assessor, conducting chemical and biological accreditation assessments of analytical testing laboratories for a national ISO/IEC 17025 accreditation body in the United States. The accreditation body must be a signatory of the Mutual Recognition Arrangement (MRA) with the International Laboratory Accreditation Cooperative (ILAC), and is qualified to conduct laboratory accreditation assessment according to the ISO/IEC 17011:2004 Conformity Assessment. All experience must occur within the most recent eight (8) years. A minimum of five (5) years of professional work experience as an ISO/IEC 17025 Lead Consultant assisting and preparing analytical testing laboratory to establish, implement and support quality management system for analytical testing laboratories for accreditation to the International Standard ISO/IEC 17025:2005 in the accreditation scope of microbiology and chemistry, for the accreditation fields of environmental science, forensic science, or food and drug science. Completion of work assignments similar to this Invitation for Bid leading to successful accreditation of at least six (6) ISO/IEC 17025:2005 quality system implementation assignments for analytical testing laboratory in the U.S. within the past five years. These work assignments must be for chemistry and microbiology testing laboratories accredited under one or more of the following guidelines: ISO/IEC 17025:2005 and AOAC/ALACC; ISO/IEC; ISO/IEC 17025:2005 and ASCLD; ISO/IEC 17025:2005 and The National Environmental Laboratory Accreditation Program (NELAC-TNI); and ISO/IEC 17043:2010 for proficiency testing providers. Prior work experience with governmental regulatory agencies, and public health testing laboratories in the United States. Completion of two ISO/IEC 17025 consultant assignments that resulted in the successful accreditation of two public health testing laboratories that are affiliated with federal, state, or local government environmental or public health regulatory agencies. The Lead Consultant must have completed courses and passed an examination from an ISO/IEC 17025 Lead Assessor Training Program offered from an ILAC recognized accreditation body. The bidders firm must submit evidence to show this training, together with evidence from a national ISO/IEC 17025 accreditation body supporting current and past work experience as an ISO/IEC 17025 Lead Assessor described under item 2a) above. Additionally, the firm must provide a list of six (6) past clients to support the required experience as an ISO/IEC Lead Consultant, and to support the successful completion of ISO/IEC 17025:2005 accreditation for these client laboratories. Technical Experts shall meet the following qualification and experience: Degree from a U.S. accredited university with a minimum of a Bachelor of Science degree in Chemistry, Biochemistry, Biology, Microbiology, or a closely related scientific discipline. .

948490.01 -- Geffen Academy at UCLA

Published 11/13/2015 4:15:00 PM

Advertisement for Executive Architect UCLA requests a written response to this Request for Qualifications (RFQ) for the purpose of selecting an Executive Architect for the Geffen Academy at UCLA Academy (UCLA Project #948490.01). The proposed Project would include the renovation of the existing three-story Kinross Building of approximately 75,000 gross square feet (gsf) to be converted into a middle school and high school facility. The work may be executed in a series of phases to correspond to the enrollment and start-up strategy of this school program. The work will include tenant improvements, limited exterior modifications, site work, and code-triggered upgrades to meet the California Building Code and the Americans with Disabilities Act. The building is currently used for offices, library functions, storage and a fitness center. The existing Kinross Building is located on the south side of Kinross Avenue between Veteran and Gayley Avenues. The building was completed in 2002 and originally designed as a staging building to serve multiple and varying occupants over time. Construction cost for the renovation work and tenant improvements has not yet been determined and is dependent upon phasing. The work may be executed in a number of incremental projects. It is anticipated to be in the range of \$10 to \$15 million depending on the agreed upon scope of work. Final selection and appointment of the architect for the proposed project is contingent upon project approval. The project will be designed to meet the requirements and intent of University of California Regents Policy on Sustainable Practices. The project is subject to review and approval by the UC Board of Regents or their delegated authority as well as the California Environmental Quality Act (CEQA). The complete RFQ packet will be available at: <http://www.capitalprograms.ucla.edu/Contracts/RFQProjects> on Friday, November 13, 2015, 2015. Responses to the RFQ are due by 2:00 p.m. on Wednesday, December 2, 2015. A shortlist of firms will be determined by a screening committee; further steps in the selection process will be at the discretion of the selection committee. Every effort will be made to ensure that all persons have equal access to contracts and other business opportunities with the University within the limits imposed by law or University policy. Each Candidate Firm may be required to show evidence of its equal employment opportunity policy. SM-1041 -- Extended Learning Building

Published 11/18/2015 12:34:00 PM
The purpose of this Request for Qualifications (RFQ) is to solicit Statement of Qualifications (SOQ) from qualified Teams to participate in a short listed Design/Build Request for Proposal (RFP) for the Extended Learning Building. The project will provide an approximately 52,000 GSF adjacent to the Foundation Classroom Building (FCB) location for Extended Learning (EL) to expand their department, provide instructional space for EL program courses as well as co-locate other extended learning units: Global Programs and Studies, American Language and Culture Institute, Social Work, Speech and Language Pathology. The building is expected to be no more than a three story building (approximately 20,000sf footprint) that will be built on an existing dirt pad directly adjacent to the existing FCB. At this time, it is anticipated that the project will be inclusive of the existing 11,000sf Foundation Classroom Building space as well as build out approximately 13,000sf of the new structure to meet current space needs. Due to budget constraints the balance of the building will be built as a shell for future build out. The project delivery method will be Collaborative Design/Build (further referred to as Design/Build). The estimated construction value is approximately \$12,000,000. Teams shall submit a SOQ to California State University San Marcos. The evaluations of the Teams will be based on the evaluation criteria set forth below, with a subsequent final selection to participate in a Request for Proposal for Design/Build selection process. The complete RFQ package may be accessed by following the link below: <http://www.planetbids.com/portal/portal.cfm?CompanyID=16128#>

J1-16PW J2-16PW J3-16PW -- CALIFORNIA MARITIME ACADEMY JOB ORDER CONTRACT

Published 11/16/2015 11:06:00 AM
THE CALIFORNIA STATE UNIVERSITY Invites Bid Proposals For Contracts J1-16PW, J2-16PW, and J3-16PW JOB ORDER CONTRACTS Campus: California Maritime Academy 200 Maritime Academy Drive Vallejo, CA 94590 A Job Order Contract (JOC) is a competitively bid, firm fixed priced, indefinite quantity contract. The scope of work includes a collection of detailed repair and construction tasks to be performed at California Maritime Academy that have established unit prices. It is placed with the Contractor for the accomplishment of repair, alteration, modernization, maintenance, rehabilitation, demolition and construction of infrastructure, buildings, structures, or other real property. Work is accomplished by means of issuance of individual job orders against the JOC. Under the JOC concept, the Contractor furnishes all management, documentation, labor, materials, and equipment needed to perform the work. This bid is for the award of up to three (3) JOCs. No contractor is to be awarded more than one JOC from the contracts solicited by the University. An award under this solicitation will have a minimum value of \$0.00 and a maximum value of \$1,500,000.00 for each JOC, with an option to increase to the State maximum of \$3,000,000.00 within the term of the contract. Liquidated damages shall be assessed for each day completion of a specific Job Order is delayed beyond the time prescribed. The amount of liquidated damages shall be noted on the Request for Proposal issued for each Job Order. Sealed bids will be received at California Maritime Academy, Procurement Office, 200 Maritime Academy Drive, Vallejo, CA 94590, until 2:00 PM., December 18, 2015, in accordance with the contract documents, at which time proposals will be publically opened and read. It is each bidders responsibility to insure that their bid is received on time. The university assumes no responsibility for the bids delivered by the US Postal Service or by any other means of delivery. Each bidder shall submit a Bidders Bond in the amount of \$25,000.00. The term of the contract will be for 12 months. In the event that the contractor submitting one of the three lowest responsive and responsible bids refuses to enter into a contract with the CSU if tendered, or, in the event that the contractor materially breaches the JOC contract necessitating its termination, CSU reserves the right to award a JOC under the same solicitation to the fourth lowest responsive and responsible bid, provided such award is made within 120 days of bid opening. As a condition of bidding, prospective bidders must attend a mandatory Pre-Bid Conference on November 30, 2015 at 11:30 A M at which time bid documents will be available. The Pre-Bid Conference will be held for the purpose of discussing the JOC concept, bid documents & considerations and to discuss JOC from a contractors viewpoint. Conference attendees should report to 200 Maritime Academy Drive, Vallejo, CA 94590 in the Administration Building. Each bidder submitting a bid must comply with bidding provisions of Article 2.00 et seq. of the Contract General Conditions. Bidders should familiarize themselves with all the provisions of the Contract General Conditions and Supplementary General Conditions, especially Article 2.02, regarding the necessity to prequalify. CONTRACTORS MUST BE PREQUALIFIED WITH THE TRUSTEES, AND SHALL REGISTER AND LOG IN TO PLANETBIDS TO APPLY FOR PREQUALIFICATION AT: http://www.calstate.edu/cpdc/cm/contractor_prequal_bidders.shtml NO LESS THAN 10 (10) BUSINESS DAYS PRIOR TO BID OPENING. FOR QUESTIONS CONCERNING PREQUALIFICATION, PLEASE CONTACT THE PERSON LISTED BELOW: THE CALIFORNIA STATE UNIVERSITY, OFFICE OF THE CHANCELLOR CAPITAL PLANNING, DESIGN AND CONSTRUCTION 401 GOLDEN SHORE, 2ND FLOOR EAST LONG BEACH CA 90802-4201

18 CONSTRUCTION — Continued

ATTENTION: TERI CARR TEL (562) 951-4114 PROSPECTIVE BIDDERS MUST ALSO COMPLETE AND SUBMIT A SUPPLEMENTARY PREQUALIFICATION FORM VIA EMAIL TO ccm@calstate.edu. THE SUPPLEMENTARY PREQUALIFICATION FORM WILL BE DISTRIBUTED BY THE CAMPUS AT THE MANDATORY PRE-BID CONFERENCE, AND IS CONTAINED IN THE BID DOCUMENTS. Bid Proposal packages are obtainable only by pre-qualified contractors, licensed in the State of California with a B type license, and possessing a Letter of Pre-qualification from the CSU Chancellors Office. It will be the responsibility of each bidder to obtain a bid proposal package in sufficient time to fulfill requirements therein. Bid packages must be requested from the University, located at the Maritime Academy; 200 Maritime Academy Drive, Vallejo, CA 94590, Attention: Lorrie Dineen-Thackeray; Email Ms. Lorrie Dineen-Thackeray: ldineen@csum.edu Contract bonds shall be in the amount equal to 100% of the awarded maximum contract value. The successful bidder is required to achieve a minimum of three percent (3%) Disabled Veterans Business Enterprise (DVBE) participation in contracting construction projects as established in the bidding documents, and this must occur prior to the bidding of each project under the JOC. Additional bid requirements include payment of Prevailing Wages, Nondiscrimination in Employment and Fair Employment Practices.

SOQ 05-16 -- Pre-Qual for Wastewater Treatment Plant Upgrade Project

Published 11/16/2015 2:45:00 PM

NOTICE IS HEREBY GIVEN that the City of Palm Springs, CA has determined under the provisions of Section 7.03.090 Pre-qualification of Contractors of the Palm Springs Municipal Code that General Contractor bidders must be pre-qualified prior to submitting a bid on the Wastewater Treatment Plant Upgrade, City Project No. 15-14 (the Project). The Project will be bid at a later date, by only General Contractors pre-qualifying under this process. No bid will be accepted from a General Contractor that has failed to comply with these requirements. An Original and

three (3) printed copies and a Thumb Drive or Disc of the pre-qualification questionnaire Attachment A, and all associated documents, must be submitted in a sealed envelope and marked CONFIDENTIAL to Craig L. Gladders, C.P.M., Procurement & Contracting Manager, 3200 E. Tahquitz Canyon Way, Palm Springs, California 92262. DEADLINE: All pre-qualification packages must be received by 3:00 P.M., LOCAL TIME, TUESDAY, DECEMBER 22, 2015. The receiving time in the Procurement Office will be the governing time for acceptability of pre-qualification packages. It is the responsibility of the contractor to see that any pre-qualification package sent through the mail, or by any other delivery method, shall have sufficient time to be received by this specified date and time. Telegraphic and telephonic packages will not be accepted. Late pre-qualification packages will not be accepted and shall be returned unopened. (Note: City Hall is open Monday through Thursday, 8am to 6pm, and closed Fridays, weekends, and holidays.)

DESCRIPTION OF PROJECT: On April 1, 2015, the City Council of the City of Palm Springs authorized staff to proceed with the construction phase of the Project, which includes: replacement of the existing headworks with septage receiving station, new influent pump station, two new primary clarifiers with scum/sludge pump stations, new sludge dewatering station, gravity thickener improvements, replacement of Digester No. 2 cover, new pre-fabricated electrical building, and all associated excavation/earthwork, piping, instrumentation, electrical, and programming at our existing Waste Water Treatment Plant located at 4375 Mesquite Avenue in Palm Springs. The Engineers construction estimate for the Project is \$22,000,000. Plans and specifications are anticipated to be available in February 2016 with a bid due date in March 2016 (schedule to be finalized at a future date). Prospective contractors desiring to be prequalified are hereby informed that they will be subject to and must fully comply with all requirements of the formal construction Bid Documents when published. Contractors applying for pre-qualification under this process must possess a valid Class A Contractors License at the time of prequalification and, in accordance with the provisions of California Public Contract Code section 3300, at Contract award and for the duration of the Contract, if any. Furthermore, Contractors shall be properly registered with the Department of Industrial Relations (DIR) pursuant to Section 1725.5 of the California Labor Code at the time of prequalification. This process is to pre-qualify the General Contractors ONLY, and is not applicable to any sub-contractors. During the formal bidding process for the construction of the project at a future date, sub-contractors will then be subject to the registration requirements of the DIR and Section 1725.1 of the California Labor Code. It should also be noted and Contractor shall be aware that funding for the Project is made available through a Clean Water State Revolving Fund Loan and the Contractor awarded a contract for the Project will be subject to certain state and federal requirements, including Disadvantaged Business Enterprise (DBE) and other requirements.

OBTAINING PRE-QUALIFICATION QUESTIONNAIRE AND REGISTRATION AS AN INTERESTED CONTRACTOR: The Pre-qualification Questionnaire, Attachment A, may be obtained by downloading via the internet at www.palmspringsca.gov (go to Government, Departments, Procurement, Open Bids & Proposals). If you are interested in submitting a completed pre-qualification questionnaire, it is IMPERATIVE that you contact Craig L. Gladders, C.P.M., Procurement & Contracting Manager, via email at Craig.Gladders@palmspringsca.gov or by phone at (760) 322-8368 to officially register for THIS specific pre-qualification process with your company name, address, phone, fax, contact person and email address. The reason that it is imperative that you follow these registration instructions is to ensure that you will receive any Addenda to the questionnaire, if issued. Failure to acknowledge addenda to the questionnaire may render your pre-proposal package as non-responsive. *Note that if your firm is registered in the Citys general vendor database (BuySpeed) that does NOT mean you are registered for this specific project. You must follow the registration instructions above for this specific project to insure that you receive any Addenda if issued. ALL QUESTIONS AND COMMUNICATIONS relative to this pre-qualification process and any request for an appeal shall be

submitted in WRITING ONLY and directed to Craig L. Gladders, C.P.M., Procurement and Contracting Manager, 3200 E. Tahquitz Canyon Way, Palm Springs, California 92262, preferably via email to : Craig.Gladders@palmspringsca.gov or, Fax (760) 323-8238. Any and all questions must be submitted no later than 3:00 pm local time on Thursday, December 10, 2015. PROCESS: It is MANDATORY that ALL General Contractors who intend to submit a bid for the above listed bid project fully complete the pre-qualification questionnaire, Attachment A, and provide all materials requested herein, and be approved by the City of Palm Springs to be on the final qualified Bidders list for the project. Contractors shall provide only complete and accurate answers to questions contained in the pre-qualification questionnaire, Attachment A, information about current bonding capacity, notarized statement from surety, and the most recent reviewed or audited financial statements, with accompanying notes and supplemental information is required. Contractors acknowledge that the City is relying on the truth and accuracy of the responses contained therein. If any information provided by a Contractor becomes inaccurate, the Contractor must immediately notify the City and provide updated accurate information in writing, under penalty of perjury. The Pre-qualification packages will be reviewed and assessed by an Evaluation Committee selected by the City using an objective scoring system following California Department of Industrial Relations Guidelines and in accordance with California Public Contract Code 20101, as provided under the provisions of the Palm Springs Municipal Code, Section 7.03.090. The Pre-qualification package will be the basis for determining which General Contractors are qualified to bid on the Project. The City reserves the right to check other sources available. A contractor may be found not pre-qualified for either: (1) Omission of requested information; or (2) Falsification of information. The City reserves the right to waive minor irregularities and omissions in the information contained in the pre-qualification application submitted, to make all final determinations, and to determine at any time that the pre-qualification procedures will not be applied to a specific future public works project. The City further reserves the right to adjust, increase, limit, suspend or rescind the pre-qualification rating based on subsequently learned information. Contractors whose rating changes sufficiently to disqualify them will be notified and given an opportunity for a hearing consistent with the hearing procedures described below for appealing a pre-qualification rating. Pursuant to Public Contract Code 20101, all information contained in the pre-qualification documents and submitted financial statements are NOT public records and are NOT open to public inspection. However, the contents may be disclosed to third parties for purpose of verification, or investigation of substantial allegations, or in the appeal hearing. State law requires that the names of Contractors applying for pre-qualification status shall be public records subject to disclosure, and the first page of the questionnaire will be used for that purpose. Where a timely and completed application results in a rating below that necessary to pre-qualify, Contractors will be allowed to appeal a negative pre-qualification determination in accordance with California Public Contract Code 20101(d). An appeal is begun by the Contractor delivering written notice to the City of its appeal of the decision with respect to its pre-qualification rating, no later than five (5) business days after receiving notice of the Citys decision. There is no appeal from a refusal for an incomplete or late application. Without a timely appeal, the Contractor waives any and all rights to challenge the decision of the City, whether by administrative process, judicial process or any other legal process or proceeding. While it is the intent of the pre-qualification questionnaire and documents required therewith to assist the City in determining bidder responsibility prior to bid and to aid the City in selecting the lowest responsible bidder, neither the fact of pre-qualification, nor any pre-qualification rating, will preclude the City from a post-bid consideration and determination of whether a bidder has the quality, fitness, capacity, and experience to satisfactorily perform the proposed work, and has demonstrated the requisite trustworthiness. The pre-qualification package, its completion and submission, and its use by the City, shall not give rise to any liability on the part of the City to the Contractor or any third party person. THIS IS NOT A

18 CONSTRUCTION — Continued

SOLICITATION FOR BID . No guarantees are made or implied that the project will be constructed, either in part or in whole. The Contractor accepts all risk and costs associated with the completion of the pre-qualification package without financial guarantee. The City reserves the right to cancel this Notice or to reject any and all responses and pre-qualification packages, if it determines, in its sole discretion, that such cancellation or rejection is in the best interest of the City. Each questionnaire must be signed under penalty of perjury in the manner designated at the end of the form, by an individual who has the legal authority to bind the Contractor on whose behalf that person is signing.
