**Build the best product,**  
cause no unnecessary harm, use business to inspire and implement  
solutions to the environmental crisis. – **Patagonia's Mission Statement**

#### the patagonia ironclad guarantee

We guarantee everything we make. If you are not satisfied with one of our products, return it for a repair, replacement or refund. For more information, see back cover.

Our company's values reflect those of a business started by a band of climbers and surfers, and the minimalist style they promoted. The approach we take toward product design demonstrates a bias for simplicity and utility.

Our love of wild and beautiful places demands participation in the fight to save them, and to help reverse the steep decline in the overall environmental health of our planet. We donate our time, services and at least 1% of our sales to hundreds of grassroots environmental groups all over the world that work to help reverse the tide.

We know that our business activity – from lighting stores to dyeing shirts – creates pollution as a by-product, so we work steadily to reduce those harms. We use organically grown cotton, chlorine-free wool, recycled polyester and nylon, Tencel® lyocell and hemp in many of our products. And through our Common Threads Initiative, we are working to help our customers wrest the full life out of every piece of Patagonia® clothing – to reduce consumption, repair what breaks, reuse what's no longer wanted and recycle what's worn out.

#### THE LATEST FROM PATAGONIA BOOKS

Released in May 2012, *The Responsible Company* shows companies how to thread their way through economic sea change and slow the drift toward ecological bankruptcy. Its advice is simple but powerful: reduce your environmental footprint (and its skyrocketing cost), make legitimate products that last, reclaim deep knowledge of your business and its supply chain to make the most of opportunities in the years to come, and earn the trust (and business) you'll need by treating your workers, customers and communities with respect.

### GUIDE JACKET

Sharp granite, sticky verglas, untracked lines – enjoy them all in this all-around soft shell. Extremely durable, stretchy and breathable, the 92% polyester (47% recycled)/8% spandex fabric with a DWR (durable water repellent) finish resists wind, water and snow. A chamois lining on the collar, chin guard and wind flap complements the soft, brushed interior for next-to-skin comfort. Water-resistant zippers, three external pockets, articulated arms, a drawcord hem and stretchy self-fabric cuffs round out the details. Regular fit. (Logo left hem.) Made in Vietnam.

### MEN'S L/S ISLAND HOPPER SHIRT

Serene in the face of serious heat and always up for a cleansing dunk in the hotel sink, an Island Hopper is traveler's manna. Its ultralight blend of moisture-wicking 65% all-recycled polyester and 35% organic cotton ventilates well; the light colors reflect the sun. With 2-button adjustable cuffs, a straight hem and side vents. The oversized drop-in chest pockets (sized for a fly box, passport or both) with mesh vents can be accessed through the vertical reach-through opening while keeping the top flap secured. Relaxed fit. (Logo lower left side seam.) Made in Thailand.

Tropical rainforests share at least one thing with the Patagonia Ice Cap: wet weather. For trekking and hiking in drenching conditions, this nylon, H<sub>2</sub>No® Performance Standard jacket with a Deluge® DWR (durable water repellent) finish provides 2.5-layer waterproof/breathable protection. Durable, lightweight and simple, it stuffs into one of two zippered handwarmer pockets (with a clip-in loop). The hood rolls down, stows away and has a laminated visor. The center zipper has exterior and interior storm flaps. With pit zips for added ventilation, a microfleece-lined neck and chin, and a drawcord hem. Regular fit. (Logo left chest.) Made in China.

**MICRO PUFF JACKET** 

As reliable as a rock-solid climbing partner, the high-loft Micro Puff warms in all conditions, never argues for leads and always lets you have the last of the ramen. Its tough, windproof polyester shell has a Deluge® DWR (durable water repellent) finish and houses best-in-class 100-g PrimaLoft® One, a truly warm-when-wet, highly compressible synthetic insulation that's quilted so it won't clump, separate or drift. The shell and lining are made of 100% recycled polyester. Other features: articulated elbows, a full-length zip (backed by a wind flap), zippered handwarmer pockets, one interior zippered security pocket, an internal drop-in pocket, a drawcord hem and stuff sack. Regular fit. (Logo left chest.) Made in Vietnam.

LIGHTWEIGHT TRAVEL DUFFEL  
larimar blue

## LIGHTWEIGHT TRAVEL DUFFEL

This super lightweight duffel holds several days of clothing yet still disappears into its own pocket. A large, zippered main compartment makes it easy to toss in a few essentials or stuff it to the max. The webbing handles adjust for use as either a backpack or duffel. An exterior side zipper pocket organizes small items; compression straps reduce the size of your load. Made from 1.8-oz 40-denier 100% nylon double ripstop with a polyurethane coating and a silicone finish. Reinforced with 6.3-oz 210-denier 100% nylon double ripstop that has a polyurethane coating. Made in Philippines.

## MLC® BAG

The MLC (Maximum Legal Carry-On) holds enough clothing for three to five days, yet still meets carry-on requirements. Schlep it like a briefcase or a backpack. Zippered pockets provide easy access to travel docs and gear. A floating divider separates clean clothes from dirty, and a padded pocket holds most 17-inch laptops. Built with 1,200-denier 100% recycled polyester with polyurethane coating and a Deluge® DWR finish. Made in Philippines.

## HALF MASS – P6

Built for bike commuters and equipped with ample pockets to keep you rolling and organized, the Half Mass holds a day's worth of gear. Its padded computer sleeve cradles most 15-inch laptops off the ground, and padding on the backside and along the base provides structure and protection. Its shoulder strap is fully adjustable and has a floating pad. And it comes equipped with a three-point adjustable stability strap and top-carry handle. Built with 600-denier 100% recycled polyester with a polyurethane coating and a Deluge® DWR finish. Made in Vietnam.

## AYSSEN PACK – P6

This double-compartment daypack carries everything you need for single-day outings. Its generous main pocket holds most of the freight, as well as most 17-inch laptops in a raised, padded sleeve. It has a second compartment, a zip external pocket, a zip microfleece-lined pocket, water bottle pockets, compression straps, airflow mesh shoulder straps and a sternum strap. Made with 420-denier nylon with an 840-denier ballistics nylon bottom, all treated with a Deluge® DWR (durable water repellent) finish. Made in Vietnam.

“Build the best product, cause no unnecessary harm, use business to inspire and implement solutions to the environmental crisis.”

### QUALIFICATIONS AND HOW TO ORDER

#### Minimum Order Size

Opening orders must be 50 units or more. All orders must be 15+ units. Discounts reflective of order size.

#### Eligibility

For each order, we require disclosure as to the type of company whose name will appear on the Patagonia product and how product will be sold. We reserve the right to refuse service.

#### Product Selection/Availability

The products shown in this catalog are available for bulk purchase. If there are other Patagonia products you're interested in, please call for availability.

#### Samples

Samples can be returned within 90 days of your order for a refund.

#### Ordering Info

To place an order, give us a call, send us an email or fax, and we'll send you an application. All orders will be processed within 24 hours. All orders are subject to acceptance and availability.

#### Sales Tax

Patagonia is required to charge sales tax for all orders in the U.S. If your company is reselling the product and has a reseller's license or a tax-exempt certificate, a copy of either must be faxed with the order.

#### Payment Methods

We accept checks, Visa, MasterCard, American Express and Discover. Credit terms are available for applicants who qualify. Please contact your Corporate Sales representative for a credit application.

#### Shipping

Our standard shipping method is UPS Ground. Two-day and overnight shipping options are available for an additional charge. Shipping charges will be calculated and added to your order invoice.

#### Returns

Patagonia guarantees every product we make. Returns not related to quality are accepted for 30 days with a 15% restocking fee. No returns are accepted past 30 days from date of invoice.

#### Returns, Exchanges and Repairs

All returns and exchanges must be pre-authorized by a Patagonia Corporate Sales representative. Please call for a return authorization (RA) number. The RA number must be prominently displayed on the outside of all return shipping boxes.

#### Unwanted Mailings/Change of Address

If you are moving, send us your old and new addresses. If you've received this catalog in error or received a duplicate, please call us. If you don't want to receive any unsolicited mailings from any company, write or call: DMA Mail Preference Service, P.O. Box 9008, Farmingdale, NY 11735; 212-768-7277.

#### Please Be Careful

Synchilla® fleece, Regulator® insulation and Capilene® fabrics, like most synthetics, will melt or burn if exposed to flame or direct heat. They are not flame-resistant. Do not use them near any direct source of heat or flame.
