If such information is not filed by that date, staff is not required to consider it in determining its unitary value recommendation.

USE TAX INFORMATION

California use tax is imposed on consumers of tangible personal property that is used, consumed, given away or stored in this state. Businesses must report and pay use tax on items purchased from out-of-state vendors not required to collect California tax on their sales. If your business is not required to have a seller's permit with the BOE, the use tax may be reported and paid on your California State Income Tax Return or choose to report and pay use tax directly to the BOE. Simply use the online registration at www.boe.ca.gov to report and pay the tax due. Obtain additional use tax information by calling the Customer Service Center at 1-800-400-7115 (TTY:711).
