Creekside Elementary School School Accountability Report Card Reported Using Data from the 2012-13 School Year Published During 2013-14

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC webpage at http://www.cde.ca.gov/ta/ac/sa/.
- For additional information about the school, parents and community members should contact the school principal or the district office.

I. Data and Access

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at http://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Additional Information

For further information regarding the data elements and terms used in the SARC see the 2012–13 Academic Performance Index Reports Information Guide located on the CDE API Web page at http://www.cde.ca.gov/ta/ac/ap/.

School Description and Mission Statement (School Year 2012-13)

This section provides information about the school, its programs and its goals.

Creekside Elementary School is part of the award winning Poway Unified School District. Creekside has the distinction of being the 21st elementary school in the district and the first school to open in the 21st century. Creekside was built with a vision for the future and preparing our students to be productive citizens and experience successful careers. The physical structure of Creekside is unique. It consists of 30 permanent classrooms as well as two temporary classrooms organized into five villages. Each of the villages contains six teaching stations or classrooms, student restrooms, a staff restroom, as well as a workroom and a large village "square" or common area. The common area is used for individualized instruction, groups to collaborate, space for technology, and parent volunteers to work. In addition, the main building houses the administrative office, a full size multi-purpose room, library, computer lab, and the special education programs. The before and after school care and the preschool are also located in the center of the campus adjacent to the cafeteria and lunch area.

The staff of Creekside represents a group of outstanding individuals who are well educated and trained to meet the needs of each child. Staff, parents and students have come together to create a positive learning environment that provides numerous opportunities for all children to experience rigor, relevancy, and relationship building. Our high API score is evidence of our students' academic achievements. With the support of our PTA and Creekside Educational Foundation, we have also been able to provide our students with enrichment opportunities in technology, art, and music. The support of parents and the numerous volunteers on campus each day contribute to the success of our students.

Mission Statement: Creekside Elementary School is a community of lifelong learners committed to high academic achievement and respect for all in an environment that fosters responsibility, collaboration, communication, and celebrations.

Opportunities for Parental Involvement (School Year 2012-13)

This section provides information on how parents can become involved in school activities, including contact information pertaining to organized opportunities for parent involvement.

Creekside recognizes the importance of the partnership between home and school and remains committed to providing a learning community and valuing all stakeholders. Parents have been included in the improvement process and serve in an advisory capacity on committees. In addition to classroom support, parent volunteers work in a variety of capacities in areas: the volunteer workroom, Arts Attack program, book fairs, Carnival, Haunted House, Science Fair, Spell-a-Thon, Dinner and Auction, field trips, and mentor reading programs.

The PTA maintains a volunteer database and both posts and emails volunteer opportunities to parents who indicated that they want to volunteer. Parents are also welcome to contact the office and teachers directly to inquire about volunteering.

III. Student Performance

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- California Standards Tests (CSTs), which include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and nine through eleven.
- California Modified Assessment (CMA), an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.
- California Alternate Performance Assessment (CAPA), includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, see the CDE STAR Results Web site at http://star.cde.ca.gov.

California Physical Fitness Test Results (School Year 2012-13)

The California Physical Fitness Test (PFT) is administered to students in grades five, seven, and nine only. This table displays by grade level the percent of students meeting the fitness standards for the most recent testing period. For detailed information regarding this test, and comparisons of a school's test results to the district and state, see the CDE PFT Web page at http://www.cde.ca.gov/ta/tg/pf/.

IV. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. For detailed information about the API, see the CDE API Web page at http://www.cde.ca.gov/ta/ac/ap/.

Academic Performance Index Ranks - Three-Year Comparison

This table displays the school's statewide and similar schools' API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state.

The **similar schools API rank** reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

Adequate Yearly Progress

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

For detailed information about AYP, including participation rates and percent proficient results by student group, see the CDE AYP Web page at http://www.cde.ca.gov/ta/ac/ay/.

Adequate Yearly Progress Overall and by Criteria (School Year 2012-13)

Met Participation Rate: Mathematics	Yes	Yes
Met Percent Proficient: English-Language Arts	Yes	No
Met Percent Proficient: Mathematics	Yes	No
Met API Criteria	Yes	Yes
Met Graduation Rate (if applicable)	N/A	Yes

Federal Intervention Program (School Year 2013-14)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. For detailed information about PI identification, see the CDE PI Status Determinations Web page: http://www.cde.ca.gov/ta/ac/ay/tidetermine.asp.

School Safety Plan (School Year 2012-13)

This section provides information about the school's comprehensive safety plan, including the dates on which the safety plan was last reviewed, updated, and discussed with faculty; as well as a brief description of the key elements of the plan.

Creekside places a strong emphasis on safety for students and staff. Emergency plans are reviewed frequently. Annual training procedures and drills for earthquakes, fire, and bus evacuation are held. Maintenance staff work with a scheduled preventive program to offset costly repairs whenever possible. Extended Student Services is available to students for before and after school childcare.

Expulsions	0	0	0	0.26	0.22	0.17	

Note: The rate of suspensions and expulsions is calculated by dividing the total number of incidents by the total enrollment x 100.

VI. School Facilities

School Facility Conditions and Planned Improvements (School Year 2013-14)

This section provides information from the most recent Facility Inspection Tool (FIT) data (or equivalent), including:

- Description of the safety, cleanliness, and adequacy of the school facility
- Description of any planned or recently completed facility improvements
- Description of any needed maintenance to ensure good repair

The school district ensures that students attend clean and safe facilities. The district's maintenance staff follows a comprehensive scheduled preventive and deferred maintenance program to offset costly repairs and minimize disruptions to the instructional program. A \$198 million school bond was passed by the community in 2002, which is funding the renovation of 23 older schools and replacing the oldest school in the district. Planned renovations at each school will address inequity of learning facilities, expand core facilities, add classrooms and improve access to technology. In accordance with Education Code Section 17070.75(e), the District uses a School Facilities Inspection System developed by the State of California to ensure that each of its schools is maintained in good repair. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. Daily cleaning schedules ensure that classrooms, offices and bathrooms are clean and well maintained. Playgrounds and fields are ample and well maintained. A full time custodian is on every campus throughout every school day. A night custodial crew cleans classrooms, restrooms and offices daily. The district has adopted cleaning standards for all schools. A summary of these standards is available at the district offices.

School Facility Good Repair Status (School Year 2013-14)

This section provides information from the most recent Facility Inspection Tool (FIT) data (or equivalent), including:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

* Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Core Academic Classes Taught by Highly Qualified Teachers (School Year 2012-13)

The federal ESEA, also known as NCLB, requires that core academic subjects be taught by Highly Qualified Teachers, defined as having at least a bachelor's degree, an appropriate California teaching credential, and demonstrated core academic subject area competence. For more information, see the CDE Improving Teacher and Principal Quality Web page at www.cde.ca.gov/nclb/sr/tq/.

	Percent of Classes In Core Academic Subjects

All Schools in District	99.8	0.2			
High-Poverty Schools in District	100.0	0.0			
Low-Poverty Schools in District	99.8	0.2			

Note: High-poverty schools are defined as those schools with student eligibility of approximately 40 percent or more in the free and reduced price meals program. Low-poverty schools are those with student eligibility of approximately 39 percent or less in the free and reduced price meals program.

VIII. Support Staff

Academic Counselors and Other Support Staff (School Year 2012-13)

Title	Number of FTE Assigned to School	Average Number of Students per Academic Counselor

Resource Specialist	1	
Other		

Note: One Full Time Equivalent (FTE) equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

IX. Curriculum and Instructional Materials

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2013-14)

This section describes whether the textbooks and instructional materials used at the school are from the most recent adoption; whether there are sufficient textbooks and instruction materials for each student; and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

Year and month in which data were collected: 10/1/2012

Core Curriculum Area	Textbooks and Instructional Materials/ Year of Adoption	From Most Recent Adoption?	Percent of Students Lacking Own Assigned Copy
Reading/Language Arts	Each pupil, including English learners, has a textbook or reading language arts material, or both, as required by the state of California. Appropriate materials and textbooks are available for each child to use in class and to take home to complete required homework assignments. All textbooks are aligned to the California Content Standards and approved for use by the State and the Poway Unified Board of Education	Yes	0
Mathematics	Each pupil, including English learners, has a textbook or math material, or both, as required by the state of California. Appropriate materials and textbooks are available for each child to use in class and to take home to complete required homework assignments. All textbooks are aligned to the California Content Standards and approved for use by the State and the Poway Unified Board of Education.	Yes	0
Science	Each pupil, including English learners, has a textbook or science/health material, or both, as required by the state of California. Appropriate materials and textbooks are available for each child to use in class and to take home to complete required homework assignments. All textbooks are aligned to the California Content Standards and approved for use by the State and the Poway Unified Board of Education.	Yes	0
History-Social Science	Each pupil, including English learners, has a textbook or History/Social Science material or both, as required by the state of California. Appropriate materials and textbooks are available for each child to use in class and to take home to complete required homework assignments. All textbooks are aligned to the California Content Standards and approved for use by the State and the Poway Unified Board of Education	Yes	0

X. School Finances

Expenditures Per Pupil and School Site Teacher Salaries (Fiscal Year 2011-12)

		Average		
Level	Total	Supplemental/ Restricted	Basic/ Unrestricted	Teacher Salary
School Site	\$7			\$74,071
District	\$7 \$6		\$7,323	\$69,183
Percent Difference: School Site and District	7			2.6
State	\$5 \$6		\$5,537	\$69,704
Percent Difference: School Site and State	6			4.3

Supplemental/Restricted expenditures come from money whose use is controlled by law or by a donor. Money that is designated for specific purposes by the district or governing board is not considered restricted.

Basic/Unrestricted expenditures are from money whose use, except for general guidelines, is not controlled by law or by a donor.

For detailed information on school expenditures for all districts in California, see the CDE Current Expense of Education & Per-pupil Spending Web page at http://www.cde.ca.gov/ds/fd/ec/. For information on teacher salaries for all districts in California, see the CDE Certificated Salaries & Benefits Web page at http://www.cde.ca.gov/ds/fd/cs/. To look up expenditures and salaries for a specific school district, see the Ed-Data Web site at: http://www.ed-data.org.

Types of Services Funded (Fiscal Year 2012-13)

This section provides specific information about the types of programs and services available at the school that support and assist students. For example, this narrative may include information about supplemental educational services related to the school's federal Program Improvement (PI) status.

The district's general fund includes monies for:

- 1. General operations—services, materials, and support to the general education
- 2. Special education—programs offering appropriate, individualized education to students with special needs
- 3. Gifted and Talented Education—specialized learning assistance for students with high ability, achievement, or potential
- 4. Special projects-monies from agencies (e.g., federal, state) earmarked for specific services
- 5. Transportation
- 6. Maintenance and operations
- 7. District administration

Each school in the district receives an instructional budget based on enrollment, programs, and on formulas set by the Board of Education policy, state law, agreements with employee bargaining units, and guidelines of outside funding agencies.

Teacher and Administrative Salaries (Fiscal Year 2011-12)

Category	District Amount	State Average for Districts In Same Category

Highest Teacher Salary	\$84,816	\$85,735
Average Principal Salary (Elementary)	\$115,116	\$107,206
Average Principal Salary (Middle)	\$122,304	\$111,641
Average Principal Salary (High)	\$126,458	\$122,628
Superintendent Salary	\$235,000	\$225,176
Percent of Budget for Teacher Salaries	40.0%	38.3%
Percent of Budget for Administrative Salaries	4.8%	5.1%

For detailed information on salaries, see the CDE Certificated Salaries & Benefits Web page at http://www.cde.ca.gov/ds/fd/cs/.

XI. Instructional Planning and Scheduling

Professional Development

This section provides information on the number of days provided for professional development and continuous professional growth in the most recent three year period. Questions that may be answered include:

- What are the primary/major areas of focus for staff development and specifically how were they selected? For example, were student achievement data used to determine the need for professional development in reading instruction?
- What are the methods by which professional development is delivered (e.g., after school workshops, conference attendance, individual mentoring, etc.)?
- How are teachers supported during implementation (e.g., through in-class coaching, teacher-principal meetings, student performance, and data reporting, etc.)?

Research supports the positive effects of professional development on increasing student learning. The teaching staff is afforded the opportunity to participate in both District and site-sponsored professional development. These workshops are presented in a semester or year-long series and support a wide variety of professional development. These include the use of effective instructional strategies, implementing the use of computer technology in teaching and learning, critical thinking, writing and mathematics strategies, effective use of assessments, positive discipline in-services, and multicultural training. The current focus of professional learning time is on the Common Core State Standards. Every month the teaching staff participate in 1.5 to 4 hours of technology training during the school time-banking with an emphasis on iPads. The courses are based on teacher survey and input and are taught by District instructors.

Teachers and administrators are actively involved in professional development activities at the school, district, state, and national level. The Poway Professional Assistance Program (PPAP) provides support for new teachers. Teachers are encouraged to participate in the National Board Certification process and recognized by the Poway Unified School District when they earn NBCT status.

Additionally, the District has recently branched into a variety of online learning communities such as PD360 and Edmodo, which offer flexibility in the types of professional development and allow teachers to self-direct their ongoing professional learning.
