Executive Summary

PART 1 - Executive Summary: Mission

The Federal Aviation Administration (FAA) is a component of the U. S. Department of Transportation (DOT). Its continuing mission is to provide the safest, most efficient aerospace system in the world. What sets us apart is the size and complexity of our infrastructure, the diversity of our user groups, our commitment to safety and excellence, and our history of innovation and leadership in the world's aviation community. Our long-term vision is a transformation of the Nation's aviation system in which air traffic will move safely, swiftly, efficiently, and seamlessly around the globe. Flights will take off and land on time, every time, without delay and there will be no fatal accidents. Air travel will be routine and uneventful for everyone involved: passengers, crews, ground support, and communities. Costs will be contained for both operators and passengers, and there will be no negative impact to the environment. Manned and unmanned flights will each achieve safe flight, as will commercial launches to space.

Results of the Agency's Annual Self-Assessment

The agency conducted its annual self-assessment against Management Directive (MD) 715 "Essential Elements." FAA has met almost all of the measures successfully. The following highlights the agency's FY 2012 Equal Employment Opportunity (EEO) self-assessment results.

Essential Element A: Demonstrated Commitment from Agency Leadership

- In May 2012, Administrator Huerta affirmed his commitment to EEO and diversity at the FAA by issuing his policy statements and reinforcing with a video in support of EEO, diversity, and a workplace free of discriminatory harassment. Additionally, the FAA Administrator issued an EEO Awareness Day Proclamation and video.
- Annually, FAA issues a reminder to all management regarding their responsibilities to communicate their commitment and to post EEO materials throughout their organization. FAA websites also contain all pertinent legally required information on EEO Programs.
- EEO critical elements are included in all executives, managers and supervisors' performance plans. Additionally, FAA has a Table of Penalties that includes disciplinary actions to specifically address EEO violations. FAA also conducted extensive training to ensure that managers and supervisors are aware of their responsibilities to provide employees reasonable accommodations and report requests in a timely manner. FAA established a Reasonable Accommodation Team (ReAcT) as an advisory and consultant body to assist managers with complex reasonable accommodation requests. Additionally, FAA established an efficiency measure that 90% of reasonable accommodation requests be processed within 25 business days which was successfully met in FY 2012.

Essential Element B: Integration of EEO into the Agency's Strategic Mission

- The Assistant Administrator for Civil Rights (ACR-1) is under the direct supervision of the Agency Head. FAA also has 12 field EEO Directors that report directly to ACR-1.

- ACR-1 attends weekly meetings to inform the Agency Head and other top management officials of the effectiveness, efficiency, and legal compliance of the agency's EEO program.
- Destination 2025, the FAA's strategic plan, creates and fosters a workplace of choice marked by integrity, fairness, diversity, and accountability.
- The strategic plan includes effective recruitment and talent management strategies to attract, retain, and develop a highly skilled and diverse pool of employees and management.
- In May 2012, FAA issued an updated Equal Employment Opportunity (EEO) Program Order 1400.8A which affirms the FAA's commitment to preventing and eliminating discrimination.
- FAA identified a deficiency on examining at regular intervals hidden impediments to EEO. In FY 2012, FAA created an action plan and schedule to examine policies, procedures and practices to identify any hidden impediments and to ensure EEO compliance in all programs.
- FAA's Office of Civil Rights (ACR) has limited staffing and funding. However, in collaboration with other FAA lines of business, ACR secured funding to conduct barrier analyses for certain job series. Within existing resources, FAA met its EEO legal obligations as indicated in the measures.
- FAA has three full-time Special Emphasis Program Managers. The Office of Human Resources (AHR) manages other special emphasis programs as part of their Minority Serving Institute Program initiatives.
- A deficiency was identified in the agency's ability to fund major renovation projects to ensure Uniform Federal Accessibility Standards (UFAS) compliance. The plan contains several actions and strategies to address this matter.

Essential Element C: Management and Program Accountability

- ACR-1 chairs a bi-monthly EEO Action Committee meeting, whose primary purpose is to monitor EEO programs and develop short and long-term goals on how to meet EEO and diversity and inclusion requirements. This committee includes an executive representative from each line of business and staff office (LOB/SO).
- ACR-1 conducts monthly meetings with all the heads of each LOB to discuss EEO activity within their organization. Additionally, there are weekly meetings between the FAA's ACR, AHR and the Office of the General Counsel (AGC) to discuss EEO matters.
- In FY 2012, there were six findings of discrimination. The FAA's ACR, AHR, and AGC reviewed the decisions and case files for corrective actions.

Essential Element D: Proactive Prevention of Unlawful Discrimination

- FAA continues to evaluate whether barriers to the realization of a Model EEO Program exist. In FY 2012, FAA procured a contractor to conduct a barrier analysis of the Air Traffic Control Specialist (2152 job series) hiring process. The 2152s represent the largest job series at the FAA. Agency officials from the Air Traffic Organization (ATO), AHR, and AGC were consulted throughout the process. The final report is expected in FY 2013.

- EEO data is tracked continuously to enable the FAA to conduct a thorough statistical analysis that looks at the impact of policies, practices, and procedures on EEO.
- FAA identified a deficiency in its ability to conduct trend analysis of personnel policies, practices and procedures. As indicated in Element B, the FAA has developed an action plan and schedule to remedy this deficiency.
- FAA has a very robust Alternate Dispute Resolution (ADR) program. Each LOB/SO has placed a goal in their business plan to ensure that 30% of all managers engage in mediation upon the employee request.

Essential Element E: Efficiency

- FAA utilizes the iComplaint system that was selected by DOT as its complaint tracking system. FAA also utilizes the e-Complaint on-line system to provide employees 24/7 on-line access to file an EEO complaint. ACR prepares a quarterly report (documenting activity and complaint bases) for distribution to the heads of each LOB/SO.
- ACR established an efficiency measure to ensure that EEO counseling is completed within 30 days unless the aggrieved employee agrees in writing to an extension. The efficiency measure was to ensure that 75% of all EEO Pre-Complaints were processed without an extension. FAA met the goal by processing 88% of complaints without extension.
- FAA has full-time dedicated EEO Counselors and a small cadre of collateral duty Counselors. EEO Counselors and Mediators receive annual training to ensure their skills and knowledge is current and relevant.
- The FAA has an established ADR Program. ADR is immediately offered to all employees that initiate an EEO complaint. FAA managers receive information on the cost/benefits of early resolution through the ADR Program. Officials involved in the mediation process are required to identify settlement authorities in advance of mediation. Any settlements reached (in principle) are coordinated with AHR and AGC to ensure legal compliance. ADR usage increased over the last couple of years: from 27.7% in FY 2010 to 39.03% in FY 2012.
- FAA reestablished a review process (Matrix Team) to support management in taking a proactive look at EEO complaint activity and determining how to resolve the issue at the lowest possible level.
- FAA complies with EEO complaint data collection requirements and conducts quarterly data analysis of EEO complaints to identify trends.

Essential Element F: Responsiveness and Legal Compliance

- FAA posted statistical complaint data on the website in compliance with the No FEAR Act requirements.
- FAA's ACR also conducts on-site facility assessments to ensure a Model EEO Program. In FY 2012, ACR conducted six facility assessments.
- The FAA timely implements necessary corrective actions such as facility postings, trainings, and reviews disciplinary actions as appropriate.

Executive Summary: Workforce Analyses

In FY 2012 FAA had a total workforce of 47,739 compared to the 48,346 employees in FY 2011.

In the beginning of FY 2012, the FAA employed 48,364 workers compared with 47,739 workers at the end of FY 2012. Therefore, during the course of FY 2012, the agency experienced a net loss of 625 employees or a net rate change of -1.29%.

During FY 2012, the number of FAA permanent and temporary employees reporting targeted disabilities reflects a negative change of -6 employees (FAA On-Board: 0.58% versus the Federal High: 2.95% resulting in a net change -2.11%).

Summary of Fiscal Year 2012 Accomplishments

While the FAA has made significant progress in FY 2012, all of the focus areas in Part I of this report will carry over into FY 2013. The focus is on the recruitment and retention of women and minorities in the Air Traffic Control Specialist (2152), Aviation Safety Inspector (1825), and Airway Transportation Systems Specialist (2101) occupations. The FAA began a barrier analysis of the 2152 series hiring procedures in FY 2012 with a scheduled completion in FY 2013. In FY 2013, the agency intends to initiate a barrier analysis of the 2152 series Phase 2 from training to Certified Professional Controller, the 1825 series hiring process, to be followed by the 2101 series.

During FY 2012, FAA implemented a number of corporate-level initiatives to continue support for the Agency's Model EEO program required by MD 715, including:

- Collaborating with FAA AHR, Departmental Offices of Civil Rights and Human Resources by developing a strategic plan to support Executive Order 13548: Increasing Federal Employment of People with Disabilities. DOT's plan was submitted to the Office of Personnel Management (OPM) for approval on April 11, 2012. The plan included specific hiring goals for people with disabilities (PWD) and people with targeted disabilities (PWTD) and plans to create a training module for all AHR specialists on the subject of on-the-spot hiring authority.
- Setting up and meeting an efficiency measure to process 90% of its reasonable accommodation requests within the 25 day timeframe, as set forth in the agency reasonable accommodation procedures.

In FY 2012, the FAA trained 9,972 managers and employees on several EEO training topics. Additionally, 100% or 1,166 new Air Traffic Controllers and Airway Transportation System Specialist students (two of our largest job series) hired received training in EEO principles as part of the No FEAR requirements.

FAA identified several deficiencies in its Self-Assessment. Objectives-Action Plans were developed (Part H) to address these deficiencies. FAA developed a process in accordance with the requirements of MD 715 to conduct additional trend and barrier analyses of the agency's mission critical occupations by race, national origin, sex and disability based upon the data gathered in the refined data tracking system. FAA will continue to monitor its compliance with the UFAS at its facilities. Additionally, the National People with Disabilities Program Manager updated the "Hiring and Accommodating People with Disabilities" training module.

Several objectives were identified in Part I, focusing on recruitment, retention and selection of Aviation Safety Inspectors (1825), Air Traffic Control Specialist (2152), and Transportation Specialists (2101) to examine existing policies, procedures, and for any potential barriers. Additionally, goals have been set using Part J, regarding PWTD in an effort to meet or exceed the 3% hiring goal. Finally, the FAA plans to conduct several additional barrier analyses within the next few years.

Policy Statements

*ADMINISTRATOR'S
POLICY STATEMENT ON...*

NON-DISCRIMINATION

The Federal Aviation Administration is committed to compliance with all anti-discrimination laws, regulations and policies. We have zero tolerance for discrimination in the workplace on the basis of race, color, religion, sex (including pregnancy and gender identity), genetic information, national origin, age, disability (mental or physical), sexual orientation or reprisal for participating in protected Equal Employment Opportunity (EEO) activity.

One of the goals in our agency strategic plan is to achieve organizational excellence. Ensuring that everyone has an equal opportunity to participate, contribute, and advance is necessary to achieve this goal. To be a model EEO employer capable of attracting, developing and retaining a top caliber workforce, the FAA must strive to identify and eliminate any barriers that may impede EEO.

Discrimination on the basis of race, color, religion, sex (including pregnancy and gender identity), genetic information, national origin, age, disability (mental or physical), or sexual orientation is prohibited. Retaliation against any employee who files an EEO complaint or participates in the EEO process is also prohibited. Any discriminatory or retaliatory conduct is unlawful and violates FAA policy.

I expect all FAA employees to monitor their own conduct and behavior in the workplace and to act in conformance with applicable law and agency policy. I also expect any executive or manager who becomes aware of inappropriate or unlawful behavior or conduct to take immediate and appropriate action to stop the conduct and to prevent it from reoccurring. Employees who have engaged in or condoned unacceptable or unlawful EEO behavior or conduct will be subject to appropriate disciplinary action under the agency's Conduct and Discipline policy. Together, we must vigorously eliminate behavior that is discriminatory, harassing, or otherwise inappropriate to the workplace.

FEDERAL AVIATION ADMINISTRATION

ADMINISTRATOR'S POLICY STATEMENT ON...

THE PREVENTION OF HARASSMENT

The Federal Aviation Administration is committed to being a model Equal Employment Opportunity (EEO) employer. Harassment based on race, color, religion, sex (including pregnancy and gender identity), genetic information, national origin, age, disability (mental or physical), sexual orientation or reprisal for participating in protected EEO activity will not be tolerated. To achieve our strategic goal to have a model EEO workplace, the FAA must strive to eliminate any discriminatory harassment within our organization.

Harassment includes unwelcome verbal or physical conduct based on race, color, religion, sex (including pregnancy and gender identity), genetic information, national origin, age, disability (mental or physical), sexual orientation or reprisal for participating in protected EEO activity. Harassment becomes unlawful, where 1) enduring the conduct becomes a condition of continued employment, or 2) the conduct is severe or pervasive enough to create a hostile work environment. Harassment includes, but is not limited to: sexual advances or sexual favors; labels, epithets, slurs or negative stereotyping; threatening, intimidating or hostile acts; and jokes or other written or graphic materials (including electronic media) displayed or circulated in the workplace that degrades a group.

Sexual harassment is also unlawful. Sexual harassment involves unwanted or unwelcome sexual advances, requests for sexual favors, and other verbal or physical harassment of a sexual nature. Offensive remarks about a person's sex, or any other type of harassment that is based on a person's sex, is also considered sexual harassment.

I expect all FAA employees to monitor their own conduct in the workplace and to act in conformance with applicable law and agency policy. I also expect employees to report any harassment they may witness to the Administrator's Hotline, the Office of Civil Rights, the Office of Security and Hazardous Materials, or the FAA Accountability Board. In addition, any executive or manager who becomes aware of harassing conduct must take immediate and appropriate action to stop the conduct and to prevent it from reoccurring. Any employee who has engaged in unlawful harassment will be subject to appropriate disciplinary action under the agency's Conduct and Discipline policy.

Please do your part to prevent and eliminate discrimination and harassment in the FAA. Communicate this policy to others and demonstrate your support of the policy by modeling professional behavior in the workplace.

PART J, SECTION 6 - Strategies

DOCR has instructed FAA to use the format of the Part I form to include the goals for eliminating barriers for PWTD. The statements are labeled as Part J.

PART J, SECTION 7 - Accomplishments

People with Disabilities: Major accomplishments regarding people with disabilities are as follows:

- FAA participated on a panel for the Workforce Recruitment Program (WRP) kickoff event to speak about serving as a recruiter for the WRP. The event was attended by over 250 individuals from various federal agencies.
- The FAA National People with Disabilities program manager (PWDPM) authored an article for the FAA Managers Association quarterly magazine titled “Managing the Skies.” The article was about recruiting, hiring, and retaining people with disabilities.
- The FAA PWDPM attended the Naval Sea Systems Command (NAVSEA) Wounded Warrior Hiring and Support Conference. He also attended training sessions including the Veterans Administration’s Vocational Rehabilitation Program, Understanding Veterans Hiring Authorities, Integrating Veterans into the Workforce, and best practices on how to recruit, hire, train and retain wounded warriors.
- FAA hosted a meeting with employment specialists from MD, DC and VA vocational rehab offices to discuss how we can collaborate to increase the hiring of people with disabilities at the FAA.
- The FAA PWDPM created a handbook for managers outlining the overall picture of hiring PWTD at the FAA, information on the “On the Spot” hiring authority for hiring PWD, and information on resources to assist in the hiring of PWTD. The handbook is available on ACR’s internal website as a resource for managers and employees.

FY 2012 Efficiency Measure for Reasonable Accommodations

- ACR continues to monitor and provide weekly reports to regional Civil Rights Directors on open accommodation requests in the agency’s tracking system. These reports assist directors in ensuring requests are processed timely.
- Following are the agency’s increasing success rates (by fiscal year) in meeting the 25-day reasonable accommodation processing requirement:
 - FY 2010 – 80%
 - FY 2011 – 85%
 - FY 2012 – 90%
- The FAA PWDPM addressed the reasonable accommodation process on an AHR Employee Relations/Labor Relations (ER/LR) monthly conference call. Present on the call were ER/LR specialists from every regional office within the FAA.

Other Accomplishments for FY 2012

- Several ACR employees volunteered as recruiters for the Department of Defense/ Department of Labor (DoD/DOL) WRP. They visited five schools and interviewed over 50 students with disabilities for the WRP database. The WRP, co-sponsored by the US Departments of Labor and Defense, is a recruitment and referral program that connects federal sector employers nationwide with highly motivated postsecondary students and recent graduates with disabilities.
- The Office of Communications published an article about the FAA PWDPM and the People with Disabilities Program to help promote the program and everything that it does to increase the hiring and retention of people with disabilities.
- ACR participated in the Careers and Disabled Magazine’s Career Expo and collected 139 signatures at the event. ACR participated in the Rochester Institute of Technology Job Fair (Disability Outreach Event) and collected 59 signatures at the event.

Best Practices

- Veterans with Disabilities
 - Increased FAA's visibility by attending military sponsored job fairs and disseminating information about career opportunities directly to military installations.
 - Partnered with the Department of Veterans Affairs to participate in their Non-Paid Work Experience (NPWE) program. NPWE provides eligible veterans and service members the opportunity to obtain training and practical job experience. Several employees have been hired through this program.
- Reasonable Accommodation Team (ReAct)
 - FAA established the ReAct as an advisory and consulting board to assist managers with complex reasonable accommodation requests.
- Video Teleconference (VTC)
 - FAA was able to utilize VTC for outreach to colleges and universities. The use of video conferencing saved the agency over \$8,000.
- Educational Partnerships
 - FAA collaborated with the DC Mayor and K-12 public schools to create a STEM pipeline to motivate youths who want to become STEM professionals.
 - Student Minority Mentees Program – The FAA's continued partnership with the University of Maryland, College Park and University of Eastern Shore allowed 17 students to obtain college credit through their participation in the mentorship program.
 - ACR develops and maintains educational partnerships with middle schools, high schools, and colleges. These educational partnerships focus on the Science, Technology, Engineering, and Mathematics (STEM) fields, and encourage students to pursue an education in STEM-related fields, and ultimately, a career in a STEM-related area with the FAA. Through these educational partnerships and outreach activities, ACR provides and educates students about career opportunities at the FAA and the requirements for these career fields.
 - ACR and members of the National Outreach Program for Diversity and inclusion worked on the planning, implementation, and coordination of the YMCA 18th Annual Thingamajig Convention at the Show Place Arena in Upper Marlboro, MD. The event was attended by over 4,000 students and aimed to promote education, creative expression, healthy habits, and self-confidence through hands-on challenges and activities. The event targeted students from the ages of 5-14 and emphasized the importance of science, technology, aeronautics, engineering, mathematics, and active fitness.
- EEO Matrix Team
 - The EEO Matrix Team review process was implemented to reduce the number of formal EEO complaints by providing procedural guidance to management officials addressing EEO matters. Management officials are encouraged to use this process as a tool for working through EEO matters.

- Leadership & Career Development Team (LCD)
 - LCD provides resources and tools to assist employees with their career development planning. The information helps employees see the varying paths toward achieving their career objectives.
The LCD partnership is confident that through recommendations a talent management model, proposing initiatives in succession planning, career progression, employee development, selection, and performance management, employees will come to realize that the FAA is an agency where employees can meet their career objectives. The LCD has developed a series of recommendations designed to enhance career opportunities available to all employees, while improving performance and increasing safety.
- Diversity and Inclusion Tiger Team
 - FAA formed a Tiger Team to develop a comprehensive strategy to increase outreach, diversity, and inclusion in its workforce. In addition, the Office of Aviation Safety (AVS) created their own Tiger Team to identify the causes, and make recommendations about improving the diversity of the AVS workforce. The team created a 5-year Diversity and Inclusion Work Plan to develop a robust talent pipeline. The work plan represents the AVS management team's commitment to recruit, hire, and retain a qualified, diverse workforce that better mirrors the nation we serve and continue to abide by anti-discrimination laws.
- EEO Awareness Day
 - On June 7, 2012, the FAA Administrator Michael P. Huerta provided a video for EEO Awareness Day. Mamie Mallory, Assistant Administrator for Civil Rights provided some insightful opening remarks. Our keynote speaker, Joe Gerstandt, co-founder of Talent Anarchy serves on the board of directors for the Global Diversity and Inclusion Foundation, a nonprofit that focuses on developing business leaders who create value for the communities where they work and live.

- Conducted *UFAS / Section 504* or *ABAAS Facility Accessibility Surveys* of 44 FAA facilities and transmitted the reports to the facility managers and Program Offices;

The Facility Accessibility Program Office conducted *UFAS / Section 504* or *ABAAS Facility Accessibility Surveys* of 44 FAA facilities and transmitted the reports to the facility managers and Program Offices during FY 2012. The forty four surveyed facilities had a combined staffing of 1379. The surveyed facilities were office spaces and air traffic control facilities. Construction of these facilities was completed between from the 1957 to 2011. The older facilities have been altered, expanded, and modernized over the years; however there are still large areas of unmodified original construction. The facilities surveyed are listed below with their staffing.

The reports that were transmitted to the facility managers and Program Offices included a spreadsheet of items not in compliance with UFAS / ABAAS or items that were designated as "Section 504" which would be required to ensure Program Access at the facility. The reports included suggested remediations per ABAAS. The Section 504 items were designated separately to allow those items to be prioritized and expedited to provide Program Access for the facility. In general, the facilities had structural modifications made to provide access for people with disabilities. Due to geographic dispersion, facility layout and purpose, and age of the facilities; the facility modifications varied both in their adherence to UFAS / ABAAS. The facilities built or modified after UFAS and ABAAS training was provided by the Facility Accessibility Program Office have been substantially in compliance with the applicable accessibility standard.

To date the Facility Accessibility Program Office and the Regional Accessibility Focal Points have conducted 271 facility surveys with a total staffing of 29,646. In addition, the Terminal Facilities Group has included UFAS / ABAAS compliance in 103 Government Transition Evaluations and 181 Condition Assessments. A total of 555 FAA staffed facilities have been surveyed for UFAS / ABAAS compliance.

The surveys conducted to date show that restrooms continue to be the primary area of concern. This is due to a combination of design and installation errors over the years. The older facilities have modified toileting areas over time. Many of the errors were caused by individuals knowing that improvements were required but not knowing which standards to follow. The lack of knowledge is being remedied by providing ABAAS training, but there are still areas of concern that need to be identified and corrected during on-going modernizations and other project work. Other areas that have been found to be problematic are: Emergency Egress and Areas of Rescue Assistance, locker rooms and showers, routes of travel (interior and exterior), and older (but still post August 12, 1968) construction and installations.

Disseminated GSA / Access Board implementation information and requirements for the Architectural Barriers Act Accessibility Standard (ABAAS):

The Facility Accessibility Program Office has developed e-mail lists of individuals who have attended UFAS or ABAAS training classes, Regional Accessibility Focal Points, and interested individuals. These lists are used to disseminate information and updates from GSA and the Access Board within the FAA.

Conducted two classes on Real Estate Contracting Officer specific responsibilities in complying with ABAAS:

The FAPO conducted two classes for Real Estate Contracting Officers on the "ABAAS Requirements for Parking and Restroom Specific Issues" for new or renewing leases. In response to additional concerns raised by the FAA Real Estate Contracting Officers, the FAPO

developed a class on “Accessible Route; Doors; Drinking Fountains; Break Room Requirements” that will be presented during FY13.

Served as a resource to the FAA to resolve issues involving facility accessibility and ABAAS compliance:

Served as a point of contact for the FAA program offices, architects, engineers, space coordinators, and real estate personnel for issues involving facility accessibility and ABAAS compliance.
