

Rate This!

Allstate®
Treasury-Linked Annuity

T-Link's current rate is 4.40% for 5 years, guaranteed!

Rate requires \$100,000 deposit. 4.15% for amounts less than \$100,000. Rates effective 4/03/06 – 5/07/06.

That rate has the potential to go even higher based on the upside performance of the 5-year U.S. Constant Maturity Treasury Rate (CMT).

CONTRACT YEAR	5-YEAR U.S. CMT RATE (beginning of year)	T-LINK CREDITED INTEREST RATE
1	4.70%	4.40%
2	4.20%	4.40%
3	5.60%	5.30%
4	6.40%	6.10%
5	6.70%	6.40%

**Requires \$100,000 deposit. Chart is hypothetical and for illustrative purposes only. Does not include the Return of Purchase Payment Guarantee Rider. Assumes no withdrawals are taken during the guarantee period.*

In this hypothetical example, the Treasury rate starts at 4.70%. This is the starting point for all additional interest calculations:

- In the years where there is an increase from the initial Treasury rate, the amount of the increase is added to the base rate of 4.40%
- In the years where the initial Treasury rate decreases, the decrease does not affect the base rate, the contract is credited 4.40% for the year
