The best part of working at Precision is watching your child's progress in class and the fun that they are having. From time to time we take photos of various happenings in our gym. These photos may be posted on the bulletin boards in our gym or used in a Power Point (or similar) program to play in <u>our</u> Observation Room. When we have exceptional photos, we like to make copies of them and give them to that child's parent(s). We do NOT pass out your child's image to anyone without your <u>expressed</u> permission. We will NOT use your child's image on our website without your permission unless the image is such that your child is not identifiable (i.e., a shot from across the gym of a group of children whose faces cannot be identified, or perhaps a blurred action shot). We are parents too, and have the same concerns as you.

With this in mind, do we have permission to take photos (or digital images) of your family?

Yes, you have my permission	•
