Multiple Programs within the Same Facility

*NAEYC Accreditation is granted to the overall program, and will not be granted to individual classrooms within a program. Throughout the NAEYC Accreditation process, all eligible groups a program serves must be reported and may be observed during a site visit. **This includes groups within the program that operate during the summer and after-school care groups.***

A group can only be excluded from a program's NAEYC Accreditation if it is part of a separate program that has a separate public identity. A program pursuing NAEYC Accreditation must notify NAEYC of all separate programs that operate within its facility and be able to demonstrate a separate budget, administration, license and/or other criteria.

Complete the information below to inform NAEYC of other programs that operate within your program's facility.

My program is the only program that operates within its facility. Yes No

NOTE: If "yes" is checked above, and your program offers a summer camp option or after-school care groups, these groups must be reported and may be observed during a site visit.

In addition to my program, one or more programs operate within the same facility. Yes No

If yes, use the space below to list other programs that operate within your program's facility and describe how other existing programs are separate from your program. Include relevant information about how all other existing programs have a separate name, budget, administration, and/or license from your program.

If necessary, you may attach an additional page to continue your description of separate programs that operate within your program's facility.

FEES FOR NAEYC ACCREDITATION

The Enrollment fee is nonrefundable. This form will not be processed until NAEYC receives the applicable fee.

\$450	1 - 60 children
\$575	61 - 120 children
\$700	121 - 240 children
\$825	241 - 360 children
Add \$100 for every additional 120 children.	

Currently, NAEYC has a scholarship fund available to programs in financial need. If your program is interested, please review the [scholarship requirements](#).

The accreditation fee is calculated based on the number of children enrolled in a program at the time this form is submitted. If the number of children changes for a defined portion of the year (for example, altered program operation during the summer), the program should report the number of children that typically applies throughout the majority of the school year. Programs will be billed for supplemental fees (according to the chart above) if program enrollment is inaccurately reported during the accreditation process.

Reference the following rules to determine the number of children that determines the accreditation fee for your program.

- Each child is only counted once.
- Each child of eligible age (birth through kindergarten) that is part of an eligible group is counted. All eligible groups MUST be included in your program's NAEYC Accreditation. Note that groups are not eligible if more than 50% of the children are school age (first grade and beyond).
- For programs with hourly care or drop-in care groups in which the total number of children enrolled in the group exceeds the maximum licensing capacity of the group, only the maximum licensing capacity of the group is counted. Add the maximum licensing capacity of any drop-in care groups to the total number of children, if applicable.

Infant (birth to 15 months)	
Toddler/Twos (12 to 36 months)

RESEARCH PARTICIPATION

Information gathered on our application forms and during the site visit will become part of a national data base of early childhood knowledge. As we put together information about programs across the nation we will be able to fully describe aspects of early childhood programs in ways that have never been achieved before. Ideas that emerge from the work of programs will guide professional development, research, and program development. At no time will individual programs, teachers, children or families be identified in any way. In keeping with the professional ethics of Institutional Research Boards in universities, NAEYC is committed to keeping work of individual programs confidential.

Programs may have opportunities to engage in research projects, but will at that time be fully informed of the scope and nature of the project. If you have concerns about the use of information gathered during the accreditation process, please email qualityassurance@naeyc.org.

By providing this voluntary demographic information, your program provides data that helps NAEYC gain a better understanding of how criteria are met and whether certain criteria pose challenges for programs with various characteristics. This information is used for continuous quality improvement and guides professional development, research and program development.
